Ten Indictments.—Among the 10 indictments returned by the federal grand jury which reported yesterday afternoon to Judge Smith McPherson were bills against Jacob Light, charged with sending obscene matter through the mails; William Langfeldt, a Davenport boy, for tampering and removing money from mails; Count de Compa, white slavery; Other indictments were: Dick Worley, bootlegging; Alfred Pierce, bootlegging; Verne Smith, bootlegging; Robert Carter, bootlegging; Frank Pinney, alias Frank Kinney, bootlegging; Michael T. Dwyer, using United States mails to defraud; Patrick Murphy, stealing from interstate shipment. The grand jury asked for clemency in the case of William Langfeldt, and Judge McPherson said he was willing to take their request into consideration.

Fleming, former pastor of the old Fourteenth street Methodist church, and presiding elder of the Davenport district, was injured in a railroad wreck in the Minneapolis & St. Louis yards at Marshalltown, Iowa, Tuesday night. Rev. Fleming was cut about the head and bruised badly.

Mother in Fatal Accident.—George M. Hoole, who Tuesday opened a photograph art studio in the Masonic temple, was suddenly called to his former home at Springfield, Ill., by the death of his mother, Mrs. George Hoole, who died as the result of injuries received when struck by an automobile. His studio will remain closed for several days. Mrs. Hoole was struck by an automobile while crossing the street in front of her home and suffered concussion of the brain by being thrown to the brick curbing. She died three hours later at St. John's hospital. Her husband arrived home just as they were carrying his wife into the house.

Settle Police Controversy.—Chief of Police Schramm announced yesterday morning that Sergeant Walter Homeyer, self appointed public censor and intimidator of the press, had no authority to suppress the publication of news nor to act as publicity agent for the Davenport police department. In the future, the chief said, Lieutenant Frank J. Lew will have sole charge of the publicity department and other important duties of the office. Lieutenant Lew never has been criticized for the manner in which he has treated persons having business with the police. He was always supposed to have had charge of the department in the absence of the chief until Homeyer sought to relieve him of a few of the arduous and conspicuous duties. Chief Schramm has settled the question once for all and hereafter in his absence the lieutenant will be in full charge.

Mr. Mohr put the wheel in the barn Monday evening and when he wanted to use it Tuesday morning found that it had disappeared.

MUST WIDEN CANAL TO 600 FEET IN TWENTY YEARS, SAYS BUNAU-VARILLA

Philippe Bunau-Varilla pointing out the Culebra cut on a bas-relief map of Panama.

San Francisco, Oct. 9.—Twenty years from now the Panama canal will have to be widened to 600 feet, since its present width of 110 feet will be inadequate to handle the ship traffic, says Philippe Bunau-Varilla, engineer in chief of the canal under Ferdinand de Lesseps. This great engineer, who supervised the attempt of the French from 1854 to 1891 to put a ribbon of water across the isthmus is visiting San Francisco for the first time.

Bunau-Varilla's work did not end refuse on water. The expense will be relatively small. He drew up the treaty which he and Secretary of State John Hay signed ten days later. Ten minutes after the treaty was ratified he tendered his resignation to the president of Panama.

"The completion of the canal will change the center of gravity of America," said Bunau-Varilla. "The country west of the Rocky mountains, after the canal is opened, is slowly but inexorably going to become the Europe of America."

Bunau-Varilla estimates that the net tonnage of the canal during the first and second years of its operation will be 10,500,000; that inside of ten years the traffic will have increased to 22,000,000 tons, and in twenty years will have reached 45,000,000 tons.

Seattle — Superior Judge John E. Humphries issued an order releasing the 31 men and six women socialists confined in the county jail for "talking back" when arraigned for contempt of court. Judge Humphries thus forestalled Governor Lister, who was coming here as the result of a message from editors of the leading local papers protesting against the judge's course.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement. Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite, and I was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWENS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
