STRIKE SITUATION. A Good Deal of Kicking Over That Agreement.

Views of the Illinois Leader. Illinois Miners Not Likely to Accept the Schedule-Meeting Called for Next Saturday.

SPRINGFIELD, Ill., June 13.—The representative of the Associated Press interviewed State President Crawford in regard to the Columbus settlement of the coal strike.

Views of a Consolidated Man. Charles Ridgely, president of the Consolidated Coal company, was also interviewed. He considers the settlement very important.

PITTSBURG, June 13.—Unless the national officers of the Mine Workers' union, who made the compromise at Columbus, can give a satisfactory reason for so doing the miners in the Pittsburgh district will not accept the 60-cent rate, and the strike will continue.

HOW THEY LIKE THE SCHEME. The Reception of the Columbus Agreement Received at Various Points. CHICAGO, June 13.—The agreement at Columbus between operators and miners is received in a variety of styles.

STREATOR, Ill.—The miners of the Streator district are indignant at the action of the Columbus convention. They say they went into the strike to maintain last year's prices, and are now compelled to take a reduction.

PAISA, Ill.—The Columbus conference is believed here to have no effect on the coal industry at this place. While the miners of central Illinois are out merely in sympathy with the east it seems impossible, or nearly so, to get men to go to work here so long as a mob of strikers remains as a menace within an hour's march of the city.

PEKIN, Ill.—The miners of this district are very much pleased over the result of the conference at Columbus and are anxious to go to work. The rioters in jail when informed of the decision gave three cheers.

BRASSI, Ind.—The scale fixed for the ending year by the United Mine Workers and operators at Columbus is not meeting the approbation of the operators here. The scale places block coal 10 cents in advance of bituminous coal, and the operators say it should be only 5 cents.

ers of this section had no grievance, but went out through sympathy, and are feeling very sore over the turn of affairs. Operators are trying to get an expression from their men, but they will not talk.

Terre Haute, Ind.—Operators here claim to have no official notice of the settlement of the strike. The settlement reported in the newspapers makes a 10-cent reduction, and they doubt if Indiana miners will agree to it.

MINONK, Ill.—At a miners' meeting here, which was held in the grove in the north part of the city, the miners expressed dissatisfaction with the 10 cents reduction per ton, and some of the men thought the Columbus compromise was a deal having been worked out both of the parties are anxious to end the strike.

MADISON, Ill., June 13.—The first case of the Carterville strike trouble, that of Rev. McGinnis, has terminated in a verdict of guilty and \$30 fine. The other cases, about twenty in all, were dismissed with the understanding that all interfering with work at Carterville cease.

NEW YORK, June 13.—Assistant District Attorney Wellman, after a jury had been obtained, by a long speech in which he charged Wiman with endorsing E. W. Bullinger's name on a check and depositing it to his own credit.

Mrs. Rudiger Acquitted. OMAHA, June 13.—Mrs. Eloise Rudiger has been acquitted of the murder of "Baron" Henry Reiser at South Omaha, Oct. 29, 1903. This is the second trial, the former jury having disagreed.
