Special Service Mid-Winter Fair.

Commencing October 23d, the great Rock Island route inaugurated a daily through tourist car line between Chicago and Los Angeles, via the Chicago, Rock Island & Pacific to Kansas City and Ft. Worth, and thence by the Texas Pacific to El Paso and Southern Pacific to Los Angeles.

BETTER YET.

Arrangement has been concluded to run this car on to San Francisco by this southern route, which is an excellent one in winter season. Remember, this car leaves Chicago daily at 6 p. m. by the great Rock Island route.

The above mentioned tourist line is in addition to the double weekly service from Chicago, Tuesday and Thursday via Rock Island route. Denver & Rio Grande and Southern Pacific through Pueblo, Salt Lake, Ogden and San Francisco to Los Angeles.

Low rates and excellent service, coupled with the fast time made by passengers on these tourist cars, make them as they deserve, very popular.

Any coupon ticket agent can give facts as to rates, and remember second class tickets are accepted on these cars.

IRON AND WHISKY.

Two Articles That Cause Statesmen Much Worry.

FIGHT OVER THE FIRST IS SETTLED

So Far as the Ways and Means Committee Is Concerned—The Ore to Come in Free, With Various Kinds of Wool—The Revenue Providers Receiving Bushels of Letters Begging for a Big Tax on Tanglefoot.

WASHINGTON, Nov. 23.—The iron ore men have been defeated, and the men who have combatted so valiantly to keep this article off the free list have been informally notified by members of the ways and means committee that it has been finally decided by the Democratic members that iron ore will be placed on the free list. This is the most important development of the day, as it leaves the iron ore men of Alabama, Virginia, and Michigan no alternative but to carry their fight to the floor of the house. This they are now threatening to do, and it is more freely stated than ever that the new tariff bill containing this new provision will be opposed in the house by the solid Democratic delegation from Alabama, and in the senate by Senators Morgan and Pugh. The Western Iron Ore association, through President George H. Ely, of Cleveland O., has made a vigorous protest to the committee. The Western Iron Ore men in their communication give a history of the development of the Lake Superior iron ore industry, and make an appeal for the retention of the present duty.

The Wool Schedule Completed.

The committee has concluded the wool schedule of the new tariff bill. The measure provides for the admission free of duty of all wools, hair of the camel, goat, alpaca and other like animals, and of wool and hair on the skin, top waste and other wastes and rags composed wholly or in part of wool; it also repeals what are known as compensatory duties on woolen goods and reduces the ad valorem duties on such goods. It also repeals the compensatory duties upon carpets of all kinds, rugs and mats, and reduces the ad valorem duties thereon from 40 per cent. ad valorem to 30 per cent. ad valorem. It also reduces the duties upon certain qualities of waste which have been advanced beyond the condition of scoured wool by the use of machinery or by the application of labor, to 25 per cent. ad valorem. The duty on shoddy, mungo and certain other wastes is put at 25 per cent. ad valorem.

A CHARGE ON KING ALCOHOL.

The Revenue Raisers Bombarded With Anti-Whisky Literature.

Over 1,000 petitions, telegrams and memorials have been received by members of the committee from temperance societies throughout the country asking that the whisky tax be raised. A telegram from Iowa Falls, Ia., says: "We have tried state prohibition and find that we cannot cope with the evil. Prohibition don't prohibit; but if the general government places a heavy tax on the product it will lessen the output of the accursed stuff."

The Young Men's Christian association of Chicago says: "We, as members of the Y. M. C. A. of Chicago, earnestly request the honorable members of the said committee that they use their best endeavors to place a tax of at least $1.50 per gallon on whisky, thereby hoping to check the spread of intoxication and lessen the evils of drunkenness."

