WANT EQUAL RIGHT

Women of Republican Party Demand "Fifty-Fifty."

Want Vote in National Committee, Not "Sit In."

WOMEN TO REPRESENT STATES

Five Delegates-at-Large Will Attend Chicago Convention.

Monday's Session of "Inner Circle" Has Many Problems.

Chicago, May 7.—Equal rights for all will be one of the issues to confront Republican leaders when they meet here Monday to straighten out the knots in the Republican party in preparation for the national convention, according to women party leaders here today.

Women, it was stated, will make a stand at Monday's meeting of the national committee of "fifty-fifty" representation on the national committee. Two women now are allowed the privilege of "sitting in" at meetings of the committee without voting power.

Women Ready to Fight.

"Equal rights for all," said Mrs. Mabel Reinecke, executive secretary of the woman's division of the national committee. "The women want the right to be members of the national committee and they will fight for it. If they don't get it at the meeting Monday they will probably take it up on the convention floor."

That women will figure prominently in the policy of the G. O. P. was indicated by the number of women delegates already elected to the convention, these leaders said. At least five of the delegates-at-large are women. Seventy-five women delegates in all have been elected.

Twelve States Send Women.

Of the states which are sending women delegates to the Republican convention, New York leads with a total of twenty-two. Missouri is second with nineteen. Other states will send: Minnesota, 7; Kansas, 6; Oklahoma, 4; Kentucky, 3; Utah, 2; Michigan, 4; Iowa, 2; Illinois, 1; Arizona, 1; Tennessee, 2; South Dakota, 1, and North Carolina, 1.

Appointment of a temporary chairman of the convention will be the first important decision of the committeemen Monday. Following this, plans for seating and distribution of tickets will be adopted.

When preparations for seating all delegates have been completed, the seating of contested delegates will be considered.

Are Eight Contests.

States where contests are being made are: Florida, 8; Georgia, 17; South Carolina, 11; Oklahoma, 2; Minnesota, 1; Mississippi, 1; Tennessee, 7, and Virginia, 1. In Florida, Georgia and South Carolina, there are two sets of delegates fighting for the delegation from each state. Republicans say this is a small number of contests as compared with previous years.

"It indicates that the campaign being fought is a clean cut one despite a spirited campaign," said E. V. Chilson, vice regional director of the national committee.

TOPEKA PHYSICIAN HONORED.

Doctor Klippel Is Made President of Kansas Medical Society.

Hutchinson, Kan., May 7.—The Kansas State Medical society voted Thursday to hold the next year's convention at Topeka and then turned around before the convention adjourned and changed it to meet at Wichita.

Officers elected are: President, Dr. C. Klippel, Hutchinson; J. R. Scott, Ottawa; J. L. Everhardy, Leavenworth, and Herbert Randels, White City, vice president; J. F. Hasig, Kansas City, secretary, and L. H. Munn, Topeka, treasurer.

Dr. Elmer E. Liggett, Oswego, was elected delegate to the national association. Four councilors elected are: O. P. Davis, Topeka; G. A. Blasdel, Hutchinson; C. D. Kennedy, Norton, and D. R. Stoner, Ellis.

MID-WEST FAIR CIRCUIT OPENS.

Missouri and Kansas Secretaries Join to Improve Exhibitions.

Kansas City, Mo., May 7.—The Mid-west Fair circuit was to begin functioning today.

Leading county fair secretaries of Missouri and Kansas and the two state fair secretaries late yesterday inaugurated the circuit for promotion of better fairs and livestock breeding in these two states. A. L. Sponsor, Kansas State Fair secretary, of Hutchinson, was elected president. Dave Everett of Bethany, Mo., was chosen secretary-treasurer.

The circuit extends from Hutchinson to Sedalia, Bethany and Carthage, Mo.

REOPEN SOLDIER PAY QUESTION

House Leaders Seek Way to Reduce Extra Cost to Nation.

Washington, May 6.—Informal conferences among Republican house members were in progess today with a view of reopening the whole question of soldier relief legislation before another attempt is made to bring it before the house.

Leaders said the purpose was to find means of reducing the amount necessary to carry out relief plans the adoption of which they expected would make easier an agreement on taxation.

LABOR IN DENIAL

Excess Profits Not Benefiting Workers, Says Brotherhoods.

Report Prepared by Secretary of War Labor Board.

LABOR GETS ONLY 15 PER CENT

Half of Retail Prices Charged Is Profit, Is Charge.

Huge Fortunes Are Being Piled Up by Profiteers.

