MRS. BRUCE

Says Tanlac Is Simply Grand.

Can Do Own Work With Ease, Now.

"Tanlac certainly proved a blessing to me," said Mrs. John Bruce, Dearborn, Mo., while telling of her experience with the medicine.

"About two years ago," continued Mrs. Bruce, "I had an attack of acute indigestion that was so severe I actually lost consciousness, and ever since then I have had a great deal of trouble with my stomach. My appetite was poor, and even when I did manage to eat a little something it caused me to bloat up so badly with gas I could hardly breathe, my heart palpitated dreadfully, and I would have intense pains in the pit of my stomach. I suffered terribly with headaches, and often became so dizzy I had to lie down to keep from falling. I was also extremely nervous, and it was impossible for me to get a good night's sleep. There was a constant pain in my left side, and finally I became so run-down and weak I had been unable to do my housework for at least a year before I began taking Tanlac.

"I tried many different treatments and medicines for my troubles, but could never find anything that gave me more than a little temporary relief until I got hold of Tanlac. Well, sir, it seemed to suit my case exactly, and I commenced improving almost at once. My stomach is now in good condition, I have a splendid appetite, can eat just anything I want and everything agrees with me perfectly. I never have a sign of headache, do not get dizzy any more and my nerves are in such fine shape I can sleep like a child all night long. That awful pain has gone out of my side entirely, and I have regained my strength so that altho I am seventy years of age, I can do my housework with ease. I think Tanlac is a grand medicine, and I take delight in recommending it to others."

Tanlac is sold in Topeka by Tully-McFarland Drug Co., 835 Kansas Ave., and 729 Kansas Ave.—Adv.

The Bill Is Never Long Over-Due

We all need recreation, but often we pay too dearly for it. Continued overeating, late hours and irregular habits are apt to bring the first price in kidney troubles. Daily backache, dizzy spells, headaches, rheumatic pains and urinary irregularities are warnings of kidney weakness. Neglect may lead to gravel, dropsy or Bright's disease. For quick relief, moderate your habits and use Doan's Kidney Pills. They are praised the world over. Ask your neighbor.

Here is a Topeka Case

D. W. McClellan, section foreman, 102 Quincy St., says: "My back got lame and when I stooped over I could hardly raise up because of a sharp pain which struck me in the small of my back. My kidneys acted too freely and I had to get up nights. I had pains in the back of my head and spells of dizziness. I used Doan's Kidney Pills and they removed the trouble and put my kidneys in good shape."

DEFERENCE TO AGE

Topeka Legion Leaves Decoration Day to G. A. R.

Will Refrain From Adopting It For Memorial Services.

SUNDAY FOLLOWING INSTEAD

Capital Post No. 1 Plans Big Membership Drive.

Legion Members Indorse Five-Way Bonus Bill.

As long as there is one living member of the Grand Army of the Republic in Topeka, the American Legion will refrain from adopting Decoration day as the day on which to honor their dead of the late war. This was the sentiment expressed at the meeting of Capitol Post No. 1 last night. The legionnaires, however, pledged themselves to assist the G. A. R. in every possible way the latter may suggest on each Decoration day in the meantime.

The Sunday following Decoration day will be the annual memorial day for the Topeka legion. The plan now under consideration by a special committee of the legion post is to perpetuate the program ceremony given last year by the overseas men on the state house grounds. The committee is composed of Chaplain J. A. McAfee, Capt. W. P. MacLean, Leslie Edmonds and A. B. Nelson.

An Elaborate Program.

Last year, before the local post was well organized, the memorial ceremony was instituted by a group of overseas men. With appropriate ceremony, a huge service flag bearing stars for every Shawnee county soldier and sailor and gold stars for each man who died in the service was hung on the facade of the state house. The flag was the gift of the Topeka Masonic bodies to the legion. At the start of the services, another flag, the gift of the Military Sisterhood, was brought up and placed in front of the large service flag and the school children filed before it, dropping flowers at its base. Appropriate music was played by Marshall's band.

Both flags are still in the possession of the overseas men and, according to Captain MacLean who led in the promotion of the plan last year, this year's ceremony will be made a little more elaborate by a ceremony during which the two banners will be formally given over to the custody of the Topeka post, to be used for the legion memorial ceremony in all future years.

