## TO USE VOTING MACHINES

The Board of Election Commissioners has decided to use 459 voting machines in coming election. This move will probably result in the casting of more straight tickets than ever before.

Every precinct in Wards 1, 2, 6, 7, 18, 21, 25, 26, 31 and 32 will be equipped with the machines. All but 1 and 18 are strongly Republican. Both factions are saying that it will favor their candidates because voters will save time by not trying to scratch the ticket.

The machines were tried last spring and several voters walked out of the polling places without voting because they could not wait.

## FREED—UNWRITTEN LAW

The unwritten law won an acquittal for Thomas L. Reeve, broker, who was charged with attempting to kill Dr. Paul E. Kelly. The jury in Judge Windes' court returned a verdict of "not guilty" after five hours' deliberation.

Reeve shot Kelly in the latter's home at 4650 N. Kedzie av., April 24. He charged the doctor with having wrecked his home on account of his attentions to Mrs. Reeve.

When the verdict was read one of Reeve's children, a 7-year-old daughter, rushed across the room and leaped into her father's arms.

Reeve and his wife are reported completely reconciled.
