THE CAUSE OF CHRISTIANITY.

Annual Meeting of the W. C. T. U.—Election of Officers for the Year.

W. C. T. U. The Women's Christian Temperance Union held its annual meeting in the rooms of the Young Men's Christian association yesterday afternoon.

A resolution was adopted by the society declaring its intention of working in perfect harmony with the National W. C. T. U. of the coming year.

The election of officers resulted as follows: President—Mrs. H. Kingsbury. Vice presidents—Broadway Presbyterian church, Mrs. J. W. Stewart; Episcopal church, Mrs. J. Boyle; Methodist, Mrs. J. D. Taylor; Baptist, Mrs. I. W. Read; Christian, Mrs. F. H. Kaupke; Central Presbyterian, Mrs. J. A. Reynolds; Presbyterian, Mrs. J. A. Reynolds; Secretary—Miss Alwilda Young.

Corresponding Secretary—Mrs. M. M. Sturgeon. Treasurer—Miss A. Fleming. Superintendent of Literature—Mrs. M. Cheney. Superintendent of Gospel meetings—Mrs. M. B. Hayes.

Assistant Superintendent of Gospel meetings—Mrs. E. P. Reynolds. Superintendent of Juvenile Work—Miss Ada Cooke.

It was decided that any member of the society attending the county convention in Moline next week will be considered a delegate.

A vote of thanks was tendered the Young Men's Christian association for the use of the rooms during the past year. The day of regular meeting was fixed for the second Wednesday of each month at 3 p. m.

COUNTY CONVENTION. The Women's Christian Temperance Union of Rock Island county will hold a convention in Moline June 17 and 18, next week.

The session will be held in the Congregational church, commencing at 2 p. m. on Wednesday and close Thursday afternoon.

Miss Mary Allen West, state president, will be present at all sessions, and will address a mass meeting on Wednesday evening. A large attendance is expected and desired.

W. F. M. S. The annual meeting of the Woman's Foreign Missionary society, of the Rock Island district, is in session at New Boston.

The exercises opened last evening with an address of welcome by Mrs. H. K. Metcalf, and a response in behalf of the society by Mrs. F. N. Luckey. After a brief song service, the report of the corresponding secretary, Mrs. M. C. Kregberg, was read and received.

Today's proceedings opened with devotional exercises led by Mrs. W. Woolley, followed by the annual address by the president, Mrs. J. W. Stark, of this city. Reports of other officers and auxiliaries were then received.

This afternoon papers were read on the following subjects: "Are the Heathen Lost Without a Gospel," by Mrs. Emma W. Wilson; "Missionary Catechism," by Mrs. A. G. Smith; and Rev. P. A. Cool; "Christianity, a Missionary Religion," by Miss Lina Yocumb. This evening the annual election of officers will occur, and an address will be made by Mrs. J. H. Caldwell, of Elkwood.

Progressive Euchre. The last of a series of progressive euchre parties was given at the Rock Island house on Tuesday evening by Mr. Ben E. Hall. Sixteen persons participated in the fascinating game, as usual. Mr. Phil Mitchell won the gentleman's first prize—a nicely mounted brierwood pipe. The lady's first prize—an imported China vase—was won by Mrs. W. S. Knowlton. Capt. and Mrs. T. J. Buford won the booby prize—winning the fewest games, which was a well known vegetable, labelled "your beet" for the gentleman, and an elegant fan for the lady. Lunch was served in the ordinary about 10 o'clock, and the evening was a most enjoyable one to all present.

At the commencement of the game each player was provided with a neatly lettered card, upon which the number of games lost and won could be recorded.

Tailors' Troubles. Before Justice Bennett yesterday, there was a civil suit to recover \$60 from J. B. Zimmer, the tailor on Second avenue. The plaintiff in the case is J. J. Preison, of Chicago, who on May 1st, last, made an agreement he claims, with Mr. Zimmer to teach him a new mode of cutting. He avers further that there was a verbal agreement between himself and Mr. Zimmer, by which he was to teach the defendant the theory for \$75, and at the end of five weeks Mr. Zimmer paid him \$15 of the amount.