Plan Membership Drive.

The post last night made plans for a membership campaign in which every man in the county who saw service during the late war will be asked to join the post. Roy Payne was made chairman of the committee in charge of the campaign and the others named as his assistants were: Hugh MacFarland, J. D. M. Hamilton, Glenn Logan, Edgar Morehouse and Leslie Edmonds.

The final report of the legion carnival last week was laid before the post. According to the adjutant, $596.07 was cleared on it. This sum, with other funds in the treasury, was at once used to clear the post of all indebtedness.

Endorse Five-Way Bonus.

That there is no doubt of the stand taken by the local service men on the bonus bill was expressed in the telegram which, by vote of the post, was sent by wire to the Kansas delegation in the senate and house of representatives at Washington. The message follows:

"Unanimous action of Capitol Post No. 1, American Legion, indorsing the five-way compensation bill is reported to you by direction of the members. You are urged strongly to aid in favorable and immediate consideration of this bill. Nine hundred members of this post believe that further delay can be construed only as deliberate opposition to their wishes."

Boston—The Boston Elevated Railroad company not only re-established smoking cars but invited women to avail themselves of the opportunity toe njoy a smoke while on trains.

PIRATES ROBBED PASSENGERS

American Women Held Up and Robbed on French Near East Steamer.

Constantinople, May 10.—Pirates held up the French steamer Souirah which left Batum on May 6 en route to Marseilles, and after robbing the passengers went ashore in boats which they compelled members of the crew to man.

Among those on the vessel were Mrs. Haskell, wife of Col. William Haskell, director general of American relief in the Near East, and Mrs. Daly and Mrs. Booth, whose husbands are conected with relief work in Armenia. They were fleeing before the Bolsheviki advance and were forced to give up their money and jewelry at the point of a revolver.

The pirates boarded the steamer at Batum, either as passengers or members of the crew. At 9 o'clock on the night of May 6, fifteen men sprang up from various parts of the ship, covered the officers and passengers with pistols and shouted warnings they would kill anyone who opposed them. Search of the ship continued for two hours.

A French destroyer took the American women aboard, and later transferred them to the American destroyer Cole, which arrived here today.

WAS WEEK OF MUSIC AT HAYS.

Second Annual Music Festival at Normal School Drew Big Crowds.

Hays, May 11.—The second annual Music Festival Week of the Fort Hays Kansas Normal school closed Sunday when over two thousand gathered in the Sheridan Coliseum to hear Max Rosen, violinist.

The festival chorus conducted by Professor Henry Edward Mallory sang the "Messiah" in the evening. The supporting quartet was composed of Grace Kerns, soprano; Alma Beck, contralto; Frederick Gunster, tenor; and Edgar Schofield, bass; all of New York.

All of these artists were in Hays during the Festival Week and appeared in individual recitals as well as in the All Artist's Concert, Saturday evening. Sixteen complete programs were offered. These included recitals by members of the School's Music Faculty as well as a band concert, a sacred concert, an operetta, a children's program, student recitals and aesthetic dancing. Haydn's "The Creation" was the new Oratorio which the chorus prepared for the opening Sunday of this year's festival.

DOUBT IS CAST

(Continued from Page One.)

day Villa must have no part in the new government, were waiting for the famous raider to play his hand. If he should oppose the Sonora movement he will be the most serious menace to a peaceful and stable government, it was said.

Rebels Make New Gains.

San Antonio, Tex., May 11.—According to reports received by the local Obregon headquarters San Luis Potosi, capital of San Luis Potosi state, has been captured by Mexican rebels after a short struggle. Queretarro has also fallen into the hands of revolutionists. Sobronio Martinez, governor of San Luis Potosi fled in an automobile toward Vera Cruz.

General Pruneda heading a large force of rebels is reported nearing Piedras Negras opposite Eagle Pass. Reports indicate that the Carranza garrison there will surrender without a battle.

Gen. Antonio Villareal, ex-governor of Nuevo Leon state is in Torreon on his way to Monterey. He has been named chief of military operations in the state of Coahuila, Nuevo Leon and Tamaulipas.