Washington, May 7.—A study of profiteering in American industry made under the auspices of the railway brotherhoods, was prescnted to the railroad labor board today in support of the railway workers' demands for higher pay and to refute the charge that increased labor costs are responsible for the high cost of living. Prepared by W. J. Lauck, former secretary of the war labor board, the study seeks to show that profiteering in industry is the fundamental cause for high prices in practically all commodities. It gives many statistics to support that contention.

Calling attention to the many warmade millionaires, the study contends that a three-fold relationship exists "between high prices, profiteering and the addition to the quota of millionaires," and that the increase in the wealth of the wealthy is an "unanswerable" refutation to all attempts to charge labor with profiteering, and to all attempts to hold labor responsible for the high cost of living.

Small Share to Labor.

"For, if invested wealth gets a larger return," says the study, "a larger proportion of the national income than formerly, the man who gives personal service or labor is bound to get a smaller proportion. The menace of the future lies in the probability that the vast profits which are still held in reserve will be capitalized in order that under the pretext of a fair return on capital those who own them may continue to take larger proportion of national income, even at the expense of very great suffering on the part of the workers when the over-stimulation of war has passed away."

Of the extraordinary increase in the price of sugar now amounting to 300 per cent the study says, the increase in labor cost paid by the consumer was less than 15 per cent. The result of advanced prices, according to the quoted reports of twelve companies producing over half of the sugar consumed in the United States was pictured in the net profits of these concerns which it was said rose from an average of $11,000,000 during the years 1912-1914 to $34,000,000 for the years 1916-18. In the meat packing industry where profits were said to have increased between 200 and 400 per cent, the labor item was shown so small that a wage increase of 100 per cent would add less than 5 per cent to the total cost of the meat, the increase in price between 1914 and 1918 was shown as eight times the total labor cost and the 1918 price represented twenty-five times the total labor item.

Half Price Is Profit.

Profits absorb approximately one-half the retail price of certain kinds of cloth, the report declared, while the labor item amounts to from one-fourteenth to one-twentieth of the price. Similar relations were pictured in the manufacture of men's garments. Shoes, according to the study, "furnished a splendid opportunity for the profiteer." The profit items in 1914, it was charged, absorbed nearly one-half the price paid by the consumer or nearly three times the total labor cost, while in 1917 the profit items amounted to approximately three-fifths of the total price and over five times the total labor cost.

Increases in the retail price of bituminous coal were shown at four times the increase in labor costs, while the proportion of the proceeds of the industry received by the coal operators was shown as increased from 75 to 400 per cent. Profiteering did not stop with the armistice, the report declared, presenting figures to show that corporation profits in 1919 were 110 per cent over the pre-war average which means the study added, that 1919 profits were more than double the average for the years 1912-1914.

An average of $1,200 per family of five during the years 1916-1918 was declared to be probably a highly conservative estimate of the actual cost of corporate profiteering to the consumer.

RUNS ABANDON THE AIR.

Military Aerial Units Disbanded in Compliance With Treaty Terms.

Berlin, May 7.—German's military air service has been disbanded under the terms of the Versailles treaty, according to a semi-official announcement made here today.

The entente commission here intends, according to the Taglische Rundschau, to destroy all airdromes and flying establishments which were built at a cost of 60,000,000 marks. The newspaper says the commission will leave standing one hangar and one airplane factory which will be used for international air service.

BOOZE INTO 1920 CAMPAIGN.

New Jersey Governor Announces Candidacy on Democratic Ticket.

Washington, May 7.—With the legalizing of light wines and beer as his main plank, Gov. Edward I. Edwards of New Jersey was definitely in the race for the Democratic presidential nomination today.

An organization to back Edwards's candidacy has been in process of formation during the last few weeks. Edwards's candidacy, if it gains the strength its backers hope for, will mean a real clash at San Francisco with the Bryan faction, which favors insertion of a dry plank in the platform.

KILL THE RATS

TO-DAY By Using STEARNS' PASTE

International exterminator for Rats, Mice, Cockroaches and Waterbugs. It creates a desire in these pests to run from the building for water and fresh air, dying outside in a few moments. Two sizes, 35c and $1.20 should be enough to kill from 50 to 400 rats.

READY FOR USE ORDER FROM DEALER

TWENTY YEARS AGO

Looking Backward in Society Columns of The State Journal

May 7, 1895.

The members of Topeka post G. A. R. who have charge of the Decoration Day exercises this year have appointed the following committee: On finance, Colonel Veale, W. H. Ward and Lewis Manker. On monument souvenirs, G. H. Coulter and W. M. Hornaday. On invitations, C. G. Shearer, Van Smith, George W. Reed, Mrs. W. D. Volk and Mrs. D. C. Tillotson. On program, W. H. Hornaday, John Guthrie, W. H. Ward, E. Alexander and R. A. Randlett. On music, Levi Hammond, D. F. Wyatt and O. W. Fox. R. A. Randlett will be chief marshal and General J. C. Caldwell will deliver the oration. The Rev. C. M. Sheldon will preach the Memorial day sermon at Hamilton hall, Sunday afternoon, May 26.

