

CIRCULATION STATEMENT.

Table with 2 columns: Date, Circulation. Rows include Average number of complete and perfect copies of The Cairo Bulletin printed daily and Sunday during the year 1908, and February Circulation for days 1 through 14.

The above is a correct statement of the circulation of the Cairo Bulletin for the year 1908 and for the month of February, 1909.

CLYDE SULLIVAN, Business Manager. Subscribed and sworn to before me this 8th day of March, 1909. LEO J. KLEB, Notary Public.

The Bulletin is on sale at the following places: Coleman's, 214 Eighth Street. Halliday House News Stand. Blue Front Restaurant.

TODAY IN HISTORY

- March 28. 1818—Gen. Wade Hampton of the Confederate States army, born. Died April 11, 1892. 1854—England declared war against Russia. 1871—Paris Commune proclaimed. 1885—One hundred families made homeless by fire in St. Augustine, Fla. 1907—Industrial Peace Foundation organized with Chief Justice Fuller as president.

CAIRO IN 1869

(Cairo Bulletin published by John H. Oberly & Co.)

Fred Smith, manager of the Western Union Telegraph Co., was transferred to Chicago. He was succeeded by Mr. Fred S. Kent, of the latter city.

The Bulletin stated that the total assessment of Cairo property, real and personal, in 1867 was \$4,078,000; and in 1868 \$3,500,000.

A new German brass band was led by Ed. Wittig, and included W. Schick, Wm. Alth, C. Mosner, A. Wittig, J. Huber, J. Burger, Dr. Cary and Gus Preder.

A celebrated writ, that of *Writ of Habeas Corpus*, known as the *Cairo Land Case*, was decided in favor of the defendants on July 10th, in the U. S. Circuit court. The case was commenced in July 1854, and six trials were had. The writ involved 4,000 acres of land, about 55 acres included in the survey fractional part and the narrowest quarter of section 26, and fractional sections 27 and 28, in township 11, range 27 of the patented portion of the city of Cairo. At one time, Abraham Lincoln was engaged in the case on the part of the defendants.

On Monday evening, July 19th, a mass meeting was held at White's (now Butler's) block in favor of voting a subscription of \$100,000 to the Cairo & Felch (now Iron Mountain) road.

LEGAL DECISIONS

Unsafe Building—Owners' Liability. In re Unsafe Building, Nos. 216, 218 and 220 Broome Street, in City of New York. Under New York City Building Code providing a scheme to compel owners of unsafe buildings to make them safe, and in case of their failure to do so to secure prompt enforcement of the work by the city, and providing for recovery of the expense, etc., an owner cannot be held for work done and expenses incurred independent of and preliminary to such proceedings; and hence a judgment filed by the city was properly canceled, where it appeared that all expenses for surveys and searches had been paid, and that the owner had done all the work required to be done by the code.

HOPE FOR SETTLEMENT

Of the Austro-Serbian Trouble Suggested in Cablegrams Passing Between London and Vienna.

Official cablegrams which passed between London and Vienna today suggest the hope that an amicable settlement of the Austro-Serbian crisis is appreciably nearer.

British Foreign Secretary Grey and Austro-Hungarian Foreign Minister Archduke have not as yet decided upon the wording of the note in which Serbia is to make a formal recognition of its aspirations, but the differences between the two ministers are so small that diplomats hold it to be inconceivable that they can stand in the way of an agreement.

ACTOR USED TO HARD WORDS

Therefore, Scene Shifter's Request Came as Compliment.

Oscar Hammerstein was discussing the extravagance of the Metropolitan opera house.

"They have tried to corner opera," he said. "They have on their payroll more stars than they can use. That is why they hand out weekly thousands of dollars to singers who have not sung."

"I know that they tried to corner opera in order to cripple me, but I will say nothing against them," resumed the famous manager. "They have heard hard words enough. In the production of opera hard words are more the rule than soft ones; and you feel like the frosted Canadian actor."

"A Canadian actor once had a cold reception in New York, but he told me one night that at last he felt rather complimented. A scene shifter from a rival house had spoken to him in a way that seemed, by comparison with the newspaper criticisms, splendid."