SCRAPS OF PAPER WERE CLEWS.

New York Detectives Explore Waste Basket for Evidence.

Chicago, May 11.—Piecing together thousands of scraps of paper from the wastebasket of Arthur Ecremont police declared today they had obtained evidence establishing an absolute connection between Ecremont and "Nicky" Arnstein, alleged leader in $2,500,000 bond thefts in New York. Letters and telegrams relating to numerous stock and bond transactions were said by the police to have been found in the scraps from Ecremont's waste basket, and some of them were made public.

Letters from Ecremont to Carlos Ferrer, known also as Theodore de Mores, a Milwaukee bond salesman, were pieced together. One of the letters made public told of an appointment made by Ferrer on January 2 with "An agent of a friend" of Ecremont. Police declare this friend was "Nicky" Arnstein.

GALLI-CURCI GOES INTO COURT

Chicago, May 11.—That Mme. Amelita Galli-Curci, opera singer, has filed suit to compel her former manager, Charles L. Wagner, of New York, to account for $135,000 received from concert tours, became known here today.

Mr. Wagner, who has been identified with the singer's tours for about four years, is charged with holding up that amount. His contract with Mme. Galli-Curci expired April 11, according to the papers in the suit. Counsel for Mme. Galli-Curci refused today to discuss the action, and Mr. Wagner, it was said, was traveling and could not be reached.

AMERICAN TRANSPORT AGROUND

Northern Pacific Stuck in Mud of Porto Rican Harbor.

San Juan, May 11.—United States transport Northern Pacific, which went aground yesterday afternoon at the mouth of the harbor here still was hard and fast in the mud at 10:30 o'clock this morning.

The sea was calm and all the passengers still were on board. The freight steamer Cornelia was standing by.

TURKS GET TERMS

Permanent Occupation of Constantinople by Allies.

Guards Will Keep Dardanelles Open to All.

Washington, May 11.—Permanent occupation of Constantinople, which is left under the sovereignty of the sultan, by a small international force, is provided in the treaty handed to Turkish representatives at Paris today, an official summary of which has been received in Washington.

A similar international guard is provided for the garrisoning of the straits as a guarantee of free passage thru the Dardanelles and the Sea of Marmora to ships of all nations.

An inter-allied commission of control at Constantinople, consisting of the representatives of the principal allied powers, will supervise execution of the treaty and with the aid of the inter-allied troops enforce its terms.

Altho President Wilson suggested that part of Northeastern Thrace be given Bulgaria, Thrace in its entirety is awarded to Greece. Smyrna and the Hinterland, extending approximately to a depth of 100 kilometers and a breadth of 200 kilometers, is given to Greece under limited sovereignty Greece must formulate in consultation with the league of nations plan for control of territory and at the end of two years the population shall vote whether this arrangement shall be continued or whether the territory shall be annexed by Greece. Both France and Italy relinquish claims to mandatory powers over Cilicia and Adalia, reserving only special economic privileges.

Boundaries of Mesopotamia and Palestine, the mandates over which are awarded to Great Britain and Syria ceded similarly to France, are to be determined by special commissions. The Armenian settlement is left open for future negotiations. No mention is made of Russia in the summary received here, nor is the precise status of the inter-allied commission of control in its relation to the league of nations clearly defined.

BREAD IS REMEDY

(Continued from Page One.)

Chindblom said. "The baker's real competition is the housewife who bakes and reduces the demand for commercially made bread. Another big factor affecting the commercial success of bread is that the public does not consume the proper amount."

Mayor Corwine welcomed the visiting bakers this morning. The response for the bakers was given by Jay Burns, widely known baker of Omaha, Neb. H. E. Barnard, of the American Institute of Baking, Minneapolis, Minn., did not arrive in time to give his scheduled address but will be heard this afternoon. H. D. Yoder, of Topeka, talked on "Eliminating the Excess Profit Tax to Reduce the H. C. of L.", showing how the high taxes contribute to the high cost of baking products.

Show Movies of Milling.

The bakers were much interested in the showing of motion picture of one of the most modern mills in Kansas, with an accompanying lecture on flour milling by L. Pfis, professor of flour milling at the Kansas State Agricultural college, Manhattan, at the afternoon meeting. The milling of flour, from the unloading of wheat from the cars to the loading of it back into the cars as flour, was displayed on the screen.

