

BRUNDRAGE CHECKING VICE AND CRIME FACTS BEFORE RECALLING GRAND JURY

MOLINE WOMAN THROWS HERSELF BEFORE TRAIN; WHEELS CUT BODY IN TWO

Wanders From Home at 2 O'Clock and Is Soon After Missed.

Throwing herself onto the tracks in front of a Rock Island freight train, Mrs. Edward Pullen, 55 years old, 433 Forty-ninth street, Moline, was instantly killed at 2:10 o'clock this morning.

Mrs. Pullen had been ill for two years. This condition brought on attacks of despondency, and members of the family believe that she wandered off while in a state of dementia.

Members of the family were unaware that Mrs. Pullen had left the house until shortly after 2 o'clock when her husband, returning home late, found her bed empty.

Before retiring last night Mrs. Pullen took a sedative, declaring that she was going to have a good night's rest.

The train which killed Mrs. Pullen was a freight from the Missouri division of the Rock Island Lines going into the Silvis shops for re-

(Continued on Page Fourteen.)

BUILD PLANE TO CARRY BIG GUN

French Construct Machine With One of Famous 75's Mounted for Night Bombardment.

Washington, Nov. 14.—Completion of a giant cannon-carrying airplane for night bombardment—claimed to be the first airplane constructed for artillery—was reported to the commerce department today by Vice Consul Harold D. Finley at Havre.

The plane is made entirely of metal and is propelled by four motors of 400 horsepower each. It is six meters high, with a fuselage 20 meters in length, has a wing spread of 30 meters and weighs 10 metric tons fully equipped.

It is capable of a speed of 150 kilometers an hour. The machine is to be put through a series of tests by the engineers for the air ministry.

CANADIANS CHEER SIMS. Toronto, Nov. 14.—Rear Admiral William S. Sims, U. S. N. retired, was cheered when he said he was pro-British because the British were good sports.

She appeared with her seat in the forenoon. During the afternoon those behind her granted her an hour's leave of absence so she could attend a class.

She returned on the run and was the first to enter when the doors were opened.

WORLD SERIES FANS NOT IN IT WITH THIS GIRL

New York, Nov. 14.—A co-ed from Kansas, seated on a crack-up box and munching cakes of chocolate, was the first in the long line waiting for gallery seats at the opening of the Metropolitan Opera company's season last night.

She appeared with her seat in the forenoon. During the afternoon those behind her granted her an hour's leave of absence so she could attend a class.

STATE PUT ON OFFENSIVE IN HERRIN CASE

Forced to Use Seventh Challenge to Excuse Juror.

Marion, Ill., Nov. 14.—(By the Associated Press.)—The state again was put on the offensive today when it was compelled to use its seventh peremptory challenge in excusing George Baker, a venireman, in the trial of five men charged with murder in connection with the Herring mine killings.

Using its peremptory challenge on Baker forced the state to take the lead in examining prospective jurors.

Three Tentatively Picked. Marion, Ill., Nov. 14.—With three jurors tentatively selected, selection of a jury in the case of five men charged with murder in connection with the Herring mine killings last June has made better progress than was expected.

Indications are that the prospective jurors, all farmers, will be finally accepted by both the defense and prosecution, according to the attorneys, and the jury is expected to be completed within a week or 10 days.

Delos Duty, state's attorney, representing the prosecution, has exercised four of the state's 100 peremptory challenges, and Rufus Neely, who is examining veniremen for the defense, used one of his 100 challenges.

Both of the attorneys are acquainted personally with almost all of the veniremen and in many cases examination sounds like a family reunion, as the men have been lifelong residents of Williamson county.

TRAIN VICTIM

MRS. EDWARD PULLEN.

WHO'S DRY? WHO'S WET? WHO KNOWS?

Lawrence Says Nobody Knows and Many Congressmen Wonder.

BY DAVID LAWRENCE. (Copyright, 1922, by The Argus.)

Washington, D. C., Nov. 14.—Is there any hope for beer and light wines? Did last week's election help the "wets" or the "drys" and when can the next move on either side be expected—and what will come of it?

These questions have been asked a thousand times since the two national organizations fighting for an opposed to prohibition began their series of conflicting claims.

