SEE SCHOOL TAX RAISE AS REAL HELP FOR SITUATION

Unless the legislature heeds the request of the school board and increases the school tax rate from \$1.05 to \$1.20 salaries will have to be cut or schools closed in May instead of June. The board feels children should not be deprived of school time. Mrs. Ella Flagg Young believes teachers should not be asked to pay for \$1,260,000 worth of education out of their salaries.

The proposed increase would give \$1,500,000 revenue, one-third of the increase the teachers wanted, but sufficient to cover the \$1,260,000 deficit.