E. J. Smiley, of Topeka, secretary of the Kansas Grain Dealers' association, talked on "The Kansas Wheat Crop" this afternoon, a subject of vital interest to all of the bakers.

H. E. Barnard, of the American Institute of Baking, Minneapolis, Minn., represents the most modern and scientific institution of its kind in the country. Bakers from all parts of the United States are sending their employes to the Minneapolis school to learn the best advanced methods of the business. The National Baking association is planning a $1,000,000 endowment for the school, he said.

Two hundred and fifty bakers are attending the convention here.

At the close of the afternoon program delegates from the various states held separate state meetings.

Debate Standard Weight Law.

A debate on the standard weight law for bread, with A. J. Bamford of Chicago favoring the law and Jay Burns of Omaha opposing it, on the Wednesday morning program, is of much interest to all the bakers.

The convention here today and tomorrow is the first the association has ever held in Kansas. G. L. Jordan of Topeka, president of the association, convinced the prominent men of the baking industry from Kansas, Missouri, Nebraska and Iowa that Topeka was the most suitable place for the meeting.

Wednesday's program includes an explanation of the standard bread weight law effective in Indiana by A. L. Taggart of Indianapolis and Jay Burns of Omaha, Neb. "The Labor Situation and How to Meet It" is the subject of another important address to be given tomorrow by Wm H. Campbell of Kansas City.

Allen to Speak Wednesday.

Governor Allen will address the bakers Wednesday on the Kansas industrial court law.

The Topeka bakers will be hosts at a banquet and line party at the Novelty for the visitors this evening. After the Wednesday afternoon program the bakers will go to Kansas City, where a special program has been planned for them for Wednesday night and Thursday.

BACK TO GOOD OLD RUSSIA.

Another Shipload of U. S. Reds to Start Across Saturday.

Washington, May 11.—The sending of another "soviet ark" to Russia with a load of undesirable aliens has been blocked temporarily by refusal of authorities at Constantinople to allow a transfer of the radicals there, Chairman Johnson of the house immigration committee today told the house.

"Plans were to send a shipload next Saturday from New York to Odessa, by way of the Bosphorus," said Johnson.

Ottawa Population on Increase.

Washington, May 11.—According to the report of the census bureau made today, Ottawa, Kan., is now credited with a population of 9,018. This shows an increase of 1,368 over the population figures of 1910, or an increase of 17.9 per cent.

Chicago—Thomas Kane, ex-soldier and cabaret singer, sang his way out of court. He was up for disorderly conduct and sang an old Irish lullaby. The judge give him freedom.

MAY TAKE TWO WEEKS GET JURY

Only Three of Twelve Needed in Communist Case Accepted by State.

Chicago, May 11.—Efforts to select a jury for the trial of twenty-six alleged members of the Communist Labor party, indicted for conspiracy to overthrow the government by force, were continued by state's attorney.

Three jurors were tentatively accepted by the state yesterday, the opening day of the trial, after appeals by counsel for the defense to continue the case were denied by Judge Oscar Hebel.

Two weeks may be needed to complete the jury it was today said by members of the staff of the state's attorney.

BRITISH TOO SLOW

President Wilson Was Dissatisfied With Sea War Plans.

Urged U. S. Fleet to Throw Tradition to Winds—Daniels.

Washington, May 11.—President Wilson was dissatisfied with the way Great Britain had managed the naval end of the war up to the summer of 1917, and expressed himself emphatically on this point in a confidential address to the fleet at the time, it was disclosed today by Secretary Daniels before the senate naval investigating committee.

President Wilson in this speech made shortly after America entered the war, at a secret rendezvous of the fleet at Yorktown, declared:

"Every time we have suggested anything to the British admiralty the reply has come back that virtually amounted to this: That it had never been done in that way, and I felt like saying:

"'Well, nothing was ever done so systematically as nothing is being done now.'"

His speech was a plea for the officers of the fleet to "throw traditions to the winds" and find new ways of meeting the submarine menace.

Wilson, Daniels asserted, "was the first to see the wisdom of the convoy system which he suggested even before we entered the war."

