MARTINIQUE ELECTS JUDGES BY EASY METHOD
Paris.—Three judges in the island of Martinique were elected recently by majorities that far exceeded the number of voters in certain districts that they have been charged with election irregularities. Investigation, according to the prosecution, showed that 5,000 dead men were recorded as voting for one of the three while the other two contented themselves with a like number of imaginary supporters between them.
The voting lists were prepared by the judges.

Husky Men are Eating Salads
They Are Also Eating Rich Pastry and Highly Seasoned Foods That Call for Stuart's Dyspepsia Tablets.
In the big, palatial restaurants of the large cities their principal patronage comes from the out-of-town visitors. No lunch counter sandwiches for them. They like the entrees, salads, rich pastry and a cup of black coffee with rich cream. This combination is likely to overcrowd the stomach, to cause acidity with sour risings, gasiness, a feeling of fullness and other such distresses due to indigestion or dyspepsia. Wherever you go in any city in the U. S. or Canada you will find Stuart's Dyspepsia Tablets on sale at 60 cents a box. Take one or two after eating as they relieve the acid stomach and at the same time help digest the food.—(Adv.)

MAKERS AND BREAKERS
BY DR. JAMES L. YAMER.
A great thing to be a maker, to look out on chaos, at God's aid, at dawn, and say: "Let be!"
Then there are the breakers. They are the people who pile things in the way. They depress and discourage and tear down. They can scent anything that is wrong, and there is always something wrong. They have the critical instinct abnormally developed. Such people can ruin any enterprise. They can spoil any picnic. They can break up any Eden. They stop progress and prevent enterprise. They paralyze faith and discredit hope. They are the butchers of civilization.
If I cannot build up, God forbid that I should tear down! If I cannot make the day brighter and the way easier for some fellow-traveler, I have missed my chance.