Mrs. Harriet Lane, of the W. C. T. U., of Wheeler, Ills., writes: "Whisky is the most demnable curse of this generation. We have had one small distillery here, and you may be sure we do not want another. The drunkenness even in a little country town was something horrible. The way those men acted when drunk was simply awful, and enough to frighten one into hysterics with their horrible yelling and screeching. They made the night hideous with their ribald songs—the blaspheming wretches—and a decent woman hardly dare step on the streets for them. We want the committee, or the members, or whoever they are, to take the matter up and put a good high tax on the stuff and we don't want another distillery here. We hope you will tax it to the full extent of the law."

These are samples of many telegrams being received. In the meantime the distillers are singularly silent on the subject.

H. W. Riglander, S. Goldenburg and others of New York appeared and urged the passage of a measure to prevent representatives of foreign houses from coming to America and taking orders for foreign goods. They want a license imposed upon such agents, who shall be termed peddlers. They also urged and received assurances that a provision should be inserted in the new tariff bill providing that the value of the outside crates, cases, boxes, sacks and coverings in which merchandise is packed for shipment to the United States shall not be included in the dutiable value of the merchandise contained in the same, but shall be free from duty.

Fell Upon a Hot Stove.

CHICAGO, Nov. 23.—When Mrs. Mease returned to her home at 582 West Ohio street after a short marketing tour she was startled by hearing screams issuing from the kitchen. She recognized the voice of her 2-year-old son, Richard. He had climbed up on a chair and fallen on a hot stove. The baby died in a short time.

It Was Diphtheria After All.

GRANTSBURG, Wis., Nov. 23.—The long quest of name and nature of the disease that has prevailed in this vicinity and caused the death of a large number of young people has at last been concluded. It has been authoritatively pronounced diphtheria, and radical measures have been adopted to stamp it out.

Lot of Hidden Dynamite Found.

BUFFALO, Nov. 23.—Grand Island, in the Niagara river a short distance below Buffalo, has been thrown into a great state of excitement over the discovery of a large amount of dynamite (200 pounds in all), which was found buried near the head of the island. There is as yet no clue to the owners.

Message Likely To Be Long.

WASHINGTON, Nov. 23.—President Cleveland spends a large share of his time preparing his annual message to congress. The probabilities are that the message will be a long one, owing to the entrance of several subjects to be discussed not only on the Hawaiian subject but the tariff.

Shot a Telegraph Operator Dead.

DAVISVILLE, Cal., Nov. 23.—Charles Dodge, a resident of Davisville, walked into the sheriff's office and gave himself up, saying he had got into trouble. It is supposed that he is the man who shot and killed Telegraph Operator Eaton. The shooting has the appearance of pure assassination. Dodge said that it was a painful matter about which he did not wish to talk and in which his sister was implicated.

Government Settlement of Strikes.

LONDON, Nov. 23.—It is understood here that the success of Lord Rosebery, the secretary of state for foreign affairs, in bringing about a settlement of the great coal strike has resulted in the government coming to the determination to entrust the secretary for Scotland, Sir George Trevelyan, with a similar role in regard to the Clyde shipyards strike which has now lasted two months.

A Wise Young Woman.

Young Adolphus Fitzwilliam, he loved a fair maid,
But to ask her to marry him he was afraid,
Because of catarrh, which she had very bad;
So much so that often the youth was quite glad
To omit, at the parting, the kiss of the lover
The reason of this she set out to discover.
"Catarrh makes me loathsome. It's fatal to love.
O, darling Adolphus, by all that's above,
I vow I'll not lose thee if something there is
To drive out catarrh and to sweeten a kiss."

So this wise young woman began searching for a cure, and good luck attended her. She found Dr. Sage's Catarrh Remedy, at the drug store, and felt convinced that a preparation which the proprietors had such confidence in that they were willing to offer to pay $500 for a case they cannot cure, must be worth trying. She bought it. She tried it. It cured her. And when Adolphus kissed her at the altar last week, her kiss was as sweet and pure as roses in June.

Girls, a word of advice: If you want a lover to stay a lover, you must get rid of catarrh. Do as this sensible girl did, and get the only sure remedy for this disgusting and dangerous disease—Dr. Sage's Catarrh Remedy