Daniels declared it took six months to get British approval of the North sea mine barrage project, but that if "Admiral Sims had favorably urged the proposition instead of airing his own objections, it would have been adopted months earlier."

WEATHER

(Continued from Page One.)

rado, Monday, was located over Goodland this morning. It is causing the showers in this state. The rain belt includes practically the entire central part of the United States. As far east as Ohio, south to Texas, and west into Colorado and Wyoming, rain has been reported.

Sixty-four degrees was the low temperature reported in Topeka for last night. This is 11 degrees above normal night temperatures. Flora predicts 55 degrees tonight rising to 75 tomorrow afternoon. There is no cold weather any place in the United States.

Extremes for this date were 87 in 1907 and 34 in 1831. At 8 o'clock this afternoon the wind was blowing 24 miles an hour from the southeast.

TO GIVE COLONIES SAY.

British-Jap Defensive Alliance Checked Up to Australia, Et Al.

Washington, May 10.—Australia, New Zealand and possibly Canada will be consulted by the British foreign office before the British-Japanese defensive alliance is renewed. The date for notification of termination of the pact is July 1.

There has been anti-Japanese feeling in Australia and New Zealand and on the western coast of Canada, but it is considered virtually certain the alliance will be renewed.

The treaty provides that should either Great Britain or Japan become involved in war thru "unprovoked attack or aggressive action" in defense of its "territorial rights or interests" in the regions of eastern Asia or India, the other nation "will at once come to the assistance of its ally and will conduct the war in common."

French to Help Memorial Day.

Paris, May 10.—France will mingle her colors with the stars and stripes over the graves of dead American soldiers and marines thruout the battle zone on Memorial Day, according to plans formulated by the society known as the "Souvenir Francais." Funds are being raised to carry out this idea.

ARE COURTING NOW

Both Political Parties Try to Gain Women's Favor.

Twenty Million Votes Prize Politicians Strive For.

Washington, May 11.—Leaders of both political parties here have started an extensive campaign of "courtship" for the votes of 20,000,000 women in the country, which will be thrown into the next election if one more state legislature ratifies the suffrage amendment.

Both campaigns will be made nationwide. The political parties have recently enlarged their national committee auxiliaries of women workers and a large part of the campaign "budget" is allotted for this fight.

At present, Republican and Democratic leaders are making a strenuous effort to obtain credit for the passage of the amendment, the former using all their influence to obtain ratification action in Louisiana. Among the Democrats, the president himself has led this movement.

The president during the last few weeks has appointed several women to important government offices.

TODAY'S MARKET REPORTS

Chicago, May 11.—CORN—Corn prices rose today to a new high level for the crop. Wet weather was chiefly responsible for the upturn. Later, however, the market weakened owing to a notice issued by the St. Paul railroad that in distribution of cars during the next ten days the preference would be given to loading of grain. Intel quotations which ranged from 1½c decline to 1¾c advance with July $1.75¼ to $1.75¼ and September $1.63½ to $1.64, were followed by a setback all around to well below yesterday's finish.

OATS—Oats like corn developed weakness, notwithstanding a firm start, opening unchanged to one cent higher, with July 94c to 94½c, the market sagged to below yesterday's latest figures.

PROVISIONS—Provisions were easier with grain and hogs. Trading was of only a scattered sort.

Call money, strong; high, 10; low, 7; ruling rate, 7; closing bid 10; offered at 10; last loan, 10. Bank acceptances, 6.

New York Stock Market.

Wall St., New York, May 11.—STOCKS—Aside from oils, which continued to be sustained by further advances of products, the market retained its recent narrow and uncertain characteristics, the developments in the industrial situation seemed to offer little inducement to traders and high grade rails fell 1 to 2 points on small offerings. Steels, equipments and motors again bore the brunt of the early selling, but revived slightly before noon. Shippings and sugars registered substantial gains. Call money was plentiful at 7 per cent and foreign exchange strengthened, bills on Germany rising to well over 2 cents.

Stocks were quiet and irregular at the opening of today's session, denoting further confusing of speculative sentiment. Mexican petroleums at a gain of 1⅝ and United States rubber at a decline of 1 point were the only issues to recover more than fractional changes. Shipping, rails and sugars were disposed to improve, but coppers and textiles eased with popular steels. The general list became reactionary with the first half hour, however, when pressure against steels and motors became more insistent.

