

LAWYERS MEET TO DISCUSS REFORMS

The annual meeting of the Illinois State Bar Association will be held at Springfield Tuesday and Wednesday, April 8 and 9.

This will be an unusually interesting meeting. John F. Volz, the secretary, announces that all lawyers of the state are invited to attend, whether members of the association or not.

The question of the reform of practice, procedure and pleadings, which is attracting so much attention all over the country will be discussed on the first day of the meeting by members of the association representing the different localities of the state.

Hon. Henry D. Clayton of Alabama, one of the leading lawyers and statesmen of the south, chairman of the judiciary committee of the last congress and of the committee which successfully conducted the impeachment proceedings against Judge Archbold, will address the association. He will probably have something to say about the manner of conducting impeachment proceedings in the United States senate.

Judge Harry Higbee, president of the association, will discuss reforms in the law and the work the association is doing to make the administration of justice by the courts keep pace with modern business methods.

Albert M. Kales of Chicago will speak on the English judiciary act, and Herbert Harley of Michigan will talk about the Canadian courts. These two addresses will contrast the certain and speedy methods of English and Canadian courts with the American courts and suggest points for the improvement of our methods.

Papers will be read and addresses delivered upon important subjects of interest to the bar by other distinguished lawyers.

The evening of the first day the Sangamon County Bar Association will entertain the state association at the Sangamon club of Springfield. The meeting will close with a banquet which will be addressed by Governor Dunne, Chief Justice Dunn of the supreme court, Speaker McKinley of the Illinois house of representatives, ex-Lieutenant Governor Northcott and Major Tolman of Chicago.

STOMACH SICK?

Mi-o-na Will Prevent Further Trouble. Here, as in other cities and towns, stomach troubles are ensnaring victims in a most insidious way.

Nearly everyone is ill-treating the stomach, perhaps unconsciously, but the time comes when we cannot abuse it with impunity. Nature warns us, distress after eating, belching of gas, that lump of lead feeling in the stomach, headache and lack of energy are warning signals. Now—at once—is the time to stop this distress.

Mi-o-na Stomach Tablets is the remedy. Get a box today. Their action is immediate. Besides stopping the distress Mi-o-na soothes the irritated walls of the stomach and strengthens the gastric follicles so that they pour out their daily supply of digestive materials, causing prompt digestion of the food that is eaten.

Mi-o-na is not an experiment. It is not a cure-all. It is a scientific remedy recommended for but one thing—stomach ills.

Its use stops stomach distress and improves the digestive system so that what you eat is converted into nutrition and the entire system is properly nourished.

So certain are the results of Mi-o-na that it is always sold on the money back if not benefited plan. The Thomas Drug company and druggists everywhere. 50c a large box.—(Adv.)

Eye Comfort

There is a great world of comfort to the eyes in a perfectly fitted pair of glasses or specs. The lenses should be accurately adapted to your individual requirements and should be set in frames or mountings that rest comfortably upon the nose.

entertainment course was given at the opera house Monday evening, March 24. This was a lecture, "Dead Lions," by Lincoln McConnell, the lawyer-angelist of Georgia. Mr. McConnell, in his pleasing and powerful manner, showed that the truly successful life must be an overcoming of the obstacles, laziness, cowardice and pessimism, which are the lions that strew the pathway to success and victory. The lecture was full of wit and humor and elevating thoughts and will long be remembered. The entertainment committee was very fortunate in its selections for this year's course, which consisted of six numbers, all of which were unusually good. Mr. and Mrs. Fred Wendt went to Alpha Monday to visit Mrs. Wendt's ham.
