

WILD MELEE TO DUBUQUE, 12 TO 11

FIVE ISLANDER PITCHERS USED IN TEN SPASMS

Locals Fight Way to Tie in Ninth Only to Lose Out in Over-time Round.

(Special to The Argus.)

Dubuque, Iowa, May 13.—Five Islander pitchers were unable to stop the onslaught of the home club here yesterday and Dubuque won the fourth and deciding game of the series from Rock Island by a score of 12 to 11. The contest required 10 innings.

Fred Radloff, who started on the mound for the Islanders, was hit hard for three innings. Dubuque wasted little time on his offerings. A double, single and base on balls counted one run but three others scored in the first were donated.

Elkins was greeted in the fourth inning by a triple and three singles, which counted three runs. Sam Holden, who relieved him, yielded three runs in the sixth when Brownley, a recruit, cleaned the sacks with a triple.

The Islanders were forced to fight an uphill battle all the way on account of the weakness of the pitching.

The Islanders scored one in the first and two in the second when Jelinek tripled and Fillingham and Norton singled. The Islanders added one in the fifth but Dubuque's three in the sixth made the count stand 11 to 4 against the visitors at that stage.

Sam Holden, who relieved him, yielded three runs in the sixth when Brownley, a recruit, cleaned the sacks with a triple.

Errors enabled the Islanders to score three in the seventh. In the eighth the Islanders again filled the bases, principally due to Dubuque misplays. Then Gray, pitching for Craig, drove the ball to far left field for three bases and scoring all runners.

The Islanders tied the score in the ninth on a triple by Jelinek and strike by Fillingham.

Dubuque won out in the 10th. Young doubled, took third on an error by Conzelmann and registered when Anderson drove the ball into deep center for three bases.

Lawn tennis experts interviewed today without exception expressed doubt as to the assertion recently made that the present lawn tennis season will be the volleying game brought to its highest pinnacle and that the back court game will be of secondary importance.

As a matter of fact, if play in the course of American tennis season will prove anything it will demonstrate, I think, a wise and judicious mixture of the volley and back court game as exemplified by the three greatest players we have, to-wit, Tilden, Johnston and Richards.

In fact, of the outstanding players who will be in action this season it is likely that Willis Davis, the Californian, will be found as exemplar of the lightning attack based on service of the close net volley immediately following.

British golfing critics think that the present decline in the prowess of British pros is due to the fact that they are now a pampered breed. In the old days, it is pointed out, a pro had to fight like grim death to win in order to make his expenses. There was always the risk if he failed, that he would not be in possession of the wherewithal to return to his home.

Speaking of good old Yankee names in professional sport, a friend writes to ask what is the matter with Jesse and Virgil Barnes, Cecil Causey, Ross Young and Philip Douglas, all of the Giants.

"It is interesting to calculate," says a crack amateur golfer, who together with most of his kind has developed a lucrative journalistic sideline, "what could be done by second and third rate players to lower their strokes without improving their skill?"

London, May 13.—(By the Associated Press.)—Jack Dempsey, accompanied by the two rather forbidding looking dogs he acquired recently, which caused photographers to keep at a respectful distance, boarded a train at Waterloo station today for Southampton to sail on the Aquitania for New York.

Friedl, After Getting Away to Poor Start, Pitches Airtight Baseball.

(Special to The Argus.)

Marshalltown, Iowa, May 13.—After spotting Ottumwa two runs in the first, Friedl yesterday held the visitors to four scattered hits and Marshalltown won, 3 to 2. Friedl passed two and emitted two wild heaves, scoring two runs in all he passed eight. Marshalltown tied in sixth and pushed the winning run over in ninth when Clemmons doubled and Sullivan singled.

GAMES TOMORROW. Rock Island at Waterloo, Ottumwa at Dubuque, Cedar Rapids at Marshalltown.

Three out of four were lost to Dubuque by one score. Trouble seems to be in the pitching staff, which at start looked promising. The boys sweat the ball and all that but the hurriers seem unable to maintain the advantage.

