Grand White Opening in Millinery Dept.

A WHITE SEASON

This is the term that is used by the large Millinery Houses in referring to the season that is now almost upon us.

Realizing as we did some weeks ago that the demand for white in Headwear would, this season, be unusually large, we have made extensive preparations, that when we announced our "White Opening" we might have a stock on hand that would surprise and delight our patrons.

We herein assure you that our object has been realized, and that never in Panamas, Leghorns, Milans, etc., have we shown more charming effects.

Georgette facings, entire Georgette Hats, Wings, Flowers, etc., — in fact, it is useless to attempt to go into details, as the display is most comprehensive — simply consider this as a personal invitation and "come and see."

Fine selection of Panamas, etc., for the children.

Do You Want A BICYCLE?

Step into the Hardware Dept. and get there quickly.

We have some real interesting offers to make you. Don't miss it.
