## DAVENPORT DOTS

Mrs. T. V. Blakemore, a veritable mother in Israel, has celebrated her 82nd birthday. The octogenarian is one of the few remaining old settlers who wrought well in the history of county and city.

It has been learned that the beginning of the work upon the new bridge which will connect Grand Island with the main land will be made next winter. Messrs. Mengel & Kuehl, proprietors of the island, it will be remembered, recently secured title to two islands which are accretions in formation from the state of Iowa, and upon these the two piers will be erected. The Hawkeye Construction company, of which Mr. Kuehl is a member, will do the work. When the bridge is completed the Tri-City Street Railway company will be invited to use it, and then that new resort will be thoroughly exploited.

The remains of John Collins, cousin of John C. O'Brien, of this city, and brother-in-law of Mrs. Anthony Collins of 1811 West Third street, arrived in the city yesterday morning and were taken to St. Mary's church, where requiem mass was celebrated. Interment was made in St. Mary's cemetery. Deceased died Sunday in St. Louis. He was well known in this city and was a brother of Anthony Collins, the lamented T. W. McClelland employee.

The death of Mrs. Dorothy Dittmer occurred Monday at Morbionia hospital. Mrs. Dittmer was taken to the hospital June 19, and became steadily better so that she was able to return to the home of her parents, Mr. and Mrs. Jacob Hinrichs, of 1509 West Sixth street, Aug. 2, where she became rapidly worse with kidney trouble, and where she died. Her husband is Fred Dittmer. She is survived by five children, Anna, John, Miranda, Fred and Edward, the youngest of whom is but two months old. Mrs. Dittmer was 29 years and 9 months old.

A. P. McQuirk, wife and daughter, have gone to Mackinac, where they will spend about ten days.

Emil Flindt, the young man who recently had his skull fractured while trying to stop a Schiek team which was running away on Third street, and who received several other severe wounds, is reported to be doing well.

Still another burglary has been discovered, perpetrated by the ubiquitous cracksmen with the duplicate keys. The Frank Nadler company's drug store on Fourth and Brady streets was entered some time Saturday night and \$24 taken from the cash register. The matter was reported to the police until Monday

## MOLINE MENTION

Engineer D. W. Mead has written Mayor Wessel that the filter system can be completed this fall if the city cares to have it done. He declares that additional building can be put on the waterworks and the filters installed before winter sets in. The authorities seem to be a little skeptical of such speedy work and there is no likelihood that the work will be done.

The World's Free Street Fair and Carnival company, with 10 separate shows, opened a week's engagement at the corner of Sixth street and Third avenue. The opening performances drew a large crowd which will increase in size as the week progresses. The aggregation includes a Streets of Cairo, vaudeville shows, eruption of Mount Pelee, the cycle whirl, "Zhardina" in her fire dances, "Osco," the snake eater, "Lunetti," the flying lady, a leopard family from the island of Panary, and Capt. High Wallace, who gives a free exhibition before each performance by diving from a 90-foot tower into a tank containing only four feet of water. Other free shows are also given.

The Scott county delegation to the Second district republican congressional convention to be held at Clinton next week met in caucus in this city yesterday afternoon and decided to support William H. Wilson, of Davenport, for the nomination.

The storm of early this morning did considerable damage in the vicinity of this city. On the Harrison street road a milkman named Schuman while driving to the city was washed away in crossing Duck creek, and after drifting for some distance he lodged in a tree. A company of firemen rescued him with a rope. On the Brady street road, a young man named Ruhl was carried away in crossing a creek on horseback and reached the bank after a hard struggle.

# CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antiseptic and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

**It's Quality That Counts**

In Coal it's quality that makes heat, it's quality that retains it, it is quality that makes possible consumption of 90 per cent of the combustible part of it, leaving a light, clean ash; lastly, it's quality that lessens your fuel bills—you're not paying for dirt, refuse or unburnables. The coal we handle both hard and soft deserves all the good things we and our patrons say for it. A ton will talk as loudly as a carload.
