

Steel vs. Cast Iron.

Steel has superceded iron in all structural work where the greatest strength and durability are required. The old-fashioned cast-iron stove has made way for the

Majestic Steel Range

which is made of cold-rolled steel (the strongest steel) and malleable iron (iron that, by an expensive process, is made unbreakable), and the whole construction is riveted by hand (the honest way).

The MAJESTIC is built on honor to last the user a lifetime—a long lifetime.

THE FOURTH AT JOSLIN.

A Great Celebration in the Upper End of the County.

JOSLIN, July 5.—The morning of the Fourth of July at Joslin opened up very fine, and the morning train from below was profusely decorated with flags and bunting, and was a thing of beauty. There was a large attendance at the fair grounds, but it was thought for a time that Hon. W. H. Gest and J. T. Kenworthy, our speakers, would not be present, as they did not come on the morning train. However, they came by private conveyance, arriving about the middle of the day. The Declaration of Independence was read by Miss Nora Schafer, who was highly complimented for her reading and clear and distinct enunciation. After music by the Cordova band, Matthew Schafer, the presiding officer, introduced Mr. Kenworthy to the audience, who delivered an oration on the memories and teachings of the day, and the growth of the country since the first gun at Lexington reverberated around the world. He paid tribute to the flag and the manner in which woman, who had fashioned it, had become identified with it. Reference was made to our educational institutions, the vast responsibilities that await coming generations owing to our constant and material growth. "What we now want," said the speaker, "is a new ringing declaration of independence against all foreign influence and foreign gold in this country, which is now having a tendency to make the few rich and the many poor. And we need not only protection against foreign tyrants, but against domestic tyrants also. If ever there was a time when our people should pay attention to the encroaching power of the foreign gold-bugs of Europe and the gold-bugs of this country, that time is now. The refusal of all nations is dumped upon our shores, and the education of these people with our own is a colossal undertaking, and in conclusion let me admonish you that we educate our children to the highest patriotism."

After music by the band the chairman introduced Hon. W. H. Gest. He spoke of the wonderful changes 39 years of time had wrought. He mentioned the names of some of the old settlers, some of whom are dead. There was B. B. Joslin and that good old soul, James Searle, and Wesley Hanna, and numbers of others. Mr. Gest then referred to our great country and its growth, and although every family ought to have a map, as he had, yet we can only form a very insignificant idea of the greatness and grandeur and magnificence of our country unless we travel over it. To have a proper conception of our great country, we must travel. To have a proper idea of Niagara Falls, we must see the falls. He had traveled to the Pacific slope and to the Yosemite Valley, and it had been a great education. We have got in the country 80,000 miles of river shore, 3,000,000 square miles of territory. Look at our cities and their growth. Look at such cities as Chicago, New York, New Orleans and San Francisco. He referred to the patriotic inspirations that one may gain by travel, and of his own experiences. He pointed out the importance of parents forming the Christian character of their children at home. You can't find anything bad about the Ten Commandments, and there is nothing bad about the 11th. He concluded by stating that the liquor traffic was a great evil and should be controlled in some way, and his money platform was free coinage of gold and free coinage of silver, that is, equal rights between the two metals.

FREE TREATMENT.

Veno's Extraordinary Offer to Sick People.

All Patients Applying to Veno's Offices, Kimball House, Will Receive Advice, Treatment and Services Free Until Cured.

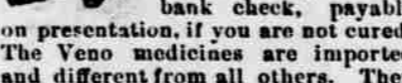

The Only Expense to the Patient Will be the Actual Cost of Medicines Necessary to Effect a Cure.

This is for the Benefit of Poor People Who Cannot Afford to Pay the Usual Charges.

The Veno Drug Co. is the Only Incorporated Medical Company Traveling.

They Guarantee Every Cure Under a Written Legal Contract.

The cures performed by Veno in Davenport have caused much controversy among medical men. He has cured the very people they have been trying to cure for years past. He gives a written legal contract to cure, or to refund their money. The contract is as good as a bank check, payable on presentation, if you are not cured. The Veno medicines are imported and different from all others. They have been used in European hospitals for years. Mr. Arnold, whom everybody knows in Davenport, is thoroughly cured, but only two weeks ago was walking on crutches. Mr. John Dalton, 809 East Tenth street, who had been in a hospital in Chicago, where 25 doctors tried to cure him, but failed; Veno's medicines made him walk in 40 minutes, and although he was a total cripple from rheumatism, he is now well and able to walk. Mr. Day, 1302 Fourth avenue, had been afflicted for 13 years with chronic rheumatism, was only able to hobble around on crutches. Veno's medicines made him walk. The doctors and neighbors are astonished. The cures could not have been performed by any other medicine. Many other cures have been performed since Veno's arrival here. All suffering people should come at once, for two days only, closing positively Sunday afternoon. Advice, treatment and service will be given free, charging only the actual cost of the medicine necessary to effect a cure. Come before 4 o'clock Sunday. Immediate benefit and a quick cure are guaranteed in cases of nervousness, rheumatism, paralysis, fits, catarrh, deafness, blindness, throat and lung troubles, liver, kidney, blood and stomach troubles, urinary and bladder ailments, diseases of men and delicate ailments of women and children. Hours, 9 a. m. till 8 p. m. at Kimball house, Davenport.
