DO YOU WISH TO BUY AN AUTOMOBILE? We can supply you with any make, even though we do not handle the one you have thought of buying, or could purchase. In every case, first consult us before placing your order or closing a deal, as we will be able to give you the service at home, and can arrange to purchase the machine for you. We will also teach you how properly to care for same, and how to drive it without meeting with the various accidents which are due to neglect or carelessness, and which, in a large degree, are the direct results of ignorance in handling the car.

THE GARAGE AND MACHINE SHOP is prepared to do general machine shop work. We also do oxy-acetylene welding, the work being done by an expert who can weld anything which it is possible to weld: if not, he will tell you so before attempting it. We weld cast iron, steel, aluminum, brass, copper.

WE HAVE AUTOMOBILES TO SELL, BOTH NEW AND SECOND HAND. Call and see us.
