Rebellion Breaks out in the Province of Mongolia.

TROOPS TO QUELL IT.

Serious Trouble in the Imperial Palace.

News of a Severe Hurricane in Japan.

MARINOPAL BLOTTED OUT.

The War Must be Settled as International Issue.

Russia and Great Britain so Decide.

TIEN TSIN, Oct. 5.—Reports have reached here to the effect that actual rebellion has broken out in the province of Mongolia. Troops from Peking have been sent to quell the uprising. Serious troubles are said to have arisen in the palace at Peking. No details are obtainable.

An International Question

LONDON, Oct. 5.—Manchester Guardian says Russia and Great Britain have decided not to allow Japan to settle the war with China on her own terms; that it must be made an international question; that Germany and France agree, and that the cabinet council yesterday for the purpose of making such a show of force in Japan will submit to this decision.

Terrible Hurricane in Japan.

SAN FRANCISCO, Oct. 5.—The steamer Gaelic brings news of a severe hurricane in Japan Sept. 11. Villages were swept away, many killed and many vessels are supposed to have been lost at Marinopal. The devastated country is 11 miles inland with the outer edge on the sea. Marinopal is practically blotted out, over two hundred perishing there alone. At Berdionshis houses were wrecked and a dozen persons killed.

Report of the Czar's Death.

AMSTERDAM, Oct. 4.—A report received on the bourse from Paris that the czar was dead caused a fall in Russian securities.

BIG SCARE IN NANGPO.

Five Japanese Warships in the Neighborhood of the Port.

LONDON, Oct. 5.—A dispatch received here from Shanghai says that native vessels arriving at that place from Nangpo report that five Japanese warships are lying off the Chusan islands, fifty miles from Nangpo. The warships have no transports with them. The presence of the Japanese ships near Nangpo has caused a scare at that place, as the few Chinese warships on the coast are obsolete and almost worthless. The Chusan islands are situated fifty miles east-northeast of Nangpo, off the east coast of China, province of the Che Kiang, on the estuary of the Tsin Tang Kiang. Nangpo is a port open to foreign trade in the province of Che Kiang. Its population is variously estimated at 120,000 to 200,000. The city of Nangpo is six miles in circumference and is enclosed by walls twenty-five feet high. Nangpo has an active trade and exports wood and charcoal largely to Shanghai.

A dispatch to the Times from Shanghai says that according to Chinese reports no pitched battle was fought at Ping Yang, Corea. The Chinese there, according to these stories, only numbered 12,000 men and they were greatly outnumbered by the Japanese troops. The Chinese general, Yeh, it is also said, was prostrated with dysentery and withdrew his whole force. General Wei, the Chinese say, did the same, leaving only General Tsai's force of 2,300 men to fight against overwhelming odds until all were killed with the exception of 60, who were taken prisoners.

CAUCASIANS IN GREAT PERIL.

Turbulent Mobs in China That the Authorities Cannot Control.

LONDON, Oct. 5.—A dispatch from Hankow says that as a consequence of the urgent demand of the Imperial authorities the province has been denuded of troops. Turbulent mobs have demonstrated at several points that the authorities are powerless to check them. Europeans are alarmed, and the British consul has advised that all women and children be sent to Shanghai, which is considered the safest place.

This will be done as soon as possible. The men, with the traders and officials, have formed a volunteer corps to protect themselves. The viceroy fears that the mobs will break out in armed rebellion. He is having fortifications thrown up at Wo Chang, on the other side of the river, to be ready in case an attack on the city is attempted.

THE DAY'S HAPPENINGS.

Holocaut in Detroit—Queen of Anarchists Arrested in Chicago.

DETROIT, Oct. 5.—Fire this morning gutted the 5-story furniture store of Keenan & John, and 60 employees barely escaped alive. The front wall fell on the firemen and spectators, and the following were taken out dead:

MICHAEL LONAGHUE, Lieut.
RICHARD DELY, Pipeman.
JOHN PAGEL, Pipeman.
MIKE FOYLE, Pipeman.
JULIUS UMMINGS, Pipeman.
FRED BUNSEY, spectator, is still in the ruins and certainly dead.

Mike Gray will probably die and

Lieut. O'Rourke pipeman T. Stock, C. Cronin, John Newell, Thomas Garry, Leslie McNamara, Henry Kinsberg and Henry Herig are injured. The loss is \$80,000.

Butchery at Indianapolis.

INDIANAPOLIS, Oct. 5.—At midnight, George Nearr, a saloonkeeper, shot his wife fatally and then killed himself. The tragedy was the result of a quarrel growing out of his wife's objections to the contaminating influence of the saloon on their three children.

A Female Crank.

CHICAGO, Oct. 5.—A plainly dressed woman who refused to give any account of herself was arrested at the Union station today. She had copies of a circular signed "Lizzie Loftus, Queen of Anarchists," ordering the destruction of Chicago on or about Oct. 6.

Whisky Declines.

