

Rheumatism

A Home Cure Given by One Who Had It.

In the spring of 1883 I was attacked by Rheumatism. I suffered only those who have it know, for over three years. I tried many remedies, but only temporary relief. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of Rheumatism to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proved itself to be long looked for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, you are perfectly satisfied to send it back that day. Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

NEW PAPER HIKE

Advance Announced for July 1, Says Message.

Only Remedy for Situation Is Most Rigid Economy.

Washington, May 5.—Further advances in print paper prices are to be made by the International Paper company on July 1, said a telegram from Chester W. Lyman, vice president of the company, which was presented today to the senate committee investigating the paper shortage.

The message, addressed to Joseph Pulitzer, Jr., publisher of the St. Louis Post Dispatch, said:

"Alarming rise in prices for pulp wood, other raw materials and mill supplies, together with inevitable increase in transportation charges, will necessitate higher selling price for last two quarters.

"Impossible to forecast extent of increase on account of uncertainty of conditions, increase in cost likely to continue to turning point reached in

general industrial, social and financial conditions.

"Only remedy for present trouble is rigid economy by publishers in their use of news print. It would be height of folly for government to attempt to regulate or lower spot market, onerous as it may appear, as it would result in diversion of many specialty mills now making news print to their normal production.

"This addition to present news print supply stimulated by the high price of the spot market is estimated at about 150,000 tons a year."

JOHN IVY BACK TO JAIL—Prisoner Who Attempted Suicide Released from State Hospital.

John Ivy, who attempted to commit suicide in the county jail during the winter and was taken to the state hospital for treatment, was released from the state institution today. Bob Miller, under-sheriff, met Ivy at the hospital and immediately took him into custody. Ivy will be taken to Kansas City today to face a charge of jumping his bond in that city several months ago.

Ivy was arrested at the Western Union office in Topeka while the state teachers' convention was in progress. One of the visiting teachers claimed that he met Ivy, who during the course

of a conversation, learned his name and address and the name and address of his father in a small Kansas town.

Then, it was claimed, Ivy wired to the school teacher's father and asked the parent to wire money to him at Topeka, care the Western Union, signing the teacher's name. The father was suspicious and wired his son, who in turn, notified the police. Officers found Ivy waiting at the Western Union office.

After his arrest Ivy began to act queerly, claiming that inmates of the jail had used "crooked" dice on him in a crap game. He continually cried and complained about the loss of his money and finally endeavored to end it all by taking an overdose of medicine left in the cell for the use of druggists. Upon the advice of physicians he was taken to the state hospital for treatment.

Kansas City police say Ivy is wanted there charged with a similar confidence game to the one police here say he endeavored to work in Topeka. Pending his trial, he was released on bond and ran away, according to Kansas City police.

St. Louis—Walter G. Hann, 17, believed in poisoning himself. After he committed suicide by drinking poison the police found a will requesting that he be buried in an asbestos coffin and a bottle of ice water inside.

"DARK HORSE" INTO QUEEN RACE

Miss Florence Morgan Entered—Sara Ashton Still Leads.

Miss Sara Ashton, of the Capper Publications, was still well in the lead of the race for "queen of the carnival" today with a total of 4,172 votes. It appears likely that she will acquire the 1,000 votes that were to be given by the American Legion to the candidate in the lead tonight.

A "dark horse" from the Santa Fe offices today entered the ring in the person of Miss Florence Morgan with 971 votes.

The standing of the candidates today follows: Miss Sara Ashton, 4,172; Miss Helen Campbell, Santa Fe office, 2,959; Miss Genevieve Schuler, Santa Fe, 2,801; Miss Betty Elyffe, Washburn, 1,804; Miss Florence Morgan, Santa Fe, 971; Miss Aileen Officer, Halls, 661; Miss Marie Moore, Washburn, 555.

Powder Explosion Kills Two.

Wilmington, Del., May 4.—Two explosions of semi-smokeless powder at the Brandywine plant of the DuPont Powder company at noon today killed Aubrey E. Turner and James A. Hodges, who were at work in the sorting and packing department. The cause of the explosions is unknown.

A BOOSTER FOR SULPHUR TABLETS

There are thousands of such boosters for Sulphur Tablets and that is why hundreds of thousands are sold by druggists every year. Mr. Robert Clemence, 233 S. Wilbur avenue, Syracuse, N. Y., writes: "I have taken 2 packages of Sulphur Tablets and my bowels are moving regularly now and I am a great deal stronger than I was when I started taking them. I was all run down and weak from the long, confined stomach, liver and bowel trouble. I know 4 or 5 men that work with me, was troubled the same as I was. I told them about Sulphur Tablets and now they are all taking them, and they say they are the best medicine they have ever tried, etc."—Sold by all druggists. Be sure of the name, Sulphur—not 'sulphur'.

GOOD NEWS!

ECZEMA

Is Only Skin Deep and may be instantly relieved and quickly healed by CRANOLENE the Cranberry Cream treatment—used externally.

PROOF

Dorchester, Ky., Jan. 7, 1918. "CranoleNE cured my Eczema and I had the disease for 25 years. It also cured my little 18-month old daughter of the same trouble. It did for us what no other treatment would do. I would advise any one who has Eczema to try it. I used CranoleNE in 1916. R. H. Ench, (On March 20, 1920, four years after, Mr. Ench again writes: "My little girl and I are both well. We are free of Eczema, and we give you CranoleNE the praise."
