

### SAFETY DRIVE MILLS, DRIVERS NEED TRAINING

...the Pennsylvania system has an-  
...in June, July and August  
...crossing casual-  
...increased 20 per cent over last  
...  
...this year's large increase in  
...is chargeable al-  
...to growth in the rock-  
...and experienced driving of  
...is shown by the fact  
...at highway cross-  
...from all other causes combin-  
...  
...responsibility of automobile  
...for the safety of riders in  
...states the bulletin, "is  
...than that of locomotive en-  
...for the safety of their  
...passengers. It is, therefore,  
...to note that, as against  
...lost in only three months  
...driving of motor cars

over trucks, there were 20 persons  
killed in accidents on this line  
in the year 1921.  
Analysis of crossing accidents  
shows that the vast majority of  
such accidents are attributable to  
a comparatively small percent-  
age of inexperienced and irrespon-  
sible automobile drivers who have  
lacked the knowledge, training or  
judgment required for the safe op-  
eration of such machines. The re-  
sult often failure to exercise  
even the most ordinary precautions  
necessary for the protection of life  
when approaching or driving over  
railroad tracks.  
"However, reckless driving of  
automobiles is not confined to high-  
way crossings. This is shown by  
the daily reports in the newspapers  
of accidents caused by driving au-  
tomobiles into telegraph poles, or  
stone walls, and by striking, side-  
swiping, turning over and collid-  
ing. From this running chronicle  
of death and injury, the conclusion  
would seem warranted that what is  
needed at the present time is not  
merely a "Careful Crossing" cam-  
paign to concentrate attention on  
crossing accidents alone, but a na-  
tional campaign, carefully planned  
and directed against all forms of  
careless automobile driving.  
"In this way possibly some im-  
provement may be made on the au-  
tomobile accident record, which  
shows 12,599 persons killed and  
300,000 injured in the United States  
for the year 1921."

### 'UNCLE JOE' IN MOTOR CAR HITS OLD HOME TRAIL

Leaves Capital in Old Car; Will  
Drive Into Danville Saturday  
"With Bells On."

Washington, Oct. 4.—With an old  
stouch hat cocked on the side of  
his head, "Uncle Joe" Cannon start-  
ed out by automobile yesterday for  
Danville, Ill., traveling over the  
old National pike his parents took  
53 years ago in emigrating west-  
ward.  
The veteran legislator was full of  
pep as he stepped into his car  
at the capitol and told Lester Mor-  
ris, for 10 years his chauffeur, and  
his sole companion on the trip, to  
"give her the gas."  
He waved the old hat, reached for  
a cigar and smiled.  
Declines New Car.  
Just before leaving Mr. Cannon  
received a telegram from H. H.  
Franklin, the automobile manufactur-  
er at Syracuse, N. Y., offering  
to send down his best car, open or  
closed, and his crack driver, but  
the veteran declined.
