BERGDOLL CAPTORS FREED FROM PRISON ON GERMAN ORDERS

AUTHORITIES ADMIT RELEASE WAS AFFECTED AT INSTIGATION OF BERLIN GOVERNMENT—WASHINGTON SILENT ON GERMAN MOVE.

Mosbach, Germany, April 1.—Carl Neuschpid Franz Zimmer, arrested by the American army of occupation and under confinement here on such a charge as arrest Grover Cleveland Bergdoll, the American draft evader, were released last night.

The German authorities have informed the American army of occupation that the release of the German federal government and that it was defended upon the good behavior of the two Americans.

As soon as the Americans had been released to reach College today they were taken to the office of the American commissioner of the Rhineland, Gen. Allen, commander of the American occupational forces, made no comment upon the German government's action in the release of the Americans. It is understood, however, that the Germans conferred with the German authorities.

No Word From War Branch.

It appears from the record that the United States did not make any appeal to the German government in the matter and gives no indication to Gen. Allen, the only [illegible] which Germany could deal [illegible] as Germany owes [illegible] of a cable to the American army.

1,2000,000 BRITISH MINERS QUIT WORK

London, April 1.—All work ceased in the coal mines of the United Kingdom at midnight with the exception of a very few districts and approximately 1,200,000 miners were idle today as a result of the controversy over the wage issue. In only two collieries in Yorkshire, one in north Cumberland, one in Scotland, and one in North Wales have the men promised to continue at their posts without reconsideration to any terms that may be forced upon them. Danger that the mines may be flooded threatens and many may be irretrievably ruined from the [illegible] of water. Strenuous efforts are being made everywhere to enroll volunteers. Yorkshire engineers have decided to remain at work and hope was expressed today that others would follow their example.
