Leag-drawn-out sweetness—the "Union Spy."

Don't forget the social ball at Goddard next Tuesday evening.

The sanitary condition of the city was never better than at the present time.

Mr. Catherwood shipped 66 head of fat cattle over the Frisco to St. Louis yesterday.

A large number of private dwellings are now being erected at various points in the city.

A new gas lamp was yesterday put up on the corner of Douglas avenue and Market street.

There are several very filthy alleys about the city that need looking after before hot weather sets in.

Quite extensive preparations are being made for the decoration of the soldiers' graves on next Friday.

The Wichita, McPherson & Denver railroad company have secured the right of way through Union township.

Our money lenders say that there is considerable money being borrowed at present, but it is mostly on short time.

The G. A. R. will please remember that they are requested to attend the the Presbyterian church this morning at 10:30. All comrades are urged to turn out.

We understand that all business houses will close for a few hours on next Friday, so as to afford their employees an opportunity to participate in the decoration exercises.

George Washob is running a blacksmith shop at Clearwater. George formerly ran the shop on the corner of Douglas and Emporia avenues in this city, now occupied by Mommiz & Taylor.

Our theatre goers should bear in mind that Charlotte Thompson's Jane Eyre is one of the finest emotional dramas on the stage at the present time, and make preparations to see her on the 29th.

The little three-year-old daughter of Mr. Rowls, who lives on Wichita street near Central avenue, died Friday and was interred yesterday, the funeral occurring from the M. E. church at 3 o'clock.

Alfred Basley is having a very handsome monument made for his wife's grave. It is a most beautiful Italian granite, very tastefully engraved, and will be a beautiful monument to her memory.

Mr. D. L. Green, during his late visit to the lead and zinc mines in the vicinity of Pittsburg, Kansas, secured some beautiful specimens of zinc ore, black jacks and lead, which he divided with us and for which he will accept our thanks.

A stranger cannot pass up Douglas avenue without noticing with some wonderment the many and large business houses now in course of construction on that thoroughfare. Evidence of prosperity and rapid growth are to be seen in every direction.

Our local politicians are beginning to get excited over the probable action of the Chicago convention. Every one seems to think they know just who the coming man is, but the action of a political convention is mighty "onsartlin."

Mr. B. L. Bear, who for years has been in the drug business in this city, has gone to Clearwater, where he will engage in the same business. Mr. B. is a first-class business man, and we hope his residence in Clearwater will prove both pleasant and profitable.

Dr. Dean's horse, which was attached to a single buggy, got frightened yesterday afternoon at about five o'clock, and ran off, taking a straight shoot north on Main street. Fortunately no one was injured, but the buggy was badly demoralized, and now lies a wreck on the street near the county offices.

Messrs. Kimmel & Adams are making a very fine and elaborate monument for Mr. A. J. Brown, of Newton. It is made of white Italian marble, elegantly designed, and beautifully carved. It will be placed over the graves of Mr. Brown's four children, who are buried in the Newton cemetery.

Henry Hudson, of Park township, drove into the city yesterday, a very fine Norman colt. It stands seventeen and one-half hands high, and though in thin flesh, weighs between fourteen and fifteen hundred pounds, and is not yet three years old. Mr. Hudson is very proud of this blooded equine, and well he may be. We doubt if there is a better three year-old colt in the county.

VERY ENCOURAGING.

So very busy have all connected with the daily been for the past week in meeting their allotments and adjusting themselves to their new surroundings, that no effort has been made by even our regular canvasser to reach outside towns. Our own city has not even been thoroughly canvassed for subscribers. But, notwithstanding, a subscription list of forty was received from the city of Harper yesterday, a list of fourteen from Goddard, and a list of ten from Leon. A city of 2,000 inhabitants in which can be found forty voluntary subscribers to a daily not a week old and hardly on its feet, has a future, because sleepy business men are not around doing such enterprising things. We hope to become better acquainted with the people of Harper.

A FINE ACTRESS.

We take pleasure in announcing to our theatre-goers that on the 29th inst. one of America's foremost actresses, Miss Charlotte Thompson will appear in her great creation, "Jane Eyre." This lady is ably supported by the talented actors, C. G. Craig, Wm. Yonace and a company of first-class artists. Miss Thompson's reputation is too well established to need a lengthy introduction to our citizens. In all the large cities she has visited the press and public are unanimous in saying that she is a truly great actress. The play of "Jane Eyre" is full of strong emotional acting and has lots of comedy in it. Miss Thompson has become so identified with "Jane Eyre" that they are both spoken of in the same voice. It is to be hoped our citizens will fill the house to its utmost capacity to welcome this talented lady.