However, the Islanders are still on top, even though sharing the honors with Marshalltown. A change of scenery should do the boys some good.

Pitchers Arnold Elkins and Paul Wilson were released yesterday. Wilson was immediately signed by Dubuque, although the Mullen crew hit him hard in the opening game of the series.

Larry Mullen has also signed Goodrich, a Kewanee boy, who was with the Islanders during spring training. Goodrich is an infielder.

Fillingham, leftfielder, is playing a listless game. Wouldn't be a bit surprised to hear of Manager Conzelmann replacing him in the near future, if reports from Dubuque are to be credited.

Preston Gray, the slugging outfielder and pitcher, delivered in great style as a pinch hitter yesterday. Taking Craig's place at bat.

SAYS LEONARD BRITTON BOUT NOT ON LEVEL

New Jersey Promoter Protests Against Clash.

BY FAIR PLAY. (Copyright, 1922, by The Argus.) New York, May 13.—These Jersey men certainly do know how to kick up a fuss. Following the announcement that Frank Flournoy of the Madison Square Garden company had signed up Benny Leonard and Jack Britton for a battle either at the New York Velodrome, now in process of construction, or in New Jersey, on June 1, J. Frank Black, who controls fighting in the Jersey City armory, comes to the bat with a loud howl.

Black says he still holds Jack Britton's contract for a match with Leonard in August of last year at Harrison field. He also holds a telegram from Billy Gibson, Leonard's manager, sent three days after the Leonard-Kansas match at Harrison last year, to go ahead with arrangements.

Everything was set for the fight, says Black, when the Jersey boxing authority advised Black that the fight was not on the level and could not be pulled. So ask Black, if the fight was not on the level then, why is it on the level now.

Black says that Velodrome stuff is all a stall and that at the proper time it will be announced that the new structure cannot be finished by June 1, and that, therefore, the battle will go to Boyle's Thirty Acres. Will it? Well, Black is going to see about that. Just now he is at work on a circular letter which will advise sporting editors as to what certain men high up said about the match three months ago.

The holding that Lewis and Carpenter did in their battle is the very thing that is held by English critics as seriously injuring the sport of boxing in England. All the heavyweight bouts held in London of late have been characterized by hugging and hanging on.

PADGETT PUT AWAY IN 6TH BY SCHLAIFER

Cowboy From Denver Takes Terrible Beating From the Omaha Mauler.

BY J. L. HUGHES.

"Cowboy" Padgett's hopes of ultimately wrestling the welterweight title from the veteran come of Jack Britton were somewhat blighted last night.

Morrie Schlaifer, the Omaha mauler, plastered the Colorado ranchman all over the Coliseum ring in the fifth and part of the sixth rounds. With the cowboy hanging helpless on the ropes, after a minute of the sixth round had passed, Referee Ed Smith stopped the bout.

It was a technical knockout for Schlaifer, to be sure, but about the most decisive thing that could have happened. Padgett was completely beaten. He clung to the ropes for support because his brain refused to tell him the best thing to do was to drop. The referee stopped the proceedings just in time. Another blow from Schlaifer might have caused the cowboy serious injury.

Padgett caused his own undoing. He tried to make a vaudeville of the serious business of fighting by deliberately making Schlaifer appear ludicrous. Frequently in the first four rounds, Padgett indicated his jaw with his glove and invited Schlaifer to try for a target.

The easy going Morrie merely smiled in return, and for a time the crowd really felt that at last it was seeing the superior of the Omaha youth in action.

Padgett learned in the fifth that he could carry his funny stuff just a bit too far. He began to dance and hop around the ring for the purpose alone of making Schlaifer miss blow after blow. The slower moving Nebraskan for a minute looked as if he was a mere novice. But the good-natured smile had left his face.

In the closing seconds of the round, Morrie cornered the swiftly moving Padgett, and that was the beginning of the end. Pandemonium broke loose with the sudden change in favor of Schlaifer. The bell rang but Morrie did not hear. He continued to reign blow after blow on the thoroughly chastized cowboy before the referee could pull him away.

