Do It Electrically

The age of Electricity is here. The wonderful achievements now being accomplished are truly astonishing, but doubtless there are still greater things ahead of us.

Today, a house with modern equipments has Electric Lights, Electric Washer, Electric Iron, Electric Sewing Machine Attachments, Portable Electric Heater, Electric Toaster, Electric Door Bell, Electric Cooking Devices of various kinds, including Oven or an Electric Cooking Range, all in one, Electric Reading Lamp, Electric Piano Lamp, Electric Fan, — even the Piano and Phonograph can be Electrically operated. Some people visit their friends Electrically, using the telephone.

When we consider that by just turning a button, one or all of these, and numerous other items, can be operated, we certainly may consider the Electrical Age is here.

How about your house? Is it wired so that you can turn some of these buttons on at your convenience? If not, 'phone to us. We shall be glad to give you an estimate for doing the job as it ought to be done. You can then add any of the Electrical conveniences, as you wish, without any extra expense, except the purchase of the article.

OUR ELECTRICAL DEPT. IS NOW LOCATED ON THE FIRST FLOOR IN THE HARDWARE DEPT. A SECTION OF THIS FLOOR WITH ONE WINDOW HAS BEEN FITTED UP FOR A COMPLETE ELECTRICAL DISPLAY OF ALL ITEMS PERTAINING TO THIS CLASS OF MERCHANDISE. YOU WILL FIND HERE A HANDSOME VARIETY OF UP-TO-DATE FIXTURES AND APPLIANCES — A THOROUGHLY COMPETENT ELECTRICIAN WILL BE IN ATTENDANCE. WE SOLICIT YOUR INQUIRY REGARDING ALL ELECTRICAL MATTERS.

DO IT ELECTRICALLY. PHONE 37.

Dept. Store Lunch Room

You are cordially invited to take lunch with us, we endeavor to supply a good wholesome home cooked lunch at a very reasonable price.