Afterward, however, Mr. Zimmer became dissatisfied with Mr. Preison's pattern, and refused to hire him longer, or pay him more money, as there was no written contract between them. Mr. Preison therefore brought suit for \$60, and the verdict was in his favor. Notice of an appeal was given.

A Grateful Faculty. Yesterday afternoon President Hasselquist, of Augustana college, and President Carlson, of Augustana synod, together with Prof. Wagner, of the college faculty, called upon Mr. P. L. Cable at his mansion on East Fifth avenue and personally expressed their gratitude to him for his generous donation of \$25,000 to the college. The visitors were courteously received by Mr. Cable, and an hour was spent in pleasant conversation. This afternoon the directors of the college met and drafted resolutions, formally thanking Mr. Cable for his bountiful kindness, and attesting their appreciation of his great goodness.

Davenport. Davenport ought to wake up and have a boom this week. The fair city across the creek has not only the benefit of the State Firemen's Tournament, but the State Grove of Druids is also in session there.

PROPERTY PROTECTORS.

The Great Firemen's Tournament at Davenport—Yesterday Afternoon's Program—Election of Officers, Etc.

Yesterday afternoon the eleventh annual tournament of the Iowa State Firemen's association opened at Central Park across the river. A description of the imposing parade in the morning was given in last night's AROUS.

STEAM ENGINES. The first contest was for steam engines: the company to get up steam in the standard time. The result was as follows, and prizes were awarded accordingly: Council Bluffs, 4:46; Stuart, 11:43; Charitan, 10:06. For the longest distance, water thrown, prizes were awarded thus: Charitan, 270 feet, 3 1/2 inches; Stuart, 211 feet, 11 inches; Council Bluffs, 210 feet, 9 1/2 inches.

HOOK AND LADDER. In the trial of hook and ladder apparatus, conditions, run three hundred yards, raise and climb a ladder, the following was the score, and prizes were given accordingly: Stewart, 47 1/2 seconds; Wilton, 49 1/2; Tipton, 52.

THE EVENING MEETING of the association was held at Turner hall, the first business being the selection of a place for holding the next annual tournament. The names of three cities were placed in nomination—Dubuque, Marshalltown and Storm Lake. After many motions and counter motions were made, Mayor Glah, of the Key city, made a speech, saying that his city would give \$2,500 toward the next annual tournament if it was held there. A ballot was then taken, which resulted in the unanimous selection of Dubuque. The annual election of officers came next. P. Lacy, of Council Bluffs, was reelected president of the association by acclamation. Other officers were elected as follows:

E. E. Brainard, of Iowa City, first vice president. E. R. Teams, of Cedar Rapids, second vice president. George Von Doebren, of Davenport, third vice president. James Egrew, of Dubuque, corresponding secretary.

W. B. Temple, of Atlanta, recording secretary. A. Christy, of Des Moines, treasurer. Today the tournament continues at Central Park, and tonight Davenport will be ablaze with illumination in honor of visiting firemen. The tournament closes tomorrow night.

NOTES. George Alters, formerly of this city, now of Ft. Madison, and who has been in attendance upon the tournament, left for home on the "Q" road this afternoon. Mr. Alters is an old and experienced fireman, and did many years' service in the Rock Island department.

An excursion came in on the "Q" road this morning, from Sterling, Denroek and intermediate points. The train is composed of seven passenger coaches and a baggage car, and contained the Columbia fire company of Sterling, twenty members, together with between 250 and 300 other excursionists. The visitors put in this morning viewing the government works and other points of interest on the government island, and this afternoon went to Davenport to witness the tournament, returning home this evening.

The ferry doing an immense business, every trip bringing over firemen and other visitors to Davenport who are anxious to see all the points of interest here and in this region. The arsenal on the island is also the scene of a constant stream of strangers. The cars to Black Hawk's tower and to Moline and Milan are well filled each trip. There is a good deal to be seen in this locality and a good deal of interest, too.