Padgett came up for the sixth cautious. But it was too late. Morrie went after him viciously and within a minute the excitement was over.

FRUSH REISLER MAY BE BARRED FROM MICHIGAN

Detroit, Mich., May 13.—Danny Frush of Cleveland, and Johnny Reisler of New York, probably will be suspended from Michigan rings for a year, according to Charles P. Campau, boxing commissioner, as a result of their alleged failure to put forth their best efforts in a bout here last night.

They were scheduled to go 10 rounds. The bout was stopped by Campau's order in the second.

Both fighters, it was said, became dissatisfied before the fight with the purses they were signed up to receive. Few attempts were made by either man to land a punch.

BUNNIES TAKE FINAL OF SET BY 12-4 SCORE

(Special to The Argus.)

Waterloo, Ia., May 13.—Cedar Rapids evened up the Waterloo series by winning the final game, 12 to 4. Stimson was hit hard and passed nine men. Lewis' base running and Speas' hitting were features. Lewis scored four runs and stole three bases. Speas hit safely three times, one being a triple.

Some Pitcher to Win Fame When He Succeeds in Blanking Minneapolis.

BY JOHN B. FOSTER. (Copyright, 1922, by The Argus.)

New York, May 13.—The Minneapolis team, as a team, has played more than two hundred games without being shut out. It is a wonderful performance in baseball even if the team has not had the same players from the time that it started its scoring run in 1920 until the present. President Hickey of the American association has claimed a world's record for the performance and is pleased over it as he is over the fine light that is being made in his organization for its championship.

A request was made of the "Little Red Book" editor to verify the world's record claim by Minneapolis. All sources of information have been sought and to date nothing has been found that will suggest the possibility of a mistake about the record belonging to Minneapolis. The 200th game was played on Sunday and since then Minneapolis has scored steadily against its rivals so that the consecutive performance is still running.

The odds against an achievement of this kind are as great as the number of games combined with number of innings and number of batters who might not have been able to make runs. Honor and fame await the first pitcher who shall be able to stop Minneapolis from flaunting the flag of the "Great Unwhitewashed."

Class AA baseball is only a little removed from major league baseball as most of the class AA brand is manufactured by old leaguers who have served their apprenticeship and then their time with class A clubs.

For that reason the brilliancy of the performance of the Minneapolis club should not be dimmed by referring to it as a minor league success. A major league club would well thank its stars if it could show something equally creditable.

FAIR WEATHER FOR DERBY RUN

Louisville, Ky., May 13.—The more than 70,000 persons who will witness the running here this afternoon of the Forty-eighth renewal of the Kentucky Derby, awoke today to find the sky cloudless and the early sunshine giving promise of summer heat.

A lightning fast track is assured, barring a sudden and unforeseen change in weather conditions. The exact minute of the start of the classic can not be determined, but the barrier will be snapped between 5 and 5:15 o'clock, it is generally agreed, the Derby being the fifth race on the card.

REGISTERED GUN TOURNAMENT AT KEWANEE, MAY 25

(Special to The Argus.)

Kewanee, Ill., May 13.—Midland Gun club, Galva-Kewanee organization, announces a registered tournament May 25. Shooters from all parts of the state will attend. American trapshooting rules will govern.

DEPART DETROIT RED. Washington, May 13.—Nicholas Mansevich, officially qualified as delegate in the "soviet of Detroit," was ordered deported.

WILLIAMS GETS ELEVENTH HOME RUN OF SEASON

Philadelphia, Pa., May 13.—Six home runs featured the first game of the Browns yesterday, in which the Browns defeated Philadelphia, 13 to 4. Kenneth Williams hit his 11th homer of the season while Sisler, McManus, Dykes, Miller and Shorten also made circuit clouts.

St. Louis drove Harris and Moore from the mound, while Shocker held the locals safely.
