## DATES FOR COURSE

Y. M. C. A. Announces Five Attractions Booked for This Winter Will Appear.

## ALL AT ILLINOIS THEATRE

Opens Nov. 3 With Haskell Indian Band—Best on the Road.

The Y. M. C. A. of this city, has issued booklets announcing dates for the season's entertainment course. It will be given at the Illinois theatre and consists of the following: Haskell Indian band, Nov. 3; Germaine, the Wizard, Nov. 22; "Sunshine" Willis, Dec. 13; Lorado Taft, Jan. 16; Byron Troubadours, Jan. 30, and Lulu Taylor Gates company, Feb. 27. Tickets are now on sale at the association rooms and their general sale will be in charge of the Association Helpers.

The course is in charge of the Slayton Lyceum Bureau, Chicago, which speaks highly for the quality of the members. The Haskell Indian band, the first attraction, is in the United States Indian service, and has played extensively all over the country. Their concerts are in charge of Dennison Wheelock, who has brought the band up to the top notch of musical art. The organization represents 15 tribes, mainly Sioux, Pueblos, Apaches, Shoshones and Chippewas. Wheelock is an Oneida. The band is composed of 32 pieces, and has been engaged to play at the St. Louis exposition.

Germaine, the Wizard, has traveled widely and gained an enviable reputation as a wit, a master of mystifying deception. He is a magician whose personality delights the public for its ever exuberating flow of wit, and consummation of mysteries. He will be accompanied by his sister, Miss Ida Germaine, an accomplished pianiste, also an attendant to assist in various experiments.

**Lecturer of Two Generations.**  
Dr. A. A. Willis, an "apostle of sunshine," is a successful lecturer of two generations and his name has been common in connection with those of Beecher, Phillips and Gough. Dr. Willis has been lecturing for nearly forty years, yet he remains young in spirit and full in strength.

Lorado Taft, who graduated from the state university at Champaign at the age of 19, when quite young had a penchant for the study of sculpture, and in 1889 he went to Paris and studied for three years for the art in the Ecole des Beaux-Arts. He took honorable mention at the close of the first year, and the first prize of the "atelier" at the end of his third year. In 1886 he became instructor in the Art Institute of Chicago, which position he has held ever since. He is also a member of other sculpture societies of high rank, and is one of the best known sculptors of this country. The Byron Troubadours, novelty music entertainers, consisting of seven colored men, who use piano, harp, violin, mandolin, banjo, saxophone and their own unique instruments. They are gifted artists, and present a varied program of choice vocal and instrumental selections.

Lulu Taylor Gates and her company of artists are well-known. Mrs. Gates' success as a public reader has been commented on largely by the press of the country. Her company consists of excellent musicians.

## BASEBALL BRIEFS.

**Partell**, the former Three-Eye league fielder, seems to have made good with Columbus in the American association.

### May Be Peoria Manager.

Peoria Journal: The men behind the project to transfer the Rockford Three-Eye league team to this city are going ahead with their plans. They have telegraphed to Eddie Holly, late short stop of the Peoria Western league team, to come on to Peoria, with a view to managing the team for next year. Holly closed the season with New Orleans and won the pennant. Red Wright, his partner in business, also played with Springfield, which won the pennant. Eddie is popular in Peoria and has many friends who would like to see him succeed.

### What's That?

Bloomington cleared one thousand dollars on the season.

### Banquet Invitations.

Invitations to the banquet to be given by the Springfield Baseball Association to the managers of the various managers of the various Three-Eye league teams, stockholders, and representatives of the press, Oct. 11, at the Leland, have been sent out. It is expected that at least 75 covers will be laid.

### Play For Big Money.

The rivalry that has been engendered between the fast Erie team and the Clinton Independents during the recent series played at Clinton will come to a head in a game of ball at Erie tomorrow for \$200 a side. In the series at Clinton, Erie lost two of the games, but the players figure that if they get the Independents on their own grass diamond they will have them at their mercy.

### \$500 for Groth.

Decatur, recently awarded the pitcher, Groth, expects to get \$500 for the Wisconsin boy from the Chicago Nationals. Grothner will not be at short for the Commodores next year, as he is dissatisfied and wants to quit.

### Nearly all Married.

The Davenport team under reservation for next year is one of benedicts. The latest to make the matrimonial venture is Alperman, who was married this week at Actna, Pa. The other married members of the team are Williams, Wallace, Crockett, Ives, Vyskocil and Davis.

### Tomorrow's Game.

The All-Stars and Independents will play a game of ball tomorrow afternoon at the Twelfth street park, the following being the lineup of the two teams:

**Independents—**Solmer, 1b; Atkinson, rf; Eng, c; Carse, 2b; Benson, ss; Hanson, 3b; Wilson, p; Holdorf, cf; McGinley, lf.  
**All-Stars—**P. Lister, 1b; Hupp, rf; Dan O'Leary, c; "Peachie" Graham, 2b; W. Davis, ss; J. Connors, 3b; Stauffer, p; Ives, cf; Ruby, lf.

## TO BEGIN BOWLING TUESDAY

City League Matches at Central Alleys—No Game in Tri-City.

The City Bowling league, recently organized and consisting of eight teams, will inaugurate its first game next Tuesday evening at the Central bowling alleys, the teams to participate being the Arsenal, Romans, Kickapoo and West Enders. These teams will play regularly on Tuesday nights, while the other four teams, the Shockers, Colts, Armory, Business Men and Deers & Manser will play each Thursday night. Much interest is being manifested by the league and they are anticipating some interesting games this season. Nightly practice is in evidence at the alleys, and the men are shaping themselves for good bowling. The names of the members of the Arsenal team are the only ones that have been handed in at the alleys. They are C. Hulebus, J. W. Thomas, J. L. Crowl, C. B. McDonald, F. R. Littler, N. F. Boesen, G. Stroh, E. Kolbenstetter, E. Law and F. A. Miller, captain. Owing to the absence of many of the players, there was no game played last night by the Tri-City Bowling league.