Miss Birdie Allen is visiting Miss Dellis Curtis.

Floyd McDonald and Elwood Peffer have written a song, words and music, which will be published shortly. The name, which has not been definitely decided upon will probably be "The Legend of the Daisies."

Miss Ned Griffith entertained a few friends at cards last evening.

Mr. and Mrs. J. C. Wilson and family will leave next week in their special car for Coronado beach, where they will take a cottage and remain three months.

JUST USE MORE

No Real Shortage of Paper Kansas Editors Told.

Consumption in 1880 Three Pounds Per Capita—Now 33.

Hutchinson, Kan., May 7.—Altho in the last twelve months the total output of paper mills has been 80,000 tons less than consumption, strictly speaking, there has been no shortage of production—the trouble was increased consumption, R. S. Kellogg of the News Print Service bureau, New York, who is a product of Russell county, Kansas, told Kansas editors today in an address before the annual convention of the State Editorial association here. The mills have been producing more than ever before in the history of the industry.

Mr. Kellogg said the news print production of the mills in the United States and Canada was an increase of 135,000 tons over that of 1918; that new machinery installed this year is capable of making the 1920 increase over 1919, 80,000 tons, and that, considering present plans for enlarging the industry, by 1922 the supply should be sufficient to take care of the demand. The total output this year should be about 2,400,000 tons or 10 per cent more than 1919.

As to the extent to which newspapers use print paper, Mr. Kellogg furnished some interesting data.

In 1880 the newspapers used three pounds per capita; in 1894, nine pounds, and in 1919, thirty-three pounds. At the present rate, this year's consumption will reach thirty-five pounds per capita.

Average daily circulation of papers in the United States is twenty-seven million copies, or one for every family.

Sixty newspapers have in excess of one hundred million circulation, these papers averaging twenty-three pages on week days and eighty-one pages in Sunday editions.

MRS. SAMUEL GOMPERS DEAD.

Wife of Federation of Labor Chief Dies After Long Illness.

Washington, May 7.—Mrs. Samuel Gompers, wife of the president of the American Federation of Labor, died at her home here last night, after a long illness. She was 69 years of age and had been married for more than half a century. Funeral services will be conducted here and the body will be taken to New York for burial Sunday.

Mrs. Gompers was born in London and came to this country with her parents when 8 years old. Three years later she began work as a tobacco stripper in the factory where Mr. Gompers was employed as a cigar maker. She was married in 1867 at the age of 16.

Mrs. Gompers is survived by three sons, Henry J., Samuel J., and Alexander J. Gompers.

WEATHER

(Continued from Page One.)

chilly tomorrow morning, but the temperature will rise to about 70 degrees in the afternoon.

Extremes for this date were 89 in 1895 and 32 in 1890. At 3 o'clock the wind was blowing 7 miles an hour from the northeast.

FIRST COLLEGE AIR MEET.

Twelve Eastern Schools in Aerial Contests at Mineola Field.

Mineola, N. Y., May 7.—More than two score army reserve aviators from twelve eastern colleges engaged in preliminary tryouts on Mitchell field here today, preparatory to taking part in the first intercollegiate field day this afternoon. The first machine took the air shortly after dawn and from then on one pilot after another taxied across the field and went thru a series of stiff maneuvers, altitude and speed tests.

The events on the afternoon program include a 20 minutes altitude test a 100-mile race—four laps of 25 miles each over Long Island territory—trials at landing on a T mark and maneuvering tests. Each event will be decided on a point basis and the college winning the largest number of points will be presented a cup by the American Flying club.

Stole $3,000 Worth of Silk Shirts.

Oklahoma City, May 6.—Silk shirts valued at $2,500 to $3,000 were stolen from the Flora Shirt company here last night, the police announced today.

Oklahoma City—Police Sergeant Jim Montgomery believes in "saying it with flowers" even it is is a jail sentence. He has decorated the police station here with potted plants and flowers.

TODAY'S MARKET REPORTS

Chicago, May 7.—CORN—Trading in corn and oats was light at the start today. The sentiment in many quarters being bearish. The transportation situation was understood to be a factor for this. Opening prices of corn ranged from ¼c to ⅝c lower with July $1.71¼ to $1.71⅝ and September $1.62 to $1.62⅛. The downward tendency was soon checked and there was a rally on scattered buying with May leading the upturn.

