THE FARMERS' ALLIANCE INSURANCE COMPANY OF KANSAS insures all kinds of farm property against loss or damage by fire, lightning, wind storms, cyclones and tornadoes. Insures live stock on or off the premises anywhere in the state. The actual cost of insurance for the past five years in this company has been four-fifths of 1 per cent., and with the increase of patronage in the future we believe it will not cost even that much. My horses were selected direct from the breeders of Europe, and are descendants of the most noted prize winners of the old world. I paid spot cash for all my stock and got the best at great bargains and was not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower rate of interest than almost any other dealer in America.
 I have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. I call especial attention to my references. By these it will be seen that I am not handling on commission the refuse horses of dealers in Europe. With me you get a square transaction, a good animal, a valid guarantee, and will compete with any firm in America on prices and terms besides.

The Kansas City Stock Yards

Santa Fe Route.
G. T. NICHOLSON, G. P. & T. A., Topeka, Kas.

Are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping cattle, hogs, sheep, horses and mules. They are planked throughout, no yards are better watered, and in none is there a better system of drainage. The fact that higher prices are realized here than in the east is due to the location at these yards of eight packing houses with an aggregate daily capacity of 3,500 cattle and 37,000 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, St. Louis, Indianapolis, Chicago, Cincinnati, New York and Boston.
 All the sixteen roads running into Kansas City have direct connection with the yards, affording the best accommodations for stock coming from the great grazing grounds of all the western states and territories, and also for stock destined for eastern markets.
 The business of the yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and stockmen find here and will continue to find that they get all their stock in worth with the least possible delay.
 Receipts for 1890 were 1,472,229 cattle, 70,580 calves, 2,965,171 hogs, 535,869 sheep, 57,118 horses and mules. Total number of cars, 108,180.
