LEGAL HEADLINE LENSES ARE BEING SOLD BY TWO MEN

Rock Island police have been instructed to arrest two men who are touring the country and selling a certain style of lenses for headlights of automobiles, to garages in various cities.

The lenses are being represented by the salesman, it is said, to comply with the National automobile laws. The lenses cover the upper part of the headlights, the lower part of the other glass. They do not comply with the latter vehicle laws and the same are wanted by the sheriff of Woodford county on a warrant charging obtaining money by false pretenses.