OATS—Oats were dull and about steady at yesterday's close. This condition, however, was short lived as the market after opening unchanged to ⅝c higher, showed an inclination to advance. July started unchanged to ⅛c higher at 92⅝c to 93c and soon touched 93⅝c, a new high figure for the crop.

PROVISIONS—Provisions were slightly firmer.

New York Money Market.

New York, May 7.—MONEY—Mercantile paper, 7 per cent. Exchange, irregular. Sterling, 60 day bills, 3.79½; commercial, 60 day bills on banks, 3.79½; commercial, 60 day bills, 3.79; demand, 3.84; cables, 3.84⅝. Francs, demand, 15.86; cables, 15.85. Belgian francs, demand, 14.92; cables, 14.90. Marks, demand, 1.91; cables, 1.92. Government bonds, firm; railroad bonds, steady. Time loans, strong; 60 days, 90 days and 6 months, 8½.

Call money, easy; high and low, 7. Bank acceptances, 6.

New York Stock Market.

Wall St., New York, May 7.—STOCKS—Prices yielded in all directions before the end of the first hour. Steels, equipments and oils were again the center of attack, sharp reactions also occurring in shippings and motor accessories. Crucible steel reacted 6 points and all issues 1 to 3. Mexican oils were especially weak on lastest news from that country, Mexican and Pan-American petroleums falling 5 to 8 points respectively, but the European oils resisted selling pressure. The setback extended to high grade rails, but losses in that group were comparatively small. Moderate recoveries set in before noon, the 7 per cent money rate making the shorts more cautious.

Sentiment among traders was evidently divided at the opening of today's stock market. Initial transaction resulting in a mixture of gains and losses. Moderate selling was probably induced by the report of the local reserve bank urging further contraction of credits. Oils, excepting Texas company, made substantial gains with secondary steels and motors, but rails were irregular with shippings and Textiles. Trading was light and again limited to the professional element. Firmness was shown by foreign exchange in the preliminary quotations.

Trading was dull during the noon hour except for an irregular spurt of low priced rails. Publication of the wage survey submitted by the railroad labor organizations was without effect on transportation shares. Call money held at opening quotations on light demand.

New York Liberty Bond Market.

New York, May 7.—Prices of liberty bonds 1st 3½'s, 91.00; first 4's, unquoted; 2nd 4's, 88.00; first 4½'s, 86.02; second 4's, 85.10; third 4½'s, 89.15; fourth 4¼'s, 83.70; Victory 3¾'s, 99.00; Victory 4¾'s, 99.00.

Kansas City Livestock Market.

Kansas City, May 7.—HOGS—Receipts 1,500. Market steady. Top, $14.65; bulk lights and mediums, $14.00@14.65; bulk heavy, $13.50@14.25.

CATTLE—Receipts 6,700. Market generally steady. Calves, steady to 5c higher; top steers, $12.50; sales of she stock, $4.00@12.50; packer, top on yearlers, $11.50; feeders, dull.

SHEEP—Receipts 2,500. Arizona spring lambs, 25c higher at $19.25; no sheep offered; Texas goats arriving late to killers, $8.00.

Chicago Livestock Market.

Chicago, May 7.—CATTLE—Receipts 10,000. Supply largely beef steers; trade slow on all kinds; beef and butcher stock with bids unevenly lower; few early sales; medium she stock to small killers and yard traders about steady; good and choice heavy cows and bologna bulls, 15c to 75c lower than week's high level; calves steady with Thursday's close, bulk, $12.00@12.50; stockers, unchanged.

HOGS—Receipts 30,000. Market 10c to 25c lower. Top, $15.35; bulk lights, $15.00@15.25; bulk 250 pounds and over, $15.75@14.50; pigs, steady; bulk of sales, $13.75@14.75.

SHEEP—Receipts 8,000. Market strong to 25c higher. Price shorn lambs, $19.10; bulk shorn, $18.75@19.10; Kentucky spring lambs, $20.00; good shearing lambs, $20.00.

Morning Grain Gossip.

(Furnished by R. C. Christopher & Co.)

Chicago, May 7.—Tribune—Meeting in Chicago today to discuss the reopening of trading in wheat for future delivery.

Large eastern operators and a few locals of significance who have been against the corn market were credited with taking the long side and absorbing the offerings on the break. It was said last night that the technical situation was weakened by the late advances.

Argentine government officially announced that it has no intention of placing an embargo on exportation of wheat at present, estimating that there are 105,000,000 bushels available for shipment.

A New York message said exporters are after rye every day, with big orders below the market waiting for a break.

Canadian wheat board has issued instructions to Canadian eastern terminal elevators to refuse to unload ships from American ports unless permits are obtained from the board.

May deliveries yesterday were 250 barrels mess pork, 600,000 lard and 650,000 pounds short ribs.
