

# Whiskey and Beer Habit

PERMANENTLY CURED BY

## "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine acts away the stomach lining and stapes the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

### Cure Effect or Money Refunded.

Ask your druggist when you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

### No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

## DAVENPORT DOTS

Ira H. St. Onge and Mrs. Agnes Scott, two well-known Davenporters, perpetrated a pleasant surprise on their friends yesterday by being married at St. Anthony's church, by Rev. D. J. Flannery, and leaving later on a wedding trip to Chicago. It was a pretty 6 o'clock wedding, with Mr. and Mrs. J. P. Brennan as the attendants, and it will be learned by many friends of the couple with much pleasure. Mr. St. Onge is connected with the St. Onge store, and his wife is a Davenport lady, formerly Miss Agnes Hynes and later Mrs. Clarence Scott.

S. A. Weaver, who has been held to the grand jury for alleged threats and extortion of money from L. R. Walker, the Princeton merchant, has filed an action to recover the sum of \$15,000 from the Princeton capitalist for the alleged alienation of his wife's affections. He alleges as the grounds for his action that in March, 1904, Walker had become intimate with his wife. At that time he and his family of three children, the oldest being 10 years of age, resided on Walker's property, which is known as the "Beamer" farm, and it was there that the alienation complained of occurred. J. A. Hanley appears for the plaintiff.

The investigation into the accounts of S. F. Smith is making progress and is keeping C. A. Mast working overtime, as he is putting in several hours a day as well on his task of inspecting the books of the city officers. The task of straightening Mr. Smith's accounts will be a long and complicated one. Mortgages have been playing hide and seek between the boxes of the different estates for so long, that tracing their devious path from the date they were first entered in one of the estates until they were finally found in some other, or until they disappeared on the way, is quite a job. Mr. Smith, it has been found, was an expert bookkeeper. He kept a beautiful set of books, and he was able to make them balance perfectly, and those who have looked over his transactions feel a growing admiration for the wonderful technique with which he was able to carry along the sadly complicated estates and conceal a shortage until it had grown to \$110,000.

A compromise has been effected in the case of Mrs. Emma Cornwall, widow and administrator of the estate of Lawrence Harry Cornwall, vs. the Davenport Gas & Electric company, whereby the widow agrees to accept the sum of \$5,000 from the defendant company in full for her claim.

Sunday evening at Mercy hospital, after a long illness from typhoid fever, occurred the death of Charles Zarat, Jr., aged 27 years, son of Mr. and Mrs. Charles Zarat, of 727 West Eleventh street.

## IN THE SUBURBS.

### ANDALUSIA.

Andalusia, May 25.—Miss Anna Burkett, of Rock Island, came down Friday for a short visit.

Mrs. J. H. Brookman is very ill with rheumatism.

A. E. Simmons is attending court in Rock Island this week as a petit juror.

Mrs. Cora Bateman, of Kansas, arrived Monday evening to visit her mother, Mrs. J. Davis.

The public school will close Friday with a picnic in the school yard.

Miss Blanche Burgoyne entertained a party of young people from Reynolds Sunday.

William Strohmeyer who has been on a pearl buying trip for several weeks is home for a short time.

Harry Waite and wife were passengers Sunday morning for Davenport to attend the funeral of a relative.

Alec Ballard and wife, who have been visiting relatives for some time have gone to Burlington, Ia.

Mrs. Conard, of Reynolds, who resided here a number of years ago, spent several days of last week with Mrs. Holmes.

Among the speakers here at Memorial day services will be Rev. Kettcamp, of Taylor Ridge, and James G. Britton.

R. G. Thompson, who is at St. Francisville digging clams, came home Saturday and returned Wednesday. He was accompanied by Mrs. Thompson and daughter Charlie.

John Kane has purchased the blacksmith shop and residence from the heirs of the late Helim Mosher. He has also bought the property recently purchased by R. L. Gurnon.

Light frosts during the week did little damage.

According to the summary issued by the department of agriculture for the week ending May 23, the temperature in Illinois was low during the first half of the week, and vegetation, consequently, made but little growth. Toward the end of the week it became warmer, with much needed sunshine. Light frost in many localities of the northern district occurred on several dates, but little or no damage resulted. Precipitation was deficient in the northern portion, and the soil is beginning to show the lack of moisture. In the southern portion most of the week was showery, and farming operations were delayed by wet condition of the soil.

In the northern district the greater portion of the corn crop has been planted, but in the central and southern, not much progress was made with this week, owing to wet weather. Considerable corn on low lands will be

replanted; rendered necessary by poor seed and cold, wet condition of the ground.

The condition of oats is good in the northern district, and fair in the central and southern; they are reported to be thin in the last named districts. Wheat continues to improve, and it is beginning to head in the southern district. Rye is making good growth. Meadows and pastures made rapid growth the latter part of the week, under the influence of warm sunshine.

Opinions as to the condition of fruit are conflicting; it is believed, however, that the outlook for apples is good, for cherries, pears and plums, fair, and for peaches, very poor. It is reported that there will be some peach-orchards in a few localities of the southern portion. Strawberries are abundant and ripening rapidly. Gardens are growing slowly, as are potatoes; considerable replanting has been done.

This lodge will have charge of the funeral services which will be held Thursday afternoon.