The "Union Spy" was again presented at the opera house last evening to a full audience. It was the original intention to play it but three nights, but the managers thought they saw some money in it, so put it on the boards for the fourth time.

OFF THE TRACK.

The incoming train from Cheney last evening, on the Wichita & Western road, came near meeting with a very serious accident about nineteen miles from this city. As the train was approaching the bridge across Clear Creek, a box broke causing the trucks of one of the cars to jump the track. Mr. Hill, the engineer, realizing the imminent danger to train and passengers, whistled down breaks, and allowed his engine to proceed onto the bridge, the trucks of one or two of the cars being entirely off the rail, and nearly off the ends of the ties. Had the train at once been checked, undoubtedly coaches and passengers would have been hurled into the creek forty feet below. As it was the coaches were drawn across in safety, though the ties and track and some of the trucks were badly broken up. On reaching a place of safety, the trucks were fixed up as best the circumstances would admit, and the train reached here about two hours behind time.

Thos. Kelley, Thos. Jones and Wm. Estill, charged with being intoxicated, were arraigned in the police court yesterday. They pleaded guilty, and were each fined \$5 and costs, which Kelley and Jones paid, but Estill, not having the requisite cash, was committed.

City Engineer Bailey, is now engaged in making a large and comprehensive map of the city of Wichita, which, as soon as finished, will be photographed. It will give all the blocks, streets, alleys, boundaries, etc., of Wichita, and will be very valuable, especially to business men.

Last Friday, Mr. O. Mulvey completed the survey of the town of Hatfield, which is on the line of the Wichita, McPherson & Denver road, in Union township. He says the town is improving, and bids fair to become quite a business center.

We learn from a gentleman who has just returned from Harper that all is excitement in that vicinity, and that Anthony and Harper are struggling and wire-pulling to see who will get the Fort Scott road. Yesterday the general manager and chief engineer of the road were in Harper, in consultation with the prominent men, but the result of the conference is not known. Our informant gives it as his opinion that Anthony will get the road.

Some one dropped a \$5 gold piece in the crack of the sidewalk on the corner of Maine and Douglas last evening, and in less than ten minutes twenty men and fourteen boys were on hand anxious to participate in fishing up the lost coin. After removing about a dozen planks their labors were rewarded by finding a ten cent piece.

Mr. A. N. Deming of this city has formed a partnership with Mr. Criley, proprietor of the leading hotel in Carthage, Mo., and together have rented the new hotel at Fort Scott, which will probably be run under the supervision of the former. These are both old hotel men, Mr. Criley for a long time having had charge of the Hotel Coolidge at Emporia, where he made an enviable reputation. Fort Scott people have every reason to congratulate themselves that their new and commodious hotel has fallen into so good hands.

Business was very quiet yesterday, considering it was Saturday. This was probably owing to the fact that farmers are now too busy with their crops to come to town.

GOING ASTRAY.

A young lady giving her name as Birdie Willis, sought and secured lodging at one of our leading hotels Thursday evening, under such circumstances as to raise a suspicion as to whom and what she was. Upon being questioned she told the landlord that she was an orphan, and that the gentleman accompanying her was her brother, and that she was but fourteen years old. The hotel man fearing all was not right, placed her in the room with the chambermaid. Later in the evening she told her roommate that the man with her had brought her from El Dorado, and promised to marry her. She then went out on the street to find her intended, but her dress was of such a nature as to attract attention, and she was taken in charge by the marshal and lodged in the calaboose. Friday morning she was arraigned in the police court, but no charge being preferred, was discharged. The officers afterward learned that she had been placed on the reform farm, at El Dorado, but had gotten away and come to this city. She was put aboard the El Dorado train by the officers Friday night, and advised to return. She is rather a young and comely girl, not overly intelligent, and if she has any friends it is their duty to look after her, before she has gone to far too retraced her steps.

It is expected that the Wichita & Western road will be completed to Kingman and turned over by the contractors by the 10th of June. Should this be the case our express line will at once be established to that place.
