IN THE NICK OF TIME

His Fiancee—Papa will make his settlement the same day we are married, the 19th.

The Count—Come, dear, let us get married on the 17th.

His Fiancee—Is that the anniversary of some great historic event in your family?

The Count—No; but I have a note due on the 18th.—Puck.

SLOW METHOD

"Do you believe that Fortune knocks once at every man's door?"

"Well, I never heard of her ringing him up on the telephone."—Puck.