Loan Association Notice.

The Rock Island Mutual Building, Loan & Savings Association, the oldest savings institution in this section of the state, is now issuing its 88th series of stock. Regular monthly investments will earn, if left to maturity, 8 per cent, and if withdrawn before maturity a larger per cent than can be obtained in any other channel for savings. All funds are loaned for the building of Rock Island houses, thus giving employment to our own citizens and thereby stimulating home trade in every channel. Mechanics in the building trades, merchants, and all citizens interested in the progress of our city will reap a double advantage through investments in this stock.

## MOLINE MENTION

It will be remembered that when Mrs. Callie H. Howe, one of the national W. C. T. U. speakers was here and delivered the lecture on "The Cost of Intemperance and Who Pays It," the Moline W. C. T. U. offered a prize of \$5 to the high school student who would make the best reproduction of the same in essay form. Judges were appointed who had no connection with the high school or the W. C. T. U. organization. They were: Mrs. G. H. Harison, Rev. W. W. Willard and Dr. Martha Anderson. The decision was made in favor of essay No. 5, because the points made in it counted more than those made in No. 6. When the names belonging to the numbers were furnished by Prof. Smith, the judges became aware that Miss Althea Beal had been awarded the first prize and that Miss Esther Nelson had been given the second prize.

Rev. W. C. Spencer, of the First Baptist church, will this year deliver the sermon to the Grand Army men, Memorial Sunday. Following the usual custom the services will be held at 3 p. m., and the members of Graham post, U. S. V., the Sons of Veterans and the women's auxiliaries to these orders will attend in bodies.

Bernard Rosenstein, brother of Louis Rosenstein, is dead at Wheeling, W. Va. He was the only member of the Swedish Olive lodge of this city who was not of the Swedish nationality. He joined the three link's organization at Wheeling, W. Va., and on moving to this city became a member of the Swedish Olive lodge in which he has been a member for the past 17 years, and while living here was one of the most prominent Odd Fellows in the city. He moved away from this city some eight years ago.

Three more weeks will see the completion of H. A. Barnard's new boat, now in course of construction at the foot of Twentieth street. The wood workers have almost finished their part, and as soon as a few castings arrive, the finishing touches will be put on. Mr. Barnard, John Cornwall and Jerome Magill expect to make to make a visit to St. Louis and the world's fair soon after the trial trip. The wheel has been put in place and connected, and the filler ropes are intact, and there remain to be placed the last links between the engine and propelling apparatus—several gear wheels. A small gasoline engine has also been installed to furnish power for the dynamo so the ship can be lighted when the 60-horse power engine is not in operation.

Moline skat players contemplate entering the national skat tournament at St. Louis this summer, where nearly 2,000 players from all over the country will gather to compete for rich prizes. Adolph Oppenheimer, one of the best players of the thinking card game in this city, left last evening for the "exposition city" for a few days of sightseeing, and he will interest himself in the matter while there.

Who will be the 200th member in the Moline encampment No. 153 is the question which is the uppermost in the minds of the members of that lodge. At a meeting held this week it was decided that the members of the lodge make a united effort to secure 200 members for the lodge. Since July 1, 1903, the local organization has been the largest in the state and the members do not propose to lose the name now. July 1 of last year the membership roll was 187 members and an attempt will be made to have 200 members by next July 1.

Erland Larson, residing at 2609, Fifth avenue, died yesterday after an illness of several months duration with cancer of the stomach. He was born in Sweden, May 20, 1846, and came to America in 1864, settling in this city, which he has made his home ever since. He has been employed by Dimock & Gould for 12 years and for 20 years has worked for Deere & Co. He leaves a wife and six children who are Charles, Axel, Arthur, Victoria, Anna and Reuben. He also leaves two brothers in this city and one living in Sweden. The funeral will be held from the home Thursday afternoon at 2:30 o'clock, Rev. C. A. Hemborg officiating.

## The word Egg-O-See

Spelled in the greatest number of ways

Try how many different ways you can spell Egg-O-See and it will be easy for you to get one of the 745 cash prizes running from \$1.00 to \$100. Divided as follows:

To the one sending the greatest variety of spellings .....	\$100.00
To the second sending the greatest variety of spellings .....	75.00
To the third sending the greatest variety of spellings .....	50.00
To the fourth sending the greatest variety of spellings .....	25.00
To the fifth sending the greatest variety of spellings .....	10.00
To the 745 sending the next greatest variety of spellings .....	745.00
<b>Total .....</b>	<b>\$1000.00</b>

The prizes will be sent out immediately after the close of the contest.

The competition is open to all. The only conditions being that for each five different ways of spelling Egg-O-See you must send in one of the little printed folders, same as used in the school children's drawing contest, found on the inside of each package of Egg-O-See. For instance if you have 15 different spellings it would be necessary to send three folders. Be sure and write your name and address plainly. The spelling must be such as could properly be pronounced Egg-O-See. The school children to whom we have paid thousands of prizes for drawings can all enter into this contest with equal chance of gaining a prize. Save the little folders in the Egg-O-See packages and make out as many ways of spelling as you can, and then ask your parents and friends to add to the list. Here are a few ways of spelling Egg-O-See: Egg-O-Sea, Egg-Oh-Cee, Egg-O-Sy, Eg-O-Cie.
