C. W. NEGUS.

One of Rock Island's Representative Men.

A STRONG CANDIDATE.

One Who Has Always Been Identified With the City.

Represents One of Rock Island's Pioneer Families.

IS AN OLD TIME DEMOCRAT.

Possesses All the Requirements for the Office.

Is Popular Throughout the County.

Charles W. Negus, democratic candidate for sheriff, represents one of the pioneer families of Rock Island county. There was no one better known or more highly respected in Rock Island in his day than the late Isaac Negus. He was an original city builder, and early promoter, a man of unflinching integrity, and

CHAS. W. NEGUS.

a democrat through and through. His mantle has fallen upon his son, in whom the democrats have a candidate for sheriff of Rock Island county. Like his distinguished father, he is straightforward and upright in all his dealings, is popular with all, is known throughout the county, and is a rock-ribbed, thoroughgoing democrat of the old school.

Charles W. Negus was born in Rock Island in September, 1845. He was reared here, where all his life has been spent. From the time he left school until 1869 he was identified with his father's business interests, but in the year mentioned he embarked in the steamboat business, purchasing the steamer, Jennie Brown. For three years he was devoted to the river trade, the first year being engaged in towing material for the construction of the Rock Island bridge, and the other two conducting a local packet in the Rock Island, Davenport and Clinton trade. Then he again associated himself with his father, becoming the latter's confidential clerk, in which capacity he served until the death of the elder Negus, although incidentally he has always been engaged more or less in the stock business.

Since his father's demise, Mr. Negus has looked after his own estate, which included, until recently, an interest in the Rock Island house property. He has always been one of the city's most extensive and best tax payers. He is progressive and public spirited as a business man, and is possessed of those qualities which will fit him for an ideal sheriff of the county.

Mr. Negus was alderman from the Third ward in 1888-90, and by his vote and influence encouraged the adoption of the system of paving and grading under which Rock Island has gone so steadily forward, being himself one of the tax payers who were hit the hardest by the improvement at the outset.

Police Points.
The license of John Boos, the Fourth avenue saloon keeper, who plead guilty in the county court the other day to three charges of selling liquor to minors, was revoked by Mayor Medill today at noon.

Ernie Krebs, a little fellow about eight years of age, who has been making a practice of going around the two towns begging, was arrested yesterday in Moline by Officer Kearney of that city, who brought him to Rock Island. Chief Sexton recognized the little fellow as being the same boy he had seen begging on the streets here, but who would not disclose his residence. Word was sent to Davenport, asking if the police knew if such a family lived over there, and it was learned that Ernie resided with his parents, south of Fifth street, between Main and Harrison. When Chief Sexton and Officer Kearney started to Davenport with the boy, he cried, saying that his parents sent him out every morning about 6 o'clock, and if he returned with less than \$1 he would be severely thrashed. His home was found to be at the place stated above, where a lazy father and mother were discovered in a dark, dingy, filthy and dilapidated shanty, not being as much as furnished. When asked as to their cruelty to the child, the parents emphatically denied the assertion.

THE BALLOT LAW.

The Supreme Court Has Rendered no Decision Upon It.

An item has been going the rounds of the state—in fact it appeared in THE ARGUS some weeks ago—to the effect that the supreme court of the state had handed down an opinion upon the Australian ballot law, and the legal construction established by the highest tribunal in the state was to the effect that in order to vote the straight ticket the circle at the top and to the left of the party to be voted for must be marked, and there must be no other marks on the ticket, whereas, in order to vote a split ticket the cross at the top must be omitted and one made in the square before each name voted for, and that only such candidates so indicated would be counted by the judges of election as having been voted for. It so happens that this same item found its way into the Union this morning, and in fact has been given pretty general publicity.

No Decision Given.
Realizing that the decision was somewhat in conflict with the general tenor of the law, THE ARGUS recently wrote to the clerks of the three divisions of the state, A. H. Taylor, at Ottawa; E. A. Snively, at Springfield, and F. W. Havill, at Mt. Vernon, asking for a copy of the opinion of the supreme court, if such had been filed in any of the respective divisions. THE ARGUS has received reply from each clerk to the effect that the supreme court has in no instance given an opinion as to the manner of voting under the Australian law.