The truth lies between the two as usual. Each side can present convincing figures to show that congress is still dry or will be wet as the case may be.

Both of the attorneys are acquainted personally with almost all of the veniremen and in many cases examination sounds like a family reunion, as the men have been lifelong residents of Williamson county.

Kills Guard In Effort to Flee Prison

Leavenworth, Kan., Nov. 14.—(By the Associated Press.)—In a desperate but unsuccessful attempt to escape from the federal penitentiary, shortly before noon today, Joe Martinez, serving a sentence for murder, fatally stabbed A. P. Leonard, captain of the guards, and knifed four other guards, two dangerously.

Martinez was shot by one of the guards and later taken to a hospital where he was found hiding in a coal bunker. The extent of his wounds has not been determined.

Captain Leonard was standing near the power house when Martinez came from behind and stabbed him through the heart with a knife he had secretly obtained.

The four other guards whom he stabbed were Martin Lengy, George Logan, Will Doidge and Joseph Durkin. Doidge and Logan were the most seriously wounded.

Martinez, a Mexican, served as a soldier in the 125th infantry during the war. He was convicted in France on a charge of first degree murder and sentenced to serve 25 years. He was received at the Leavenworth penitentiary in December, 1918.

PHILLIPS CASE IS DRAWN OUT

Don't Reach Jury Before Wednesday; Defense Attacks Mrs. Caffee as "Perjurer."

Los Angeles, Calif., Nov. 14.—Accquittal, or at the worst, manslaughter. Those are the only possible verdicts in the case of Mrs. Clara Phillips, on trial for the murder of Mrs. Alberta Tremaine Meadows, according to Bertram Herrington, chief defense counsel, who, after taking up all of yesterday's session with his argument to the jury, was expected to continue through much of today.

Mr. Herrington pleaded with the jury to acquit his client, however, declaring it was Mrs. Peggy Caffee, state witness for the state, and not Mrs. Phillips, who struck the hammer blows which brought death to Mrs. Meadows.

Phillips, and at the present trial, declaring she was a "perjurer" and her story "a stack of manufactured incidents."

When Mr. Herrington concludes, Charles W. Fricke, deputy district attorney, will close for the state. Indications were that the case would not go to the jury before Wednesday.

ARREST TEN IN HETER KILLING

Springfield Police to Grill Suspects in Case of Motorman Who Was Shot Down.

Springfield, Ill., Nov. 14.—Ten suspects had been taken by the Springfield police this morning, following the killing last midnight of William Heter, street car motorman, who refused to surrender to a gunman the evening's passenger receipts. He lost his life in defiance of less than \$10 worth of change.

One of the men arrested by the police, who gave his name as Wilbert Johnson of Diverson, carried an unarm. They included Bryan Brewer of Hannibal, Mo. They will be subjected to a grilling by police.

NEW QUAKE ROCK CHILE PORT TOWNS

Death Toll of First Shocks Reaches 1,500; May Go Higher.

Santiago, Chile, Nov. 14.—(By the Associated Press.)—Chile was again visited by earth shocks late last night. Severe tremors were felt at La Serena capital of the province of Coquimbo, at 11 o'clock, and half an hour earlier the seaport of Antofagasta, capital of the province of Maule, was shaken, according to advices received here by the National Telegraph.

Advices from Antofagasta filed at 9:30 last night said a strong earthquake had just been felt at Talca, a seaport of several thousand population only a few miles from Antofagasta.

La Serena was one of the cities severely stricken by the earthquake of last Saturday morning, which took a toll of more than 1,500 lives in various parts of Chile.

Full Damage Unknown. The extent of casualties and property damage wrought by the tremors and tidal waves three days ago has not yet been fully learned, as communication lines still are out of order in many regions.

The mayor of Antofagasta has received a message from the mayor of Vienna, a village in the province of Atacama, telling of the effect of the earthquake there. The mayor said public buildings, churches and the telegraph office were badly damaged.

The commercial quarter is in ruins and so are the schools. The hospital was damaged and the dispensary destroyed. No loss of life was reported.

Schools and public buildings at Paiguano are also in ruins and neighboring villages in the province of Coquimbo have been greatly damaged.