Pleading for Alimony. The attention of the circuit court was taken today with the continuation of the arguments in the case of Ellen Erickson vs. Eric Erickson. The proceeding is but the preliminary step to a suit for divorce, the plaintiff having previously filed a petition for divorce, and now asks the court to grant her sufficient alimony to prosecute the suit. It seems that in February, 1884, the defendant left his home in Moline, giving at the time, his wife the power of attorney over his property. While he was away his wife transferred the trust to a friend—see Blanburg. Hearing of this Mr. Erickson returned, and took possession of his property himself. The wife filed a bill for divorce last fall, asking for a legal separation on the ground of cruelty. The plaintiff at the same time filed a cross bill against his spouse, charging her with adultery.

The action of the wife in asking for alimony is contested by the husband on the ground, that during his absence she drew \$2,000 of his money, the expenditure of a large portion of which she fails to give a satisfactory account of. J. T. Browning, of Moline, appears for the plaintiff and Oliver Olsen, of this city, for the defense. The suit pending will not check the divorce case on file.

Matrimonial. Mr. Wm. A. Glockhoff and Miss Mathilda Kurz will be united in marriage this evening at the German Lutheran church by Rev. C. A. Mennicke. Following the ceremony a wedding feast and reception will be held at the residence of the bride's father, Mr. Conrad Kurz, on Sixth avenue.

Mr. Fred Gall, of this city, was united in marriage to Miss Lucy Lester, of Joliet, at her home in that place last evening. The groom is a brother-in-law of Mr. Henry Lamp, and is engaged on the island as a stone cutter. The couple will reside here.

Record to be Proud of. The name of Louis Schnitzer was erroneously dropped from the roll of honor class of '85, of our public schools, as it appeared in Tuesday's AROUS. Master Schnitzer is a member of the 8th grade school, No. 2, and his name above all others should not have been omitted, as it is the second year in succession that he has been placed upon the roll of honor of his building, for being neither absent nor tardy during the year.

THE SCHOOL YEAR.

ADJOURNED MEETING OF THE BOARD OF EDUCATION—THE PUBLIC INSTRUCTORS.

The board of education met in adjourned session at 4 o'clock this afternoon. An important matter to come up is the appointment of the teachers for the coming school year. The present corps with the salary of each is appended, and it is thought there will be very little variation in the list this year:

Superintendent—S. A. Kemble, \$1,750 per annum. NUMBER 1. F. S. Muse, principal, \$600 per annum. E. P. Robinson, 500. Sarah Johnston, 500. Jennie A. Kane, 500. H. E. Henderson, 450. A. Dean, 500. P. A. Reynolds, 500. L. A. Reynolds, 450. L. A. Reynolds, 450. M. Omondou, 450.

A TRUE STATEMENT. Ex-Superintendent Kerr Replies to the Appearings of Superintendent Stafford.

To the Editor of the Argus: ROCK ISLAND, Ill., June 11.—In Sunday's Union, of June 10, A. T. Stafford, superintendent of the waterworks, in replying to charges made by the AROUS, questioning his management of the waterworks department, attempts to justify his action in contracting such a large bill for the month of May. In doing so he endeavors to shield himself by throwing slurs at myself and my management of the waterworks. A few of his statements are probably true, but the majority of them force me to question Mr. Stafford's veracity.

Firstly, Mr. Stafford says that David Carr was paid \$1.66 for firing the last night of my administration. Mr. Carr came to me and claimed pay for firing from 12 o'clock on the morning of May 1st, up to the time Stafford took charge. I referred him to the new superintendent, who paid him the bill. As Mr. Stafford took charge the first of May he was responsible for all bills contracted from that time.

Secondly, Mr. Stafford says that when he took charge of the waterworks building he found that the supplies of oil, rubber packing, castings for repairs of hydrants, sleeves for repairing broken mains, etc., were exhausted. This statement is utterly false, and sounds as though the superintendent was laboring under a fit of temporary insanity when he made it. The facts are that just two days previous to Mr. Stafford taking charge, I received one barrel of engine oil and 100 pounds of white waste, which was paid for in my April account. A barrel of glycerine oil, which I had ordered arrived two days after my departure, and should have been presented with last month's bill, but it has not yet been paid. This bill is over \$50. There should be enough oil at the building to last until Sept. 1st. So much for oil.