Hence, it will be seen that the statement to the effect of a legal construction of the method of balloting had been made, is entirely in error, and the manner, as set forth in the law stands, the law providing that where the intention is to vote the straight ticket, it is necessary merely to make the cross at the top, but where there is a disposition to vote for candidates on the opposing ticket the cross is to be made at the top just the same and another 'x' to be made in the square opposite the candidates to be voted for on any of the other tickets individually. This is the plan that has been in vogue since the introduction of the law, and is pretty generally understood.

Notice.

"Garry Owen."
At Harper's theatre this evening the clever Irish comedian, Tony Farrell, will present a fine scenic production of his new and latest comedy, "Garry Owen," an Irish comedy which the press of Chicago, St. Louis, Cincinnati and other metropolitan cities where it has been presented, endorse. Tony Farrell, with his songs, is a favorite everywhere. His new play contains the true Irish spirit, humor, pathos and patriotic sentiment, all being most happily blended. The company is a competent one, and the parts evenly balanced. Mr. Farrell has for years been recognized as one of the most charming singers and accomplished comedians on the stage.

S. B. Basford, of Carthage, S. D., was taken sick in Sioux City. He procured two bottles of Parks' Sure Cure for the Liver and Kidneys. He says: "I believe Parks' Sure Cure excels all other medicines for rheumatism and urinary disorders." Sold by Hartz & Ullemeyer.

BRASS POUNDERS.

Only Three C., R. I. & P. Dispatchers to be Removed.

SOUTHWESTERN MEN TO REMAIN.

Although Nothing Official Has Been Received, Such is the Supposition—The New Time Card, Which Goes into Effect Tomorrow at Noon—General Gossip.

As prophesied in THE ARGUS a few evenings ago, a change is to be made in the chief dispatcher's office of the Rock Island, although it is to be hoped it will effect no more than the removal of the three dispatchers on the main line to Des Moines. The change, as near as can be learned, is to be made in the interests of economy and policy. As soon as arrangements can be made, possibly in 10 days, or so, the transfer will be executed. The southwestern dispatchers will remain here, from what can be learned, as no steps to the contrary have yet been made. Rock Island will continue as the headquarters of the trainmaster and chief dispatcher, as this is the terminal point of the two divisions which they preside over.

The New Time Card.

The new time card on the C., R. I. & P., which goes into effect tomorrow noon promises to be advantageous to the traveling public, especially is this so as regards the change in the leaving time of No. 1, which has been changed from 5:20 to 8:20 p. m. Heretofore arrivals in the city on any of the other roads after 5:20 had to lie over in the city until 3:20 next morning, before connections could be made for Omaha and other western points. Passengers coming over the Peoria at 7:55 going west will only have a 25-minute lay over, instead of several hours. The only deviations that have been made are on the Iowa and southwestern divisions, the Illinois division remaining unchanged as yet. The other changes are No. 22, going east, leaves now at 1:15 instead of 2:05 p. m.; No. 12, going east, has been changed from 4:45 to 5:15 a. m.; the fast mail from the east will arrive 10 minutes later, coming in at 7:31 instead of 7:21 a. m.; No. 7, the local between here and Washington, will arrive at 12:50 instead of 1:50 p. m.; No. 20, from the northwest, which formerly went east at 6:45, will leave at 6:30 a. m.; the same train, No. 19, going northwest, will leave at 9:05 instead of 8:55 p. m.; No. 13, the Kansas City train going west at 9:05, will hereafter leave at 9:10 p. m.

No More College Foot Ball.

The question of regulating sports at Augustana college, especially that of foot ball, was discussed for about two hours at a special meeting of the faculty last evening. From information received concerning the recent game at Monmouth, it was felt that the authorities should take a decided stand in the matter of regulating sport. It was finally concluded to allow the cleren to play the five games already scheduled for this season, but that no new engagements be made.
