PETER EGAN
would respectfully announce to the citizens of Ottawa and vicinity that he has one of the choicest Livery Stocks in the city, at the City Stables, such as the **Latest Styles of Hacks, Carriages and Buggies**, to let at prices to suit the times. Parties, weddings, funerals, picnics, &c., supplied with good rigs on short notice. Funerals in the country or adjoining towns promptly attended to. Persons desiring to rent from the depot, or to the country night or day. Remember the place—on Main street, east of side cut, one block west of new court house. PETER EGAN.

A Late Season.
The great advantages offered at H. J. GILLEN'S summer slaughter are creating more and more attention as they become more generally appreciated. Such marked reductions in the height of the local season (though in the wholesale line the season was very late when these goods were purchased) are quite unusual, and people will be skeptical until convinced of error. But now the few skeptics are being rapidly convinced and feel the advantages of late purchases,—when the profits are divided with the customer, as is the case at this house.

There have been some late arrivals in new goods—purchased under the same favorable circumstances, among which we notice—
Something specially choice in French Bunting, colored and black.
Something new in Lace Bunting.
All new shades in satens at a marked reduction in price.
Nuns' Veiling in all the new shades.
More novelties in hosiery, gloves, parasols, fans,—making a much handsomer stock at lower prices than has been shown at any time during the season.

Something new in shawls, in cardinal, cream and blue, at prices that cannot be met. (The general shawl stock, by the by, is very large and complete, and offered at prices that are making large sales.)
New dress goods, including lawns, organdies, linen lawns, &c. Something choice in lawns, as low as 6 1/4c.

We repeat the fact, to impress it on the memory, that in all departments these unusual inducements will be offered during the short time remaining of the season, until the 4th of July (in which the boot and shoe house and grocery department are included) and cordially recommend our readers to call and see for themselves what Mr. GilLEN is doing.

The carpet line, though badly cut, is still offering some choice bargains, among which are some new patterns just received, and a new list of prices will be found throughout. In curtains and curtain materials this house is certainly showing the finest assortment in La Salle county.

The Domestic sewing machine is winning golden opinions every day.

Is Coming.
The grand success of the last "extra" present has prompted the American Tea Co. to give on Saturday, June 23d, an "extra" far surpassing anything yet given their Ottawa customers. A large case, 5,000, are ready for Saturday, and if any are left they will be given away the following days. This is special to exhibit the fine teas now sold in the Tea Store.

Lesson in Elocution.
Mrs. E. G. Osman (nee Lottie Clark) will receive a number of pupils in the art of reading or public speaking. A five-year-old daughter of Charles Pyles, of the first ward, was thrown from a wagon on Main street on Thursday and injured slightly, but badly frightened. The nervous shock and its consequences were fearful to behold. The accident was caused by the wheels of the wagon dropping into an unprotected ditch near Clinton street.

Gallant Rescues.
There can be something heroic in a medicine as well as in individuals. Burdock Blood Bitters have effected many a gallant rescue among the suffering sick. Thousands have escaped the miseries of dyspepsia and nervous debility through the use of this wonderful medicine. It is emphatically the best stomach and blood tonic in the world.

The A. O. H. of this city will give a grand ball at Will's Hall on the evening of July 4th. It is needless to say this announcement will be received with pleasure by hundreds of young people hereabouts. It's hard to find anyone who can make a dance pleasanter than the A. O. H. can.

Before coming home all the guests were taken through the penitentiary and shown the sights. It is whispered among the initiated that a school of instruction will be given in this city some time during the summer by the Grand Lodge officers.

The Assessment.
The board of town auditors will meet at Squire Lockwood's office on Monday next and be in session all day for the purpose of correcting the assessment. As the work has been done this year by two assessors and in both cases under adverse circumstances, taxpayers should be particular to call and see that no mistakes have been made in their individual assessments.

The city board of education have rented new and pleasant rooms in Kneuss's block, which they now occupy, and where the superintendent will hereafter have his headquarters. During next week the written work of the entire city schools will be on exhibition in these rooms, and the public are heartily invited to call and see what the children of Ottawa are doing. We are of the opinion that our schools, like nearly all other things pertaining to the city, are a little ahead of any in this part of the state.

Jacob Henley, living near Ottawa, exhibited, one day this week, two hen's eggs that had been laid a day or so before, one of which weighed 45 ounces and the other 50 ounces.
If any of our readers can show a more exaggerated specimen of hen fruit we should be exceedingly well pleased to see them. We should like a dozen or so of just such, for which "we will pay the highest market price."

We desire to call the attention of all lovers of Good Bread to the "Silver Cloud" and "Hungarian" brands of Flour, manufactured by us. These Flours are made from the choicest wheat that can be procured. By a scientific admixture of No. 1 hard Minnesota spring wheat with the winter wheat, we produce a Flour possessing all the advantages of each kind. The "Silver Cloud" is worthy of its name, and makes the whitest of flaky loaves, though it is especially adapted to pastry, biscuit, rolls, etc. The "Hungarian" is our greatest and best known brand, because it is the great bread-making flour, producing as it does a white, moist, nutty flavored loaf. Ask your grocer for either brand. You will be well pleased.
