PLATFORM ON G. O. P. ISSUES

(Continued from Page One)

...high points pledges the party "to carefully planned readjustment of the government on a business basis; to rigid economy, to coordination of governmental agencies, and elimination of useless employes.

The Budget.

President Wilson's veto of the Fordney-McCormick national budget is condemned.

Presidential War Powers.

Severest condemnation is heaped upon President Wilson for retaining war powers, which, the plank says, show his "determination not to restore to the states and nation the form of government provided for by the constitution."

Banking and Currency.

Banks are urged to give credit preference to essential industry. The federal reserve system, the plank says, should be free from political domination.

Good Roads.

Liberal good roads appropriations are advocated in cooperation with the states. Sums lost in taxation to states having forest reserves should be taken into consideration in determining the apportionment of federal aid, the plank said.

Railroads.

The Esch-Cummins law is endorsed. Government ownership and operation or "employe operation" is opposed. The belief is expressed that "private ownership and operation under proper regulation and control" is more efficient. The plank adds that "fair return" upon actual value of railroad property should be made "reasonably sure" with fair hours, favorable working conditions and wages to employes.

Industry and Commerce.

Existing laws against monopoly and combinations in restraint of trade are approved "in general," but amendments are suggested giving business men "better means of determining in advance whether a proposed combination is or is not unlawful." The federal trade commission, the plank says, under the Democratic administration, has failed to accomplish its purpose.

International Trade.

The party reiterates its belief in the protective tariff and pledges itself to a tariff revision "as soon as conditions shall make it necessary for the preservation of the home markets for American labor, agriculture and industry." It says unsettled international balances and abnormal trade conditions "preclude the formation of a definite program to meet conditions a year hence."

Merchant Marine.

This section endorses the shipping act passed by the last congress and declares for a privately owned and operated merchant marine flying the American flag and manned by American seamen.

Immigration, Etc.

Favors annual registration until naturalized of all aliens, selective tests for immigrants, limitation of immigration compatible with assimilation. This proposed plank declares the existing policy for "practical exclusion" of Asiatics is sound.

Free Speech and Aliens.

This plank "demands" that every citizen shall enjoy constitutional guarantees of free speech, press and assembly. It declares aliens should not be given the right to agitate against the government and that the government has power to deport or exclude aliens who are a "real menace." Because of the "vigorous malpractice of the departments of justice and labor," an

Kills Pesky Bed Bugs P. D. Q.

Just think, a 35c box of P. D. Q. (Pesky Bugs Quietus), makes a quart, enough to kill a million bedbugs, roaches, fleas or moths and stops future generations by killing the eggs and does not injure the finest fabric.

Liquid fire to the bedbugs is what P. D. Q. is like, bedbugs stand as good chance as a snowball in a justly famed heat resort. Patent spout free in every package of P. D. Q., to enable you to kill them and their eggs nests in the cracks.

Look for the devil's head on every box then you'll have what Hospitals have found to be the best insecticide known to science. Special Hospital size, $2.50, makes five gallons—contains 5 ounces—either send to your druggist or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Genuine P. D. Q. is never sold. Sold by Rissr Drug Store and other leading druggists.

STATE COMMANDER ADVISES LEGION TO BACK SCOUTS

In a report bulletin addressed to departments of the state Colonel William J. Millard, commander of the American Legion of Illinois, a recent visitor in this city, enthusiastically endorsed the Boy Scout movement, and urges all posts to give active assistance in making this work an even greater success.

The message is as follows:

"The Boy Scouts of America, to which attention has heretofore been called in a bulletin from these headquarters, is deserving of and should have the aggressive, active and militant support of every post and every member of the American Legion.

"It is one of the greatest forces in the development of thoroughgoing Americanism and of men fit to be Americans.

"The value of these youths to our country will be so tremendous that I feel justified in urging the active cooperation of every member of the legion in the Boy Scout movement."

Continuing the state commander suggests a continuation of post activities during the summer:

"The consideration should be given by all posts to the problem of keeping alive during the summer months the spirit of fellowship

FLAG DAY MONDAY TAGS TO BE SOLD

Monday, June 14, is Flag Day, and the public will be reminded of its significance when members of the Women's Relief corps, will observe the annual flag tag day. Workers will be on the streets during the entire day selling the tiny emblems. Headquarters are to be at the New Harper, and any one who is willing to assist the workers