"And in asking for two free seats this is what the scene shifter had said:

"It ain't for myself I want 'em, Oh, gee, no; I seen 'im want, ye know. They're for the old woman, like all the women, she jest wants for say she's seen 'im. Don't worry none about the kind of seats they are. Any old thing'll do. On'y put 'er near the door, so's she kin git out in case she don't like 'im."

Finds a Friend in Court.

Justice Harlan of the supreme court was in circuit in West Virginia some years ago when there was tried before him a case in which principal counsel was a lawyer whose head was quite devoid of hair.

The day was cold and damp and the room in which the sitting was had was badly heated. It was not long before counsel had begun his argument that he said:

"Your honor, I must pause long enough to request that the window opposite be closed more tightly. I feel the draft on my head."

"The court sympathizes with you," solemnly assented Mr. Harlan. "The court has the same kind of a head."

WOMAN TO BE ELECTROCUTED

WILL HAVE FINAL INTERVIEW WITH HUSBAND TODAY, WHO IS WAITING ACTION ON APPEAL—EXECUTION MONDAY.

Auburn, N. Y., March 27.—Some time tomorrow Mrs. Mary Farmer, who is to die in the electric chair early Monday morning for the murder of Mrs. Sarah Bennett, at Brownville, will have a final interview with her husband, Jim Farmer, who is awaiting action on his appeal from conviction of the complicity in Mrs. Bennett's death.

Mrs. Farmer has given no indication of breaking down and remains apparently oblivious to the near approach of death. She talks very little with any one but her spiritual advisers.

All arrangements for the electrocution are complete. A number of women physicians have been invited to witness the execution and two of the invitations were at first accepted but it was learned tonight that in both instances the acceptance had been retracted.

FRENZIED MOTHER

Killed Babe, Tried to Murder Other Children, Set House on Fire, Then, Suicided.

Des Moines, Iowa, March 27.—In a fit of despondency following a long illness and an operation, Mrs. J. H. Lynch, living on a farm near Cedar Rapids, this afternoon cut the throat of her five-week-old baby and her three-year-old son.

The frenzied mother then attacked her three other children, but they escaped and ran to a neighbor's and spread the alarm.

When help arrived Mrs. Lynch had cut her throat and had set the house afire. It was impossible to rescue the bodies from the flames until the house was burned to the ground.

The husband of the demented woman was apprised of the tragedy at Cedar Rapids, where he was on business at the time.

WILL NOT CLOSE COLLIERIES.

Mahoning City, Pa., March 27.—There is a growing belief that out of the large number of men in the union who are anxious to see the collieries closed the union is ready with the union mine workers. Extra train crews have been put to work to rush coal from the mines to storage plants.

BATTLESHIP NOT DAMAGED.

On Board Battleship Mississippi, off Guantanamo Bay, Cuba, March 27.—Reports of an explosion on board the battleship Mississippi are without foundation. The ship is in perfect condition and all on board are well. For two days the Mississippi has been undergoing the inspection of Admiral Arnold, and no accidents of any kind have occurred.

MAY BLOCK CASTRO.

Willemstad, Island of Curacao, March 27.—The Dutch warships Gelderland, Friesland and DeRijter, now at this port, have received orders to proceed March 28th to the British island of Grenada. It is believed that the movement of the Dutch squadron has to do with the return of Castro on the steamship Guadeloupe, which left Bordeaux yesterday.

More Than Figurative.

"Alas," sighed Wray Wiggins, gazing dejectedly upon his torn and tattered trousers, "I'm afraid those hero pants is on their last legs!"—Lippin, colt's.

AMUSEMENTS

Monday's Play.

"Paid in Full" will be seen at the opera house on Monday, March 29th, with a special company under the direction of Wagenhals and Kemper. It is a real flesh and blood play and has won the unanimous esteem of all New York and Chicago playgoers. A distinguished cast and a perfectly flawless production will be seen in that it will be greeted here by a large and appreciative audience. Prices: 25c to \$1.50. Seats on sale Saturday.

