 A wild rumor flew about town yesterday afternoon in effect that C. E. Case had been robbed, and, notwithstanding the extreme heat, people found time to think about it, and to make anxious inquiry concerning it. To add to the excitement it was announced that the missing purse contained \$10. Case was about to wire to Chicago for a Pinkerton detective when the lost property turned up. Laboring under the excessive heat, Charles had misplaced it. He will endeavor to avoid occasioning so much alarm in the community again.

Love is the natural heritage of many an attractive young woman, now doomed to loveless spinsterhood by ill-health. No woman should enter upon the duties of wifehood who is not fitted by good health for that position and for the responsibilities of motherhood. If a woman suffers from weakness and disease of the organs that make wifehood and motherhood possible, she should remedy these conditions before assuming the responsibilities of a wife. Otherwise, she stands little chance of proving a happy and capable wife, and motherhood will always menace her with the terrors of death.
 A sure and quick cure for all weakness and disease that unites a woman for matrimony and maternity is found in Dr. Pierce's Favorite Prescription. It acts directly and only on the organs involved. It makes them strong and healthy. It cures all weakness and disease. It prepares for wifehood and motherhood. Taken during the expectant period it makes baby's coming easy and comparatively painless. It insures the health of the child. Thousands of women have testified to its merits. Druggists sell it.
 "I have found great relief since taking your 'Favorite Prescription,'" writes Mrs. Henry Barlow, of Lonsdale, Providence Co., R. I. "I was all broken down from nervous prostration. Since taking your medicine I have had more relief than from all the doctors' medicines—which cost me more than I could afford."
 It is hard work to work when poisoned from neglected constipation. Dr. Pierce's Pleasant Pellets cure constipation.
