

DISHONORS AND HONORS

(Continued from Page One)

accident of getting their... of \$3,074,000, the truth in the... have raised about \$200,000 and there's a sign of much... The campaign is half over... unless Democratic finances... for the better quickly or... putting the brakes on Re-... financial effort, the Demo-... will truly be in a bad way.

Honors and Dishonors Even.
But if one can say the honors... even in the battle of wits on... the stand, the one side seeking to... the charge of an immense... campaign fund and the other trying... to prove that they tried to get... only one-third of what the Demo-... nominee claims was their... goal, so might it be said that dis-... honors were even, too.
For Republicans and Democrats... both had something to be ashamed... of after Tuesday's session of the... senatorial committee. Perhaps... nothing so humiliating has hap-... pened in a senate investigation as... the trouncing given Congressman... Fred A. Britten of Illinois, Republi-... can, who gave out a public state-... ment a few days ago saying the... British government had appropriat-... ed \$87,000 for entertainment pur-... poses of the British embassy in... Washington and that the senate... committee would prove that much... of this had found its way into the... Democratic campaign fund to elect... Governor Cox. Mr. Britten was... promptly summoned at the request... of George White, Democratic na-... tional chairman. He admitted un-... der cross examination that he didn't... know whether the sum of \$87,000... for entertainment purposes was... larger or smaller than sums usual-... ly appropriated by the British or... other governments. He said he... didn't believe it was for entertain-... ment but publicity for the League... of Nations.

Has No Evidence.
Asked to submit evidence, he sub-... mitted a page of newspaper mat-... erial being sent free to newspapers... containing a fiction article praising... the League of Nations. The story... had been published in a magazine... owned at one time by the late Wal-... ter Hines Page, American ambas-... sador to Great Britain, and although... Chairman Kenyon brought out that... Mr. Page had been dead for two... years, Mr. Britten sought to convey... the connection that the British gov-... ernment was behind the thing.
Later in the day, Mr. White of... the Democratic committee said on... the stand that the article had been... offered them and that it was being... considered as a publicity venture. Mr. Britten remarked that while

His Promises!

God makes promises to nations.
Where does He record them?
Sometimes they are given over... the lips of prophets, in the stir-... ring messages of patriotism, in the... summons from those souls who... live highest up toward God and call... their countrymen to come on.
Sometimes God writes His promises... in a book and the sacred page is... handed down as a legacy reciting... the will of God for the land, and... serving as keen patriotism and hope... alive. It was thus God wrote His... promises to the ancient Jew.
But sometimes the hand of God... uses another pen and page. Some-... times He records His promises in... the fertility of the soil, in the kind-... ness of climate, in the noble ex-... tent of the national domain, in the... stretch of mighty forests and wide... plains, in the statures of moun-... tains, in the wealth of fish mines.
Sometimes He speaks in the winds... that sweep the plains, in the rains... that change the desert to a garden,
in the voice of great rivers that... run from high ridges to the sea.

Sometimes He speaks His promise... in the roar of traffic and the hum... of industry and the shout of rising... power. It is thus that God records... His promise to America.
God makes promises to individ-... uals as well as to nations. Where... does He record them?
They are to be found in the bible.
It is a book of hope. It has a con-... quering promise for every hour of... human need. The bible was built... for the storm hours of life. Our... plight can never be so desperate... but by turning to these exceeding... great and precious promises of the... old book we shall find a way out.
Thus God writes down the promises... He makes for the common life.
But sometimes, with a man as... with a nation, he uses another pen... and page. Sometimes He records... His promise on personality, on the... vision He gives you of life, in your... longings and aspirations and ambi-... tions, in the special thing He has... fitted you to do best. Sometimes He... records Himself in opportunity,
sometimes in responsibility. He... writes His messages on circum-... stances. He is talking to you in... daily duties.

he himself is opposed to the League... of Nations he saw nothing disloyal... in the expenditure of funds by... American citizens to carry on a... propaganda for the League of Na-... tions and that it was up to Mr. Britten... to prove the connection, if... any, between the British govern-... ment and the Democratic cam-... paign fund. This Mr. Britten ad-... mitted he couldn't do, but frankly... said he had issued his statement... in the hope that the senatorial... committee would prove the connec-... tion for him, whereupon the bom-... bardment started.
Britten Ridiculed.
Senator Pomerene asked Mr. Britten... if he was a lawyer and if he... knew that opinion and suspi-... cion were neither evidence nor... proof. The Ohio senator rebuked... Mr. Britten, moreover, by asking... him if he, as a member of con-... gress, were not doing a serious... thing to charge a foreign govern-... ment with paying money to inter-... fere in an American political cam-... paign without having so much as... a scintilla of evidence to back up... his charge. Mr. Britten winced... under the chastisement of Repub-... lican and Democratic members of... the committee. Later some men... in the councils of the Republi-... can party said they had felt... ashamed of the performance.