I also left the following supplies which were paid out of my last year's appropriation: One 16 inch valve, \$105; one 6 inch valve, \$22; one 4 inch valve, \$4; one new double fire hydrant, \$37; one set extra rubber valve on pump, \$2; two pieces of 16 inch pipe, about \$54; three pieces of 12 inch pipe, about \$54; one cord of rattlings, and several sleeves of different sizes, which can be found at the water works building now.

As regards the expenditures for coal, Mr. Stafford is in error. He says that \$145.75 of the bill should be charged to me. I left two carloads or \$26 worth unused, and this deducted from \$145.75 would leave \$119.75 belonging to my administration. This would leave Mr. Stafford's coal bill for the month of May \$213. My largest coal bill for any one month last winter was \$162, at which time I had to pay \$67 a car for lump coal. This bill is even \$51 less than Mr. Stafford's bill for May. He evidently believes in burning as much coal as he can.

Just previous to my turning over the works to Mr. Stafford I employed Mr. J. Rosenfield and he and I took the old gang pumps apart, repacked them and put them in good order and started them up. We got from 60 to 65 pounds pressure on the main, 70 pounds steam pressure, and 28-inch vacuum. On one occasion we ran the pressure up to 120 pounds on the old gang pumps. I never told Mr. Stafford the gang pumps were of no use to anyone, but told him they were in good repair, excepting the eccentric, which needed turning up. Now Mr. Stafford has the cheek to say that the gang pumps had not been used during all my administration. I met him upon the street and asked him why he made such an assertion, and he said he "had been told so."

As to the statements about my experiments in "burning smoke," that is another mistake. The furnaces were just as I received them from Mr. Cramer. I had the bridge walls repaired by Alderman Farrell, and I don't think they can be improved by altering them; and I don't think that Mr. Stafford will find any bill for smoke purchased by me for experimenting with. The electric light plant was put in good repair by the Van Depole company, and paid for in my April account.

It would look more manly in Mr. Stafford if he would find some other method of defending his management of the waterworks than by laying the blame for any irregularities on my shoulders. I suppose that if some break should occur in the machinery a year hence, Stafford will say that I am responsible for it.

Respectfully yours, J. H. KERR.

Neglect of Duty. The residents along Fourth avenue, between Twenty-second and Twenty-third streets, are greatly annoyed because of a break in the eight inch water main, which occurred Sunday, has not received attention yet. Loud complaints are made against our efficient (?) water works force on this account.

A Republican Appointment.

J. C. Lindstrom, of Henry county, has been appointed railway postal clerk on the main line of the C. B. & Q. road.

Lindstrom served as postal clerk for four years prior to last summer, when he resigned his position to canvass for the Swedish Tribune, a republican paper published in Chicago. After the election he again went to work for the government, but he was discharged on the 3rd of June, by a circular issued from the postoffice department, removing all new appointees. It is said that Col. Henderson endeavored to have him retained, but the postmaster general would not listen to him. Lindstrom was in the city last night, and claims that it was through the influence of Congressman Neece that he was re-appointed.

County Court. County Judge John P. Hand, of Henry county, will arrive from Cambridge on the evening train Monday, for the purpose of attending to any business in the county court. Lawyers having any probate matters to attend to, are requested by County Clerk Donaldson to be on hand, in order that the Judge may get through Monday evening if possible.

River Riplets. The steamer Mary Morton, of the Diamond Jo fleet, is expected up this afternoon. The Morton is the race horse of the upper Mississippi.

The packet Libbie Conger will be down tonight. She has a big trip.

Briefs. Full cream cheese at F. G. Young's. Dr. A. T. Hawley, dentist, corner Seventeenth street and Sixth avenue. Vegetables of all kinds at F. G. Young's, on Third avenue.

Dr. J. W. Stark, Dentist, 1722 Second avenue. Mr. James Taylor, of Taylor Ridge, was in town today.