Another reaction at midday forced popular issues under lower quotations of the morning. Steels, equipments, motors and oils were 2 to 4 points under yesterday's final prices. Call loans remained easy and foreign exchange continued to move against this center.

Trading in stocks today was dominated by an aggressive professional short interest. Investment as well as speculative issues experienced further depreciation. Sales approximated 850,000 shares.

Shorts covered extensively later, and especially in oils and equipments. The general list also rallied, altho call money rose to 10 per cent. The closing was irregular.

New York Cotton Market.

New York, May 11.—COTTON—Spot, quiet; middling, 41.15.

Chicago Livestock Market.

Chicago, May 11.—CATTLE—Receipts 16,000. Market slow, few early sales; steers about steady with Monday's decline; she stock steady to 25c lower; good to best fat cows, weak; most bulls steady; bids on calves unevenly lower with supply liberal; stockers and feeders steady to lower.

Morning Grain Gossip.

(Furnished by B. C. Christopher & Co.)

Chicago, May 11.—Tribune—It is said the bulk of buying of late in corn and oats has been by shorts which seems to absolve selling by longs on bulges. It is believed when the markets are ripe for a real good break it will come unexpectedly. Houses with country connections have sold September corn for several days. A decrease of 1,623,000 has been made in the visible of corn the last two weeks. Contract stocks of corn in public elevators Saturday night aggregated 28,000; oats 361,000, showing a decrease of 90,000 for week. No. 2 yellow corn sold in sample market at $2.30 or equal to the top price last year reached in July option. A cargo of Canadian oats and one of barley have left Fort Williams for Chicago, they will be here within a few days and are expected to be delivered on July sale. The grain trade is giving close attention to the Polish drive in Russia. Some figure the Poles ultimately will take the leading Black Sea ports and start the Ukraine to exporting wheat. Country offerings of oats to arrive were larger, with Iowa asking for bids.

Kansas City Weekly Livestock Market.

Kansas City Stock Yards, May 10.

MODERATE RECEIPTS OF LIVESTOCK. PRICES GENERALLY HIGHER.

Shippers profited by the mistake they made last week when they grouped their offerings in the first two days of the week, and this week found the opening run moderate, with indications of a more equal distribution thruout the week. Trade in cattle opened early at strong to 25 cents higher prices, hogs were strong and sheep were strong to 50 cents higher.

TODAY'S RECEIPTS.

Receipts today were 9,000 cattle, 16,000 hogs, and 5,000 sheep, compared with 15,000 cattle, 16,000 hogs and 20,000 sheep a week ago, and 15,200 cattle, 19,550 hogs, and 13,500 sheep a year ago. Today's receipts came from a rather wide scoope of territory and included increased offerings from Texas, and a few consignments from Arizona, New Mexico and Utah.

BEEF CATTLE.

With higher total receipts, and an increased number of stockers and feeders, the supply of beef cattle today was materially short of a week ago, and a year ago, and after the first canvass of the supply, killers traded freely in beef cattle at strong to 25 cents higher prices than the close last week. The big drop in prices that occurred last Monday and Tuesday has about disappeared, and indications are for more settled conditions in the trade. Yearling steers sold readily, top $15, and strong weights brought up to $13.75. Most of the offerings were medium weight steers that brought $11.50 to $12.50. Cows and heifers and veal calves were strong to 25 cents higher.

STOCKERS AND FEEDERS.

Trade in stockers and feeders were active with prices firm. Demand was largely for 700 to 900 pound steers for grazing. Practically no cattle are going out to be fed grain or grass.

HOGS.

Trade in hogs opened slowly at steady prices and closed 10 cents higher and active. Shippers' top on the close $14.80 and the bulk of the offerings sold at $14 to $14.65. Good medium weight hogs are bringing best prices from packers, while shippers still favor the higher weights.

SHEEP AND LAMBS.

Sheep prices were 50 cents to $1 higher, and lambs 25 to 50 cents up. A haul of Arizona springs sold at $19.75, compared with $18.50,