## MISS DAUGHERTY'S RECITAL

Interesting Event in Musical Circles at Augustana Chapel Monday.

Monday evening Miss Ethel Daugherty, the new teacher of piano and musical theory at Augustana college, will give a piano recital in the college chapel. This is Miss Daugherty's first appearance in public since her return from Chicago, where she has spent several years studying with some of the best teachers in that city, notably Arthur Friedheim, the famous Russian pianist, who has since returned to Europe.

It is not perhaps generally known that there are but a few copies of the original edition of Chopin extant, even the best of the modern editions being more or less incorrect. One of these copies Friedheim received from Liszt, and it is thus Miss Daugherty has been enabled to present the true rendering of the two great Chopin studies she is to play, the C minor and the etude in thirds, besides possessing the great advantage of having made a special study of the interpretation with a pupil of Liszt, whose playing of Chopin the composer pronounced superior to his own. The program to be rendered follows:

Prelude in B flat ..... Bach  
Toccata ..... Paradies  
Etudes, Op. 10, No. 12; Op. 25, No. 6  
Valse in A flat ..... Chopin  
Racoon ..... Mosowski  
Berceuse ..... Schutt  
Polonaise in E ..... Liszt

### Birthday is Observed.

Last evening, at her home in the Burns building on Second avenue, Mrs. H. L. Darby entertained a company of 20 friends of her husband, fellow employees at Rock Island arsenal, in honor of his 48th birthday anniversary. The rooms were decorated artistically in green and white. A handsome gift was presented the host, the presentation speech being made by Mrs. Otto Bonke. Other tokens were given Mr. Darby. A dainty luncheon was served. The table was decorated with flowers and streamers.

### Colored Woman Expires.

Mrs. Hattie Hart, colored, died yesterday at 2:35 p. m., at her home, 217 Twenty-second street, of cancer of the stomach, aged 33 years. Deceased was born in Arkansas and had resided in this city four years. She is survived by her husband. The funeral will be held tomorrow afternoon from the home, Rev. Smothers, pastor of the Second Baptist church, Davenport, conducting the services. Burial will be made in Chippannock cemetery.

## CONTROL OF ALTON CALLED TO CHAIR

Rock Island Definitely Stated to Have Majority of the C. & A. Shares.

## WILL RULE COMING MEETING

Statement Given Out Says There Will Be No Fight—Stock Goes up.

New York, Oct. 1.—Rock Island railroad interests, with whom John W. Gates and Edwin Hawley are supposed to be acting, have captured control of the Chicago & Alton railroad and will be represented at the company's annual meeting next Tuesday by proxies for something more than 225,000 shares of the stock out of a total of 400,000 shares authorized. Under the law a majority of the stock at the meeting can elect two out of the three directors who are to be chosen.

There have been conferences between the representatives of the Rock Island and Harriman parties interested to establish the legal basis upon which both parties stand, and not to reach a basis for an agreement between these interests which would leave the Alton in Harriman hands, as some Wall street rumors have had it. This semi-official statement as to the situation was made yesterday.

### Will Be No Battle.

"There is no probability of a pitched battle for the Alton. Of the ultimate result there has been no doubt since it was discovered that a majority of the stock was owned by outside interests. To attempt to hold the road and operate it would be mere folly, and is so recognized by all parties. Unless an agreement is arrived at involving terms quite satisfactory to the new owners of the Chicago & Alton the control of the road will certainly lodge in the hands of those owners."

It was announced that the Chicago & Alton preferred stock deposited with Kuhn, Loeb & Co., under the agreement of last December had been sold at a net price of \$84 a share, a price better than the average that has ruled in the market since Jan. 1. When the Alton preferred pool was formed it was supposed that the stock was to figure in some deal with the Union Pacific.

### New Head for M. K. & T.

Chicago, Oct. 1.—H. C. Rouse, president of the Missouri, Kansas & Texas road, has resigned and is succeeded by E. N. Finney of Milwaukee. The new president was manager of construction for the road, a director and a member of the executive board. He also is president of the Milwaukee Trust company. The reason assigned for Mr. Rouse's resignation is a desire to make an extended trip to India.

### Sullivan to Missouri Pacific.

A. W. Sullivan, assistant second vice president of the Illinois Central railroad, has been appointed general manager of the Missouri Pacific, with headquarters in St. Louis. Mr. Sullivan will assume the duties of his new position today. The management of the Illinois Central has decided to abolish the position of assistant second vice president, the special duties which led to the creation of the position having been performed.

## ORPHEON THEATRE HAS A DISASTROUS BLAZE

Davenport Playhouse Put Out of Business by Fire Supposed to be Due to Poor Wiring.

Fire at 1:30 this morning gutted the part back of the curtain at the Orpheon theatre. Third and Perry streets, Davenport. The portion of the house immediately in front of the curtain was also badly scorched. The fire had made great headway before it was discovered and then a general alarm had to be turned in calling out all available firemen before it was gotten under control. The theatre was provided with an asbestos curtain, which was down, and it served to hold the flames back from the main body of the house till the supports were burned away. Then it fell and the blaze spread. The loss will be about \$2,000 including \$600 in the effects of the company that has had an engagement at the house this week. The origin of the fire is unknown but faulty electric wiring is believed to have been responsible.
