Business Briefs
By H. David Murray
Ethiopians everywhere,
We must feel our brothers' care;
And on business swelling tide,
Show the world our racial pride;
Interdeal whene'er we can,
Help advance our fellowman;
Other races play this game,
And we, too, must do the same.

Mr. P. H. Robb, former proprietor of the Peoples Lunch Room, 3415 State St., has gone into the grocery business at 551 East 45th Pl.

We are told that the wholesomeness of the many good things served at The Maxey, 337 E. 35th St., are equally as gratifying to the taste and appetite as the general sanitary appearance of the place is to the eye.

Mr. S. M. Moore, the popular credit jewelry salesman, representing Loftis Bros. will be pleased to show you his splendid line of the newest things in personal adornments. Call Kenwood 6905.

DO YOUR BANKING WITH YOUR OWN INSTITUTIONS

R. W. HUNTER & CO. BANKERS

The Largest Colored Banking Institution In the World

4757 S. State St. 3003 S. State St. 1801 W. Lake St.

They are the only banking institution in the United States that employs 46 young colored American citizens, as clerks, tellers, cashiers, brokers and investors. They hire young colored ladies and men for clerks, and not janitors. One

dollar starts a savings account; 50 dollars starts a checking account. They do general banking the same as any bank in the United States. Their checks are honored all over the United States, and their drafts on all parts of Europe.
