"Mr. Randall," he said, "it was I who shot your poor horse, and I'm ashamed of it. He saved the life of my only cherished treasure on earth. I understand you need capital to stock your ranch. You shall have all you need as long as you like, without interest."

CIGAR MAKERS SYMPATHIZE WITH MINERS—SEND HELP Editor Day Book:

The Progressive Cigar Makers' Union, who are now conducting strikes against the firms of Wohl & Comstock, 1466 Madison street; Solares & Co., Kinzie near State street, and the Jupiter Cigar Co., Lake and Paulina streets, realize just what gun tactics and police brutality mean to unionists when the Manufacturers' Association use such tactics against men trying to better their conditions.

One touch of misery makes the world akin, and when we read in The Day Book the true account of the brutal and cowardly assault on Pres. Chas. Moyer and his associates of the Western Federation of Miners by the gunmen in Calumet we were deeply concerned and grieved. That action coming on immediately after the Christmas eve catastrophe naturally made us wonder what next was in store for the workers.

As we are up against a similar condition here, only on a smaller scale, we sympathize with the W. F. of M., and decided to take up a collection among our members to help out in a small way the miners of Calumet. Our regret is that we are unable to do more, but as we have been on strikes and lockouts for several weeks our boys are broke.

However, out of our scanty resources we secured \$14.70. It will be forwarded to the Western Federation of Miners. The Progressive Cigar Makers' Union.
