

26 TO GRADUATE FROM SEMINARY

Augustana College This Year Sending Out One of Largest Classes in History.

PLANS OF COMMENCEMENT

John Lind, Former Governor of Minnesota, to Give Address Thursday, May 29.

Commencement week this year at Augustana college will be of unusual interest. The complete program, together with the graduates from the various departments, was given out today by the president's office. The feature of the week will be the commencement address Thursday morning by ex-Governor John Lind of Minnesota. The former executive of Minnesota is a well known orator, and will undoubtedly attract a large audience.

The speaker of the seminary commencement exercises Wednesday evening will be President-elect O. J. Johnson of Gustavus Adolphus college. Dr. Johnson is a graduate of Augustana, and for several years had been at the head of Luther college, Wahoo, Neb. Two months ago he was chosen president of Gustavus Adolphus college. The business college commencement speaker will be Rev. G. S. Ohlund, a Chicago pastor.

Twenty-six men will be graduated from the seminary department, one of the largest classes in recent years. Nineteen students will receive the Bachelor of Arts degree in the college, and one Master of Arts degree will be conferred. P. A. Paulson will deliver the valedictory.

Rev. C. J. Youngberg, until recently pastor of Salem Lutheran church, Moline, but now of Munson Station, Pa., will receive the degree of Doctor of Divinity from the seminary, having completed his course extending over several years. Rev. H. F. Lutz of Pittsburg, Kas., will receive the degree of C. S. T. from the theological faculty. The program follows:

SKELETON OF CHILD IS NOT FOUND BY CORONER

A telephone call to Dr. R. C. J. Meyer, coroner, Wednesday, caused him, in company with William Furgie of the Danielson & Furgie undertaking establishment, to hurry up to Twentieth avenue and Nineteenth street, Moline. The man who phoned the message and who gave his name as Walter Yapp, employed by the Moline Flow company, said that there was the skeleton of a child lying near a

manhole on that corner, but Dr. Meyer was unable to find it.

BISHOP M. E. FAWCETT TO HOLD ORDINATION HERE

Sherwood, rector of the Trinity Episcopal church, wishes to announce that confirmation services will be held at the church next Sunday evening, instead of Sunday morning, as previously announced. Bishop M. Edward Fawcett will be in charge of the services and will hold ordination services in the morning and confirmation in the evening.

NEW FACTS ARE BROUGHT TO LIGHT

GRATEFUL PEOPLE OF ALL THE COUNTRY 'ROUND ARE PRAISING PLANT JUICE DAILY.

It is a positive fact that no remedy that was ever put on the market has created so much interest and given such remarkable results in so short a time as Plant Juice, and it is not to be wondered at that so many gladly testify to the great benefits received. Frank Harding, 327 Third street, East Moline, employe of Root & Van Der Voort plant, says: "I was troubled with indigestion and stomach trouble. I used Plant Juice which helped me right from the start. I never felt better in my life."

Frank Kolarik, 518 1/2 Forty-second street, Rock Island, employe of the Moline Plow company, says: "Plant Juice saved my wife much suffering and helped her wonderfully. For myself, it has given me new life, and I feel fine. If any one wants to know further what I think of Plant Juice, just ask me."

Plant Juice acts like magic in cases of stomach, liver and kidney troubles. It will quickly supply the body with an abundance of disease-defying, health-giving blood that will free from the system the impurities that cause rheumatism, allay the inflammation and put a stop to its excruciating pains. Do not neglect your opportunity. The Ballard Drug company, 106 West Second street, Davenport; New Harper House pharmacy, Rock Island; and E. Jericho & Co., Moline, sell Plant Juice.—(Adv.)

any evidence has been disclosed to present to the federal grand jury. In the closing days of the Taft administration Mr. Wanamaker paid \$100,000 to the treasury to settle civil liability for irregularities in assessing duties on imports over a period of about 15 years.

CITY WATER TANK BEING INSPECTED

Builders of Moline Equipment Replacing Gasket That Caused Flood.

"We intend to stay until the patrons of Moline are satisfied that the tank is all that can be asked for," declare two representatives of the Chicago Bridge and Iron company, who have arrived in Moline to inspect the work done in installing the city water tank on the bluff. This is the first visit of the testers since the workmen completed the construction. They are replacing the gasket that caused the miniature flood of a few days ago and will make a thorough inspection of every detail of the tank. Every possible chance for leakage will be remedied, if such exists, and to complete the work the tank will be given a final coat of paint.

The builders will be given plenty of time for this final inspection, to make sure that every reasonable precaution shall have been taken to prevent trouble, and to give a job that shall be in every way satisfactory to the city. Officials of the Rock Island Bridge and Iron works, a competitive building company, has twice visited the tank, with a view to getting ideas for a similar tank in Rock Island, which it is understood the officials of that city have in mind to build. And when a competitor will praise the work done, as the Rock Island concern has, local commissioners feel that the Chicago firm must have done the work well here.

WILD HUNGARIAN WRECKS SALOON

Claims Woman Robbed Him—Is Ejected From Place and Kicks in a Window.

Crazed with drink and laboring under the delusion that he had been robbed in the Leo Desmet saloon, located at Twenty-third street and Fourth avenue, John Dams, a Hungarian, late last night started a riot in the place, and only the intervention of the police prevented bloodshed. As a mode of revenge, Dams kicked a hole in the heavy plate glass window,

This morning he was bound over to the grand jury under \$500 bonds on a charge of malicious mischief.

Dams had been in the saloon for some time, and shortly before midnight, he suddenly shouted, "I have been robbed by a woman." Hot words followed, and finally the proprietor threw the belligerent out into the street. Dams, bent on revenge, stood

outside cursing at the top of his lungs, and then kicked a hole in the window. The shattering of the glass on the sidewalk was heard by Officer Herkert, who rushed to the scene and placed the troublesome foreigner under arrest. Ed Beal paid a fine of \$1 and costs for drunkenness, the arrest being made by Sehnert and Ginnane.