PEORIA, Oct. 5.—Whisky dropped 10 cents on the board of trade today as a result of the whisky trust doing away with the rebate system and quoting open flat rates minus the draw-back.

Grief for Prof. Swing's Death.

OXFORD, O., Oct. 5.—The news of the death of Professor David Swing at his late home at Chicago caused much sadness here, the deceased being a former resident of this village. Mayor Rusk ordered the town flag to be hung at half-mast. The remains will be conveyed here and interred in the lot where the remains of Mrs. Swing, the late wife of the deceased, are buried.

Cholera Among Nebraska Hogs.

DENVER, Oct. 5.—Great droves of hogs are being brought into Colorado from the portions of Nebraska where crops have failed, and hog cholera has broken out in several localities. Having no funds to establish a quarantine against Nebraska hogs the state veterinary board has issued notices advising importers to isolate such animals for sixty days.

A Mother's Fatal Carelessness.

GREENPORT, N. Y., Oct. 5.—Mrs. Peasall, wife of Howard Peasall, of Sag Harbor, gave her 2-year-old daughter Margaret a stalk of nightshade to play with. The child broke off one of the buds and swallowed it. Shortly after she was seized with convulsions. Three physicians labored with the child for hours, but she died from the effects of the poison.

Wants to Be Supervising Architect.

WASHINGTON, Oct. 5.—Up to this time applications for the appointment to the office of the supervising architect of the treasury have been made as follows: W. M. Poincote, of Washington, D. C.; Frank H. Carowell, of Wilmington, Del.; Frank M. Howe, of Kansas City, Mo.; Glen Brown, of Alexandria, Va.

Origin of the Menhaden Industry.

Mr. Robert F. Walsh, in The Popular Science Monthly, thus recalls the origin of the present menhaden industry: "It was in 1850 when an old lady, Mrs. John Bartlett of Blenheim, Me., boiling some fish for her chickens, observed a thin scum of oil upon the surface of the water. Some of this she bottled, and when on a visit to Boston soon after carried samples to a leading oil merchant, who encouraged her to bring more. The following year the Bartlett family industriously applied their gill nets and sent to market 13 barrels of oil, for which they were paid at the rate of \$11 per barrel. In the following year this family made 100 barrels. Then, the value of menhaden oil having become recognized, many oil presses of a more or less imperfect construction were established along the coast, and the industry developed so rapidly that within 20 years the yield of menhaden oil exceeded that of the whale from the American fisheries."

Her Wicker Handbag.

One of the indispensables for summer travel, especially for busy women whose only vacation consists of flying trips to seashore or mountain, is a lightweight valise or telescope bag. The acme of perfection in this line of requisites is supplied by the oblong wicker baskets to be found in Chinese and Japanese shops. As they come in nests, any size desired may be obtained, from the very small ones which will carry only a lunch and a favorite volume to the large but not weighty affairs which will hold all the garments and other essentials for a several days' sojourn. The baskets, snugly fitted together, are held by a substantial shawl strap, and this convenient arrangement costs less than \$2. Any able-bodied woman, old or young, can easily carry one and still have strength enough left to rise up and call blessed the intelligent person who adapted a foreign article to the use of the independent American woman.

TWO-MINUTE HORSE

He Has Arrived, and His Name Is Flying Jib.

MILE PACED IN THE TIME OF 1:58 1/4.

Done with a Running Mate at Chillicothe, O., Before Ten Thousand Witnesses—Westmont's Great Record of Ten Years Ago Wiped Out—Each Half Mile Done in Less Than a Minute—Remarkable Burst of Speed—Sporting Notes.

CHILICOTHE, O., Oct. 5.—At the race track here yesterday Flying Jib went against the world's pacing record of 2:01 3/4 with running mate, made by Westmont at Chicago ten years ago. Andy McDowell, the driver, was cheered when he took the reins. He drove around the loop. The pair went at a terrific clip, Jib leading the runner to the half, made in 59 flat. Rounding the turn the pacer kept up his clip to the three-quarter pole, and shot under the wire amid the hushed silence of 10,000 people, who eagerly strained forward awaiting Starter Loper's announcement of the time.

The Time of the Half Miles.
Some who had caught the pacer began cheering, knowing that he had beaten the world's record. Loper said: "You have witnessed something which no assembly in the world has ever seen before. You have seen the fastest mile that was ever paced. Flying Jib has beaten Westmont and made the mile in 1:58 1/4." The audience once more broke into cheers, and applauded the pacer as Andy McDowell brought him up in front of the stand. The first half of the heat was made in 59 seconds and the last half in 59 1/2.

POMPADOUR JIM EXPLAINS.

Tells Why He Is Going to Fight Fitzsimmons After All the Row.

HARTFORD, Conn., Oct. 5.—James J. Corbett said: "I am sick of the pugilistic business and want to get out of it, but I intend to retire honorably. I only want to train once more, and I will be perfectly fit that time, so that I feel that I can safely offer to meet within a week all the men who cover my money."

