

CANCEROUS ULCERS

ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise

A small pimple came on my jaw, but gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time when the cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the cancer, and my general health continues good. Mrs. R. SHIBER, Wyaconda, Mo.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

It's Quality That Counts

In coal it's quality that makes heat, it's quality that retains, it's quality that makes possible consumption of 90 per cent of the combustible part of it, leaving a light, clean ash; lastly, it's quality that lessens your fuel bill—you're not paying for dirt, refuse or unburnables. The coal we handle, both hard and soft, deserves all the good things we and our patrons say for it. A ton will talk as loudly as a carload.

The defection of Andy Bowers, out of jail only for a few days on the expiration of a sentence for assault and battery perpetrated against his wife, who threatened to bring a criminal prosecution against him for the indictable offense alleged to have been committed with one May, alias Nellie Swan, led him to take sufficient poison to render him unconscious, and necessitate the services of county physician, Dr. C. L. Barewald, and his stomach pump. Andy is denominated by the police, as a gentleman of pretensions, and yet luxurious livelihood. He is said by the police to be a leech on the east side, and is well known to the patrolmen. The police officers thought the man was drunk. Instead of that common offense, he had filled himself with dope, or poison. The service of a stomach pump saved his life.

MOLINE MENTION

Rev. M. V. Crumbaker was called to Fairbury Saturday to attend the funeral of his nephew, William Crumbaker, who was killed by a train in Indiana Thursday. The details in connection with the tragic death are very meagre, the message to Mr. Crumbaker briefly stated that the young man had been killed and that the remains would be taken to his old home at Fairbury for burial. Mr. Crumbaker was a farmer and it is supposed he attempted to cross the railroad with his team and was run down on a crossing. He leaves a widow and two small children to mourn his death, besides his parents and numerous other relatives.

At his trial it was proved by the testimony of Mrs. Cassell and others that he had used abusive language, but the charge of assault was not sustained. Mrs. Cassell said that she was afraid to live with her husband, but it is thought that on account of their four children the trouble will be amicably settled.

Lovers of amateur theatricals have a treat in store in the near future when a comic opera and extravaganza will be presented by the Ladies' Aid society of the Unitarian church. The production will be given by 150 people under the direction of Prof. F. L. Clendenen and his wife and will be put on at the Wagner opera house. The date has not been fixed, but it will be during the early part of next month. The production is entitled "The New World" and has been a great hit wherever it has been seen. It was put on at Ottumwa last summer under the direction of Prof. Clendenen and received the most flattering notice. The opera treats of the landing of Columbus, and is full of catchy songs and dances. A pleasant feature of the performance in Moline will be the Florodora sextet, which has been a hit since first introduced by the Florodora company. The best amateur talent in Moline has been secured to take part in the opera, which will be one of the theatrical treats of the season.