New potatoes at F. G. Young's, on Third avenue. Get your awnings, tents, wagon covers, etc., of H. H. Young, 117 Main St., Davenport, Iowa, ap1515dtf

Mr. H. P. Stoddard, of Edgington, was in the city yesterday. Buy the West Davenport brooms, best made in the market. For sale by all dealers.

Fish lunch Saturday evening at Holdorf's, on Ninth street. Mrs. M. E. Cool, Mrs. S. Quick and Miss McCann, of Cordova, graced the city with their presence yesterday.

Dr. McCandless, dentist, corner Third avenue and Twentieth street. Fish lunch at Holdorf's, corner Ninth street and Eighth avenue, Saturday evening.

There will be an excursion to Clinton and return on Sunday, June 14. The steamer Josephine has been chartered for the occasion. Nice fish lunch Saturday evening at Holdorf's, on Ninth street.

The walls of the old waterworks building were torn down this morning. The stack will be felled Saturday afternoon. W. C. Brown and P. H. Houlahan, of Beardstown, respectively superintendent and trainmaster of the St. Louis & Rock Island division of the Chicago, Burlington & Quincy, are at the Harper house.

The rush is so great over the river, that the hotels on this side are doing a good business. Those who are cute enough to come over to this side get something better than the rough side of a board to rest on, and get good rations.

D. L. Bush, assistant superintendent of the Racine & Northwestern division of the Chicago, Milwaukee & St. Paul, spent last night at the Harper house, leaving for Milwaukee this morning.

D. E. Monger and family, of Princeton, Ill., passed through the city last evening on their way west. The gentleman is a brother of mine host Menger of the Rock Island house, and proprietor of the American house at Princeton.

John Schaffer, recently proprietor of the sample room on the corner of Ninth street and Eighth avenue, has removed to No. 1361 Third avenue, where he has opened a first class saloon. The place has been refitted and refurnished and a fine billiard table added, and it now can be classed with the best places of resort in the city.

First of the Season. Fast excursion from Davenport and Rock Island to Clinton and return, Sunday, June 14th, 1885, on the fast and elegant steamer Josephine, B. A. Conger, master. Number of tickets limited to 250. Boat will leave Davenport at 8 o'clock a. m., boat will leave Rock Island at 8:30 o'clock a. m. Boat will arrive at Clinton at 2:30 o'clock Sunday afternoon and leave Clinton for return trip at 5 o'clock p. m., coming back to Rock Island and Davenport at 9 o'clock p. m. Tickets 75 cents each. Buy your tickets from George Lamont, Diamond Jo agent, Rock Island.

RASMUSSEN'S CARD.

In calling attention to the fact that we have refitted and redecored our Studio, making it not only the most complete but decidedly the handsomest in this vicinity. We also wish to call attention to our display of Stereographic work, all recently produced and containing many novel and pleasing positions and effects of light and shadow, varying in size from miniature up to 16x20 inches. We have been assured by our old and competent critics that it is by far the finest display ever made in this city. One artistic success is largely due to the fact that we make a greater effort to excel than to undersell, and we bring to our aid such experience as can be gathered from 17 years of continuous service (having begun our photographic career as a mere boy in 1867, since which time we have not been months either by sickness or vacation) our long experience enables us to appreciate the importance of scenic effects in Photo art, hence our operating room is fitted with a mass of accessories, consisting of stone wall, balustrades, stone and rustic bridges and fences, boat, rocks, pond containing water lilies, stairways, screens, and a variety of backgrounds, painting chairs, table statues, vases, or what the Chicago Photo-Bureau says, is unequalled in any gallery in this vicinity, but—We plainly say (and it is a matter easily demonstrated) that no gallery in this contains one-half of the amount of our instruments; we don't boast that they were bought in a hant sale and used by predecessors for 25 years. On the contrary, our instruments are of the latest improved makes, containing among others the CELEBRATED LENSES CAN NOT BE FOUND IN ANY GALLERY IN THIS CITY BUT OURS. A pleased patron is the best advertisement and we strive to secure the advertisement by the excellence of our work. In order to better secure satisfactory results, every patron is given a show of three or four negatives, different positions, and all of these proofs are shown, and should any improvements suggest themselves, restitutions will gladly be made free of charge.
