It Is Fashionable Nowadays TO LOOK FOR VALUES In Women's Wearables

Of course, garments must be smart, good-looking and becoming; but it is noticeable that more and more, women are insisting not merely upon good style, but upon enduring style—the good style that goes beyond the fashion fads of the immediate season.

In our buying we always keep this fact in mind and the result is very evident in the splendid stocks of coats and suits combining a full measure of quality and service with their style and beauty.

Prices Are Noticeably Lower than those of past seasons For Garments of Like Character

COATS at \$25
 Stunning warm wool coats in the height of fashion at the lowest prices we have seen for many a day. Other splendid values at \$17.50 to \$75.

SUITS at \$37.50
 There is real dollars and cents value in these all wool, silk lined tricotine suits at this price. Other suits to \$100 and good serge suits as low as \$25.

Decidedly practical and value-full are these attractive SERGE DRESSES AT \$17.50, \$20 AND \$25

More than ordinary value in these dresses, not only because the prices are unusually low for dresses of their style and quality—but because of their utility for so many occasions—almost indispensable.

Dressy Satin Frocks, too, are included in this Price Range

Skirts \$5.75
 More of these excellent wool serge and velour check skirts at this price.

Silk Flounce Petticoats \$2.50
 Back to pre-war prices come the silk flounce petticoats.

Blouses \$5.75
 Georgette, crepe de chine and tulle blouses now selling at the lower price level.
