Christmas Presents

People often have quite a difficulty in deciding what to buy for Christmas presents. One is not able to call to mind the numerous articles that would be suitable or appreciated. A great deal of money is usually spent on useless articles at this season, the same money would have bought something useful and more appreciable if the giver had known just what to have bought. It is our object to assist our customers as much as possible in this matter by mentioning each week a number of articles and giving the prices.

We will first mention larger items of the more expensive character that may take some planning to decide about. In some instances it is a good plan for the young people in the family to put together and buy their parents a much needed piece of furniture, such as a

- Push Button Easy Chair \$25.00 and up
- A Kitchen Cabinet 25.00 and up
- An Electric Table Lamp 5.00 and up
- A Sewing Machine Motor 15.00
- A Book Case with Desk 25.00
- This is an opportune time for a Phonograph, or a Piano, the latter can be arranged for easy payments.
- A Rug 3.00 and up
- A Library Table 13.50 and up
- A Dinner Set 7.50 and up
- A Sewing Chair 3.50 and up