Pacific Still Disturbed. The Pacific ocean seems not yet to have fully recovered its equilibrium as the result of last week's disturbances, or else there have been some new movements under the ocean bed.

Antofagasta reports say that yesterday the sea bed ebbed and then came booming back on the shores three times, the tidal waves of last Saturday.

Property losses will amount to millions of dollars. The town of Valparaiso seems to have suffered most. Only three houses remain standing there and 700 of the inhabitants are dead.

The list of dead throughout the country will probably reach somewhere between 1,500 and 2,000.

The dead counted at Copiapo so far number 60 and the injured 110. There are no lights in the town and the inhabitants are camping out.

The telegraph offices at Santiago present pitiful scenes. Crowds gather about all day seeking information about the fate of friends and relatives in the devastated regions. Such messages of inquiry are transmitted free by the national lines.

Considerable uneasiness has been caused by prediction of an Argentine meteorologist that the earthquakes would be repeated between Dec. 5 and 7.

The 600 bodies already recovered from the ruins of the city of Valparaiso were carried to the public square and after they had been identified, were burned.

PANA, ILL., RAIL STATION ROBBED

Pana, Ill., Nov. 14.—Robbers early yesterday dynamited the safe in the Baltimore & Ohio passenger station here, and escaped with approximately \$300 in cash. Search is being made for three strange men seen near the station about 6 a. m.

Stage Day Mail Theft Downstate

Cartersville, Ill., Nov. 14.—(By the Associated Press.)—Four men today held up William Knutt, a post-office messenger, on the main street of Cartersville and stole a pouch of first class mail. A posse was organized immediately and the quartet is said to be surrounded in a woods several miles north of here.

It was believed the pouch contained a coal mine pay roll, but officials of the various collieries in this district stated today no pay roll money was expected for several days. Consequently, Miss Elizabeth Washburn, assistant postmaster, stated the quartet obtained nothing of value.

Knutt was bringing the pouch from the railroad station to the local postoffice in an automobile when the four men ordered him to stop. Two pressed revolvers against his breast while the other two seized the pouch, threw it into their automobile and started off in a northern direction.

A posse organized several minutes after the robbery occurred and pursued the bandits. An unverified report stated that the men had surrendered.

PARLEY WILL PRECEDE MEET AT LAUSANNE

Premiers to Confer Before Meeting Turks.

London, Nov. 14.—(By the Associated Press.)—The troublesome question of how a meeting of the allies could be arranged before the Lausanne peace conference for the purpose of outlining the allied program, as Great Britain has insisted, has been solved as a result of an exchange of messages by the chancelleries at Paris, Rome and London.

Neither Premier Poincare of France nor Mussolini of Italy could leave his capital for a conference elsewhere before proceeding to Lausanne, it has developed, but Lord Curzon, the British secretary for foreign affairs, has arranged to see Premier Poincare in Paris on his way to Lausanne, probably on Thursday and the conversation will be continued by the two on the train from Paris to Lausanne.

Premier Mussolini has arranged to leave Rome for Lausanne Friday and join his colleagues for a preliminary meeting at Lausanne Sunday.

Reports from Geneva that the Turks would refuse to enter the Lausanne conference if the allies made any preliminary arrangements, evoked a statement in official circles that little importance was attached to this. It was pointed out that it was the customary thing for the allies to have preliminary conferences under similar circumstances and that there was no logical ground on which the Turks could protest against such a meeting now. Official messages from Constantinople today indicated the situation there was somewhat easier.

It was stated here that the Turks were not becoming any more uncooperative.

The opinion is expressed in official quarters that in view of the easing of the tension the allied representatives at Constantinople have decided it is unnecessary, for the present, to proclaim a state of siege.

A news agency dispatch from Constantinople, dated Monday, said the allies had handed Rodosto over to the nationalists and that Adrianople would be turned over next Sunday.

Turks Doff Fezzes. Lausanne, Nov. 14.—(By the Associated Press.)—As a spectacle the Turkish delegation to the peace conference has been a keen disappointment to the people of Lausanne. Not a single member of the delegation wears the red fez. Most of the delegates have even laid aside their astrakhan caps and are so conventionally dressed in derbies and European overcoats and suits that the curious Swiss are unable to distinguish the Turks from other guests at the Palace hotel.