"The Man of the Hour."

"The Man of the Hour," George Broadhurst's famous play will be seen at the opera house next Tuesday, March 30th.

"The Man of the Hour" is a timely play, full of dramatic incidents, with plenty of comedy and a telling story of human interest. It deals with one of the most burning topics of the day, the "grafting" of the political "machine" in many of the great cities of this country is the central theme of the story, the particular delineation being the passage through the city council of the town where the mayor of the play takes place, of a bill giving a perpetual franchise to a street railway, and the refusal of the mayor to sign it.

"The Sunny Side of Broadway"

An amusement event of more than ordinary interest will occur at the opera house on Wednesday, March 31st, the occasion being the presentation of the popular and original farce comedians, Murray and Mack, in their especially written farce, "The Sunny Side of Broadway." Prices: 25c to \$1.00. Seats on sale Tuesday.

Next Saturday's Play.

"Fanny" contains a large measure of moral philosophy, both in the actual words of the players and in the grand ensemble of its world lights and shadows. Its comedies and tragedies, Sam Jones aptly characterized it when he said it was better than a sermon. Will appear at the opera house Saturday April 1st, matinee and night. Prices: 25c to \$1.00. Seats on sale 10-12-50c. Seats reserved for both performances and on sale 7-3 day.

At Cairo High School.

The management of the High School Entertainment Course takes great pleasure again in presenting the (Hruby Brothers, pronounced Huby) Quintet and Miss Gertrude Canfield after a trans-continental tour of this country. Probably no other company in the Lyceum has ever received greater recognition on the Lyceum stage than this company of splendid young artists. It is one of the best musical comedy companies ever offered upon the Lyceum platform. It is a company born and not made—five brothers ranging from fourteen to twenty-four; young men of the very best habits, talented and with charming personalities, playing sixteen solo instruments and giving a most varied program. They are the sons of Frank Hruby, Sr., who is noted as a clarinetist all over the world, having held positions in the largest cities of both hemispheres and being at present director of the Great Western Band. All these boys are born musicians, and have studied music since they could hold an instrument. Several of them have also held splendid positions in some of the best bands and orchestras. The company will appear at the Cairo High School Wednesday evening, March 31.

TAFT FOR SHIP SUBSIDY.

Washington, March 27.—President Taft has given authority to have his name used as favoring the ship subsidy. He talked today with Representative Fassett of New York, who will deliver a speech on this subject before the National Mercantile League at Cleveland, Ohio. The president will discuss ship subsidy in his message to the next regular session of congress.

BETTER THAN ANY PHYSICIAN.

Mr. Brown's Remarks Quickly Brought Wife Back from Borderland.

"William, dear," feebly called the invalid wife, who was supposed to be nearing the end of her earthly career. "Yes, darling," answered the sorrowing husband. "What is it?" "When I am gone," said she, "I feel that for the sake of the worthless little ones you should marry again."

"Do you really think it would be best, darling?" asked the faithful William. "Yes, William, I really do," replied the invalid. "After a reasonable length of time you should seek the companionship of some good woman."

"Do you know, my dear?" said the husband, "that you have left a great burden on my mind? Now, there is that charming Widow Jones across the way. She has acted rather friendly toward me ever since you were taken ill. Of course, dear she could never fill your place, but she is young, plump and pretty, and I'm sure she would do her best to lessen my grief."

"William, Henry Brown!" exclaimed the female whose days were supposed to be numbered, as she partly raised herself upon the pillow. "If you ever dare install that red-headed, freckle-faced, squint-eyed hussy in my shoes, I'll—!" And then she faintly.

But the next day Mrs. Brown was able to sit up, and two days later she was downstairs.

Charm of the American Girl.