Democrats Get Bombshell.
But if the Republicans felt in-... dignant about one of their num-... ber, it was nothing as compared to... the resentment of the Democratic... leaders when they were apprised... through the testimony of Senator... Harry New of Indiana that in their... own headquarters in New York... John O. Hall of Salem, Ore., was

now employed after he had en-... deavored to sell his services to the... Republicans for a higher figure.
His asset was his knowledge of... how to get the Scandinavian vote.
Senator New revealed lengthy cor-... respondence in which Hall pro-... tested that although he was an... employe of the Democratic admin-... istration at present he was really... a Republican in sympathies and... would gladly work for the Repub-... licans at a stipulated salary. The... Republicans had originally solicited... his services, but found that... he was playing with both sides and... dropped him.
Means End for Hall.
The Democratic national chair-... man, George White, was amazed to... learn that some of his subordinates... had hired Hall, who claimed to be... a college professor. The feeling... was so intense after the revelation... that if investigation shall corrob-... orate Senator New's letters, and... it should prove that the Hall em-... ployed by the Democrats is the... same one with whom the Indiana... senator negotiated, there will be... an instant dismissal of said Hall.
Instead of feeling sad over the af-... fair, the Democrats may well be... glad they were tipped off by their... Republican foes that they had been... duped in this instance.

How About Your Curtains and Draperies?
You, no doubt, will want to hang... new curtains when you house-clean... this fall. If you anticipate new... window drapes you better buy them... now while L. S. McCabe & Co. are... selling them at a big reduction.

YOUR NEXT HAT

The New Autumn Millinery

IS HERE with a refreshingly appealing charm as distinctive, as each model is expressive of the wearer's individuality.

THERE are rich black velvets—exquisitely toned duvetynes—shimmery hatter's plush, featured into becoming, original lines.

WE ARE showing the small feathered hat—the large and medium sized, picturesque shape—the clever tam.

—Smartly trimmed in Tailor Mode, or delightfully, softly draped, showing ostrich—handsome feather garniture and artistic motifs of Bulgarian embroidery.

All are priced most moderately—
\$5.00, \$7.50, \$10.00
AND UP.

“When the Leaves Begin to Turn”

Our cool mornings remind us of Falltime.

FASHION says it's Fall already. Outer garments and hats in Autumn models here generously provided are due for present wear.

Suits--

Styles never before carried such perfect expression of that phrase, “Simple, yet elegant.” Not that decorations are omitted, indeed, they are a perfect riot of embroidery, braiding and fur, all of which add to elegance without detracting from gentility.

Dresses--

Tricotine and similar plain fabrics largely navy and brown, are converted by the applied art into most fetching gowns; garments that radiate elegance and taste while retaining genuine utility.

STOP!

Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

These Two Women Tell of Their Experience.

Carrollton, Ky.—“I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound.”—LILLIAN TRAGER, 624 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—“Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial.”—Mrs. LIZZIE E. WAXNER, R. 1, Box 69, Onalaska, Wis.

Thousands of Such Letters Prove the Curative Value of

Lydia E. Pinkham's Vegetable Compound

Shampoo with Eggol

And your hair will be soft, fluffy and easy to do up. An Eggol shampoo cleans the scalp of every particle of dust, dirt, dandruff and excess oil, and gives the hair a brilliant and lustrous appearance that you can get from no other shampoo.

Twelve Delightful Shampoos for Twenty-five Cents

You will be surprised at the wonderful cleansing qualities of Eggol Shampoo. It clears the pores and lets your hair breathe so it will grow. Eggol Shampoo is sold in 25-cent packages only—at all drug and department stores. Try Eggol today.

First The Fireplace; Then The Furnace; then The Weir Furnace

The fireplace was a pretty thing to look at with its cheerful blaze and crackle—but it wasn't very efficient as a heater. Most of the heat went straight up the flue to warm up “all out doors,” and a little managed to get out into the room and warm up that part of the house. Pretty, yes—but expensive and wasteful.

Then came the furnace with its heated dome which radiated more heat into the rooms, but still allowed an appalling amount of perfectly good heat to escape—at big expense to the owner.

And Then The Weir With Its Fuel Saving Extra Heat Drum

was invented and it has been saving coal ever since. In the WEIR the fuel has to heat almost 30 square feet of extra radiating surface before it gets to the flue—and this extra heat used means a saving of 25% to 30% in Fuel Expenses for all owners of The Weir Furnace.

With coal costing what it does, this is a matter distinctly worth looking into. Examination of the WEIR makes it perfectly easy for anyone to see just how the saving is effected.