The only Oriental touch about the Turkish party today was provided by several Turkish newspaper men attending the conference. They still wear bright fezzes. Several of the Turkish delegates are red haired and so unlike the stage Turk that curious observers never suspect them of being with the Angora delegation. Dr. Riza Nur Bey, the second member of the delegation and a well known physician, has light hair and blue eyes.

MISSIONARY RESCUED. Shanghai, Nov. 14.—A messenger said H. E. Legard, member of the China Inland mission, kidnaped by Homan bandits Oct. 23, had been rescued.

ATTORNEY GENERAL HAS BEEN DIRECTING DOUBLE INQUIRY IN ROCK ISLAND

SCHOOL LAW IN OREGON STIRS UP NEW STRIFE

Bill Hits Private and Parochial Institutions.

BY C. T. HARDY. Consolidated Press Correspondent. (Copyright, 1922, by The Argus.)

Portland, Ore., Nov. 14.—Out of the post-election fog from which politicians in Oregon are striving vainly to emerge, looms one shadowy shape, one dimly illumined shadow that is causing doubt and fear, anger, joy, exultation, remorse and wonder. It is the "compulsory education bill," the latest triumph of Oregon's initiative principle of government. The shadowy shape looks like, it is a school house with the American flag fluttering behind it, apparently tottering, is something else. It is the ruin of the private school with little children locked out. These include the Lutheran schools, the Catholic parochial schools, the military academy, the fashionable schools for the "poor little rich girls." And behind them, who is that famished looking creature stalking about with no place to lay his head? That is the man who used to be a private tutor but whose occupation—like Othello's—is gone.

That is the picture that has emerged from the fog. In the foreground one may see a huge pile of ballots, some 12,000 of them. They represent the majority by which Oregon citizens decree that every child of grammar school years must attend the public schools only. But that majority is not going down as the seal of an untested principle of government and education.

"Don't Worry," Lawyers Say. "Don't worry," lawyers are telling Archbishop Cristie, head of the state parochial schools system in the state as well as the other chiefs of dozens of state denominational and non-sectarian schools. "The law is unconstitutional."

If this is so, eventually the courts will decree it. No attack has yet been started. There is plenty of time. The law does not become effective for four years. By that time, if it is constitutional, it can be strengthened and made workable by supplementary legislation, providing facilities for housing and

education. The attorney-general is not sure that he will be able to appear here in person to handle the presentation of evidence to the grand jury and the resulting prosecution, but that is his aim. At present he is waiting a call to Herrin to take charge of the prosecution of rainers indicted for murder in connection with the labor killings. He

H. S. Mosher Called for Conference With Chief Before Acting.

H. S. Mosher, chief of detectives engaged in gathering evidence of murder, vice and graft conditions in Rock Island county, was called suddenly to Chicago yesterday afternoon by Attorney General Edward J. Brundage.

From his Chicago office this morning, Attorney General Brundage told The Argus that Mr. Mosher's call to a conference with him in Chicago had no immediate significance.

"You know we have been conducting a separate investigation from this end," said Mr. Brundage, "and I felt it was time for us to compare notes with Mr. Mosher and connect up the details of the investigation thus far.

"At this time I do not care to make any statement to the people of Rock Island as to the facts we have developed. The investigation is making satisfactory progress, but until we have assured ourselves that every lead, every angle and every matter are fortified by indisputable facts and evidence, there will be no occasion for recalling the Rock Island county grand jury. When the grand jury is needed again we will be prepared to go to bat with the evidence that will make the session a short one."

The attorney-general is not sure that he will be able to appear here in person to handle the presentation of evidence to the grand jury and the resulting prosecution, but that is his aim. At present he is waiting a call to Herrin to take charge of the prosecution of rainers indicted for murder in connection with the labor killings. He

TEUT CABINET HAS NEW IDEA

Will Make New Proposals to Reparations Commission Based on Reichsbank Action.

Berlin, Nov. 14.—(By the Associated Press.)—The German cabinet, according to the Achtuhr Abendblatt, has decided to make new proposals to the allied reparations commission based on the readiness of the Reichsbank to participate to the extent of several million gold marks in an international loan to stabilize the mark.

Both of the attorneys are acquainted personally with almost all of the veniremen and in many cases
