## Schlitz Beer is Good for You

The malt is a food; the hops a tonic. The alcohol—only 3 1/2 per cent—is an aid to digestion; a healthful stimulant.

Schlitz Beer is brewed with the extreme of cleanliness—cooled in filtered air—and every bottle is sterilized.

It is one of the best things in the world for you. It does not ferment on the stomach, because it is aged—aged for months in refrigerating rooms before it is marketed.

It gives you beer without biliousness. Ask your doctor what he thinks about drinking Schlitz beer. Ask for the Brewery Bottling.

Daly, the well known grocer at the corner of Thirteenth and Brady streets is seeking relief in bankruptcy and has had the first papers in the case forwarded to the United States federal court at Keokuk. Mr. Daly gives his liabilities at over \$3,000 and his assets consist of his stock of groceries, the value of which is not known at present. The papers will be returned to Referee J. M. Helmick in this city who will then set the date for the first meeting of the creditors. All the stock in the Nbare bankruptcy case have been sold but will net a very small dividend for the creditors.

There was filed with the recorder of the county Tuesday a deed which bore the date of October, 1902. It was given by Ruth A. Peterson and husband to C. W. Pierce and convey property for the consideration of \$2,500. The deed had an experience in the Kansas flood of last year. It was lost in the Kaw river and was later recovered from the branches of a tree in which it stuck. The document is wrinkled from having been wet and badly mud stained, but the writing is still legible.

John M. Schmidt, formerly a citizen of Davenport, and father of Mrs. Emil Berg, of 305 Harrison street, and brother-in-law of Mrs. Fredericka Klug, of 608 West Sixth street, died at his home in St. Louis Monday evening. Deceased was 83 years old and lived in this city just before the war, when he removed to St. Louis, where for years he operated one of the large bakeries in the city.

As Mrs. Underwood, of Princeton, was passing Second and Rock Island streets at 2:30 o'clock yesterday afternoon a young man named Ted Heverly snatched her wrist bag containing \$1.50 in money, a Winona ticket and a pair of gold spectacles, and attempted to make way with it. Ruymann is president. Mr. Eckhardt will assume the cashiership at the Security bank about the middle of this month. As yet his successor at the Farmers and Merchants bank has not been appointed.

The bondsmen of S. F. Smith as guardian for Miss Blanche Thistle have been added to the list of Davenporters who are particularly interested in the affairs of S. F. Smith. Investigation has shown that they cannot lose more than a few hundred dollars. A. J. Preston and E. S. Ballard are on the bond. Harry Jones, of Minneapolis, nephew of Mr. Smith, has been in the city for a few days, looking into the condition of the estates of Dr. Samuel Francis Smith, Sr., and his wife, Mr. Smith was executor of both estates. The People's Union Mission has no large loss in sight, and the Edwards Congregational church will not be out only the remaining \$150 of Mr. Smith's subscription to the building fund. It is understood, The Ladies' Industrial Relief society has found its surer ties intact, and some other results of the investigation that is going on are satisfactory to the creditors of Mr. Smith, while others are quite the reverse.

An alarm of fire yesterday summoned the department to the Mueller saw mill at Cook's point in the western part of the city. A blaze was discovered in the shavings house adjoining the boiler room. Plow City Building, Savings and Loan association directors, has decided to continue in the field and bid for local business. The directors were called together to discuss the outlook and the plans for the future, with a view either of closing up affairs voluntarily or continuing in a modest way while the public recovered from the shock of the Warr crash of last fall. The sentiment was general that there was nothing to gain by dissolving the corporation and nothing to lose by continuing in a quiet way, and for this reason it was decided to proceed along the conservative policy that has been maintained since the Warr failure. The association has some \$5,000 in loans, for which 500 shares have been issued. The large list of directors comprises to a considerable extent the stockholders of the association, and they are united in favor of continuing. It is felt that with the reaction will come a revival of building and loan business and a public appreciation of the careful methods of this association.
