State Governors' Average Salary Less Than \$5,000.

Thirty-Five To Be Elected at Polls This Fall.

LOWDEN GETS \$12,000 A YEAR

Nebraska Chief Receives Only \$2,500 Annually.

Territorial Executives Get as High as \$20,000.

Chicago, May 17.—Thirty-five states will elect governors next fall at the time when the president and vice president are chosen. Thirty-two United States senators, to take office March 4, 1921, also are to be selected.

Of the governors whose terms expire next year twenty-two are Republicans and thirteen Democrats; while seventeen of the thirty-two senators are Democrats and fifteen Republicans.

#### Governors' Pay Poor.

The thirty-five governorships to be filled offer a wide range, both in terms of salaries. Among the state executives whose terms expire are Frank O. Lowden of Illinois, the highest paid governor in the country, and S. R. McKelvie of Nebraska, the poorest paid. Mr. Lowden receives \$12,000 yearly for a four year term and Mr. McKelvie \$2,500 annually for two years. Only twelve of the thirty-five will receive over \$5,000 a year; and five will be paid \$2,000 or less.

Governor Coolidge, of Massachusetts, whose position carries a \$10,000 salary, is the only governor in the country elected for one year. All other states have either two or four year terms.

#### Territorial Chiefs Get More.

Territorial governors are better paid than the average state executive and two of the four are appointed for indefinite terms, with the result that they remain in office as long as a rule, as the president who named them.

Francis Burton Harrison, governor-general of the Philippines, tops the list of territorial executives with an indefinite term and a \$10,000 yearly salary. Arthur Yager, governor of Porto Rico, receives \$10,000 and is appointed for an indefinite term. Governor Thomas Rigg, Jr., of Alaska, and C. J. McCarthy, of Hawaii, each received annual salaries of \$7,000 during their four year terms.

### FAVOR THE G. O. P.

Digest Straw Vote Shows Many Demos Switching.

Herbert Hoover Draws Biggest Vote From Opposite Party.

New York, May 17.—The Literary Digest for Saturday gave Leonard Wood a lead as the popular choice for president, as expressed in a poll of more than one million votes. More than 10 per cent of the eleven million who were asked to express their choice responded and replies represent a fair average. The table shows 148,124 Democrats to be in favor of the Republican presidential candidates.

South Atlantic states give 21,227 votes to the Democratic candidates, and 21,324 to the Republicans. East south central and west south central states show a slightly more Democratic complexion, but figures for the latter group give the Democratic vote as 36,283 against a Republican vote of 25,585 and is certainly arresting considerable attention.

Wood has 502,000, Democratic 17,550, Republicans 104,010, other parties 23,653. Johnson has 187,140, Democrats 39,206, Republicans 120,741, other parties 27,198. ### How About Your Catarrh? Do You Want Real Relief?

Then Throw Away Your Sprays and Other Makeshift Treatment.

First of all find out just what causes your Catarrh. If it was merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because you have overlooked the cause of these symptoms, and all of your treatment has

been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly reappear and will continue to do so until their cause is removed.

S. S. S., the fine old fifty-year-old blood remedy, is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of S. S. S. will cleanse your blood, and remove the disease germs which cause Catarrh.

## Gedwin Iceless Cooler

The Gedwin Iceless Cooler solves the ice problem for the thrifty housewife seeking a more economical means of refrigeration, eliminating the daily expense of ice. There is no costly mechanism to get out of order or chemicals required in its operation. Merely submerge the cooler in cool, clean water for a period of only three minutes, twice or three times a week, place it where there is a free circulation of dry, warm air or draft, such as on a window ledge, kitchen table or back porch and the Gedwin automatically maintains a cool temperature inside that keeps food-stuffs and liquids in a cool, fresh and wholesome condition, day and night, winter and summer.