"Why are you now willing to fight Fitzsimmons when you only said he must first defeat Steve O'Donnell?"

"Well, it was this way. I meant what I said, but Brady went to New York and met Fitz. He saw that Fitzsimmons had estimated his chances of being defeated by O'Donnell as being somewhat near what they would be in case of a fight with me, and of course he would not make so much capital, so he had determined to hold out for me, and especially as the Olympic club was backing him up by a declaration that they would award him the championship if I did not respond."

"I could not afford to be put in a false light before the public, so I decided to meet Fitzsimmons in the way that I have committed myself to as one of a number in one week. Has it occurred to you how unfair it is to me that the Olympic club should take sides with Fitzsimmons and how it makes me feel about fighting in future under the auspices of that organization?"

"There is just one thing that ought to be considered by the public just about now. I have not on any occasion failed to keep my agreements. I have never crawled, and that will always be my record. The series of fights must come after the 1st of July, when my season closes."

"I have got a lot of money invested in this show which I must get return for and I cannot stop and attend to every fighter who claims my attention. It is only those who have a right to challenge me that I should notice. But I am going to be magnanimous if they will only wait until my season closes, when all will get satisfaction."

Those Temple Cup Games.

BALTIMORE, Oct. 5.—Ward and Hanlon have agreed to play the Temple series in accordance with the committee's ruling of a 65 and 35 per cent. basis, the winning club to take 65 per cent of the net receipts. The score of the first game was New York, 4; Baltimore, 1.

Won by a Rank Outsider.

CINCINNATI, Oct. 5.—In the first race at Latonia four horses came under the wire noses apart, and a rank outsider, Sadie Hort at 25 to 1, beat the 7 to 10 favorite Strathrol, by a nose.

Over Two Score Persons Injured.

MEMPHIS, Tenn., Oct. 5.—A disastrous wreck occurred on the Brushy Mountain railroad, sixteen miles from Harrison, Tenn., in which several convict guards and convicts were injured, some of whom may die. The most seriously injured are: D. O. Webster, Bon Air, Tenn., foreman; J. N. Blankall, Nashville, guard; R. H. Burrows, Oliver Springs, guard; John Thornhill and Green Armstrong, convicts. Thirty-nine convicts whose names are not known were also injured.

Favor the Whipping Post.

ALBANY, N. Y., Oct. 5.—Commodore Elbridge T. Gerry addressed the convention of the Humane societies in favor of introducing the whipping post into the state of New York, especially for the punishment of persons cruel to children. Dr. Thomas A. Hendricks of Rochester, a Catholic priest, spoke in the same line and also thought that corporal punishment would prevent many of the abuses now heaped upon children.

NEW YORK, Oct. 5.—The body of John Dossy, the colored prize-fighter known as the Baltimore Spider, was found floating in the East River. He fell off an excursion barge on Sept. 3.

LITTLE ROCK LOSES \$500,000.

Total Damage Done by the Cyclone—Wounded Improving.

LITTLE ROCK, Oct. 5.—There are no additions to the cyclone fatalities. The injured victims are improving with the exception of Convict Tim Mitchell, whose condition is critical. His spine is affected and his chances of recovery are slight. In the damaged districts men continued the work of clearing away the debris preparatory to the rebuilding. The board of trustees of the state charitable institutions met and determined to repair at once the extensive damages upon the insane asylum buildings.

The loss to the state by the asylum damage is definitely estimated at \$75,000. Revised estimates of the aggregate damage sustained in the city indicate losses of a half million dollars. But few extreme cases of destitution and suffering are reported, hence but few calls have been made for assistance.

Kansas City Carnival Closed.

KANSAS CITY, Oct. 5.—The carnival parade yesterday afternoon with the carnival and Flambeau club display last night closed the most successful of Pallas festivities Kansas City has ever seen. The carnival king issues an order each year inviting everybody in quiet and terrifying language to shout and be merry during his reign of a day. The population of Kansas City and 40,000 visitors accepted the invitation. The din of horns and shrieking of tune instruments was terrific and unceasing from early in the morning until long after midnight.

Hard on the New Settlers.

GRANTSVILLE, Wis., Oct. 5.—Word is received here that a hurricane of flames swept over the Black Brook country, twelve miles north of here, burning everything in its path. Hundreds of tons of hay, together with other property, is destroyed. Some buildings were burned. As this section is composed of new settlers it leaves them in a pitiable condition. An appeal will be made to Governor Peck for aid. A relief committee has been organized here.

Pythian Sisters Change Name.

KANSAS CITY, Oct. 5.—Application has been made in the circuit court by the supreme temple, Pythian Sisters of the World, for permission to change its name to Supreme Temple, Rathbone Sisters of the World. It was due to the action of the supreme lodge of the Knights of Pythias last August, in debaring every Pythian from membership who belonged to any other organization whose name contained the word "Pythian."