Here, girls, listen to what London Society says of you! "The charm of the American girl lies in her beauty and social talents. She is an ideal partner to dance with, to take in to dinner or to sit out a picnic with, and she usually makes an active and successful hostess. But when her husband discovers that she is never happy except when going to parties, is bored in the country unless with a household of guests, and is always craving to tear from one fashionable resort to another—no rest, no peace—it is then that trouble comes in!" Much London Society knows about it, eh? Granted you are an ideal dancer, a beauty, and a charming dinner companion, did you ever "sit out a picnic?" Picnics are believed to be obsolete, as far as the type of girl referred to here is concerned.

An Epitaphical Hint.

In the letter from Boston was a special delivery stamp.

"What did she send that for?" the woman wondered. "The information she wants can be sent in an ordinary letter. It won't need to be sent special."

"That stamp," said the man, "is a delicate hint to be quick about answering. It is a hurry-up device used by many men. It is very effective. A two-cent stamp does not always spur one to any special effort, but a special delivery stamp means that the writer wants what he wants when he wants it, and the most dilatory correspondent alive is not going to let any grass grow between the scratches of his pen when answering."

The Reason of It.

"I wonder what people think is in predictions of the world's coming to an end?"

"Oh, there is generally some prophet in it!"—Baltimore American.

S.S.S. CURES OLD SORES

We want to show you in this short, but honest and reasonable talk, how and why S. S. S. cures Old Sores. We do not claim that S. S. S. works wonders, but we do know it will cure sores and ulcers, and its record of forty years past abundantly justifies this confidence.

Any old sore shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. In various ways the blood

BAD SORE FROM AN OLD WOUND.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and ulcers. In 1871 I had my leg badly cut on the sharp edge of a barrel and having on a blue woolen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.

256 Navy St., Brooklyn, N. Y. JNO. ELLIS.

A CANCEROUS ULCER.

I had a large sore or ulcer on my face and nothing I tried would benefit me. It began with shooting pains and soon the itching was terrible. At last I discharged a watery fluid which soon changed to one of thicker composition and the pain became very severe. It was very much discouraged and I was terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and I continued to take S. S. S. It was not long before I noted a decided improvement and I kept up the use of the medicine until I was entirely cured of this cancerous ulcer. This has been some time ago and there is no sign of a return of the trouble.

Gary, Pa. Mrs. W. A. WRIGHT.

POISONED FROM INSECT BITE.

From the bite of an insect I was poisoned and had a dreadful sore on my ankle and took different treatments with no benefit. I was induced to try S. S. S., and after a few bottles it cleared my system and cleaned my blood and cured the sore. My mother took it for rheumatism, with success. I cheerfully recommend S. S. S. where a blood purifier is needed.

109 South First St. CHAS. S. PRIDGEN.

External treatment can never cure a chronic sore or ulcer, because it does not reach the blood. The place will remain open as long as it is used as a 'drainage for the impurity which is in the blood, and in addition to the worry and anxiety caused by an old sore, there is always danger of its becoming cancerous, if a cure is not effected. Purify the blood, and nourish the flesh with a rich, healthy circulation, and then the place will heal of its own accord.

S. S. S. cures old sores by removing the causes which produce them. It goes down into the circulation, drives out all impurities and poisons, and by nourishing the flesh with rich, pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but, being the greatest of all blood purifiers, it begins at the bottom and by rebuilding broken down tissue, and supplying healthful, healing qualities to the circulation, causes the place to fill in with firm, healthy flesh, while it steadily but surely removes the cause and effects a permanent cure. The sore cannot remain when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

S. S. S. is for sale at all drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Best Medicine is Sleep. The best nerve food in the world is sleep. Good, sound, refreshing sleep will do more to replenish the nerve centers and build up a fatigued brain than anything that can be devised. Nervous people ought to cultivate the practice of sleeping after dinner. A short nap after the noon meal will strengthen the nerves, and make it much more liable that the rest of the day will be spent in some sort of comfort.

Best Results in Paralysis. An engineer at a paper works at Essonville, France, recently pushed another employe into a big dye tub for a joke. When the victim had finished his clothes he returned to the works, and, seeing the engineer, made an attempt to drop him over the parapet on the second floor. The engineer was so frightened that paralysis ensued, the whole of his right side being seized. His condition is very grave.
