WEDNESDAY, OCTOBER 30, 1889.

REPUBLICAN TICKET.

FOR SHERIFF,
D. L. SWEENEY.

FOR COUNTY CLERK,
JOHN W. SIDLOW.

FOR COUNTY TREASURER
LAFAYETTE SIMS.

FOR REGISTER DEEDS,
JOHN GOODWINE.

FOR CORONER,
DR. D. D. ROSE.

FOR SURVEYOR,
J. W. HOWE.

COMMISSIONER 3RD DISTRICT.
G. C. PRATT.

G. C. PRATT for Commissioner.

JOHN SIDLOW for County Clerk.

VOTE for D. L. Sweeney for sheriff.

JOHN GOODWINE for Register of Deeds.

VOTE for J. W. Howe for surveyor. He is the man for the office.

DR. D. D. ROSE, for coroner, is the gentleman you want to vote for.

VOTE for Hon. Lafayette Sims and say you voted for the next county treasurer.

HOWE Goodwine Rose when Pratt, Sims, Sidlow and Sweeney formed a combine.

VOTE for farmers Sidlow, Goodwine and Sims, and Mr. Grainger's interests will have to be recognized.

REPUBLICANS, lay all personal grievances aside, if you have any, and vote the straight republican ticket.

In the language of Dana, "let us all get together," and do our duty on election day for the republican ticket.

CHAIRMAN RUSSELL, of the county republican central committee, is making a gallant fight for the whole ticket.

It is now conceded by politicians that the senatorial contest in Montana will result in one republican and one democrat.

The big surprise in store for the democratic nominees will be the big vote that will be counted out for the republican nominees.

In casting your ballot for register of deeds, remember that we have never had a better register than John Goodwine has proved to be.

If you desire your vote to count for the candidate that will be elected vote the straight republican ticket and you will make no mistake.

G. C. PRATT, candidate for county commissioner, is a wise choice. If elected he will prove himself a competent county official.

VOTE for D. L. Sweeney, the laboring man's candidate. He is an honest, hard-working mechanic, and if elected sheriff he will be their representative.

LET the democrats do the scratching if they will, and find any amusement in doing so, while the republicans cast a straight vote for the whole ticket.

DON'T draw your scalping knife from its sheath for the purpose of knifing a brother republican, but have it ready for the democrats should they manifest a warlike spirit.

THE farmers of the county have an interest in the republican ticket because they have representatives there whom they must elect and then have a voice in the county government.

THE contest is a straight party fight with the republicans in the majority in the county, and they need make no compromises to democrats since they can win the battle without doing so.

Congress at its next session will be asked to add the west in a few political measures that will add millions to this much neglected region. Irrigation, first in importance, will come up for its share of attention before that body. The sugar industry will claim a portion of its time, and a substantial portion of the money appropriated. While the deep water harbor on the gulf will also come in for its share.

THE people of the county want a change in the office of county treasurer and it looks as though they would get it. When the people speak then it is time to pay some little attention to what is being said.

THE county republicans are looking for help from the city republicans to elect their representatives and they have a right to expect it. If they do not get it there will be trouble in the future. We want to warn our city friends to stand by them.

THE GLOBE-REPUBLICAN is no "smut machine" or "dung hill organ" but a square-toed, simon-pure exponent of republican principles and measures and will not permit itself to be drawn down into the mire by every little feist that may be yelping at the moon.

THE farmers propose a change in our county government and from the present indications we think they will have it, too. It is right and they ought to prevail. The city chaps who have fed at the public crib so long ought to recognize this fact. If they do not, in the future they will be numbered with the Dennis family.

THE democratic ticket was all made up in Dodge City. Dodge City is represented and Dodge City alone. The country people are only consulted now, as the election is close at hand and they want outside help to pull their ticket through; so far the democrats of the county are recognized. For voting purposes they are all right, but for office the city democrats think they are all wrong.

J. W. ADY, of Newton, was on the 24th inst. named United States District Attorney for the district of Kansas, which is one of the best and most acceptable appointments made by the president among all the Federal offices given to this state. Mr. Ady is rated "way up" in his profession, an enthusiastic worker in the party, and one of the most agreeable gentlemen a person could wish to meet.

D. L. SWEENEY, the republican candidate for sheriff, is making a splendid canvass and is drawing to his support a host of hardy supporters who are championing his race, recognizing in him the true mettle of which good sheriffs are made. Dennis is a winner if the boys stand by him. He will not betray their trust. He will make an efficient officer and will redeem the pledge he made the people, that he would not take from the county treasury any more money than the law allows for his services.

POSTMASTER GENERAL WANAMAKER has awarded the contract for furnishing the government with postage stamps for four years to come, to the American Bank Note Company, of New York. The new stamps will be about one-eighth smaller than those in present use. There will also be some changes in colors. The one cent stamps will continue to be printed in blue; the two-cent stamps, now printed in green, will be a bright carnine, and changes will be made in some of the other denominations. The new stamps will go into use January 1st.

WE learn that some of the democrats in the country are now charging D. L. Sweeney, the republican candidate for sheriff, with some sort of crookedness in the erection of the city hall building. Just what the charge is we are unable to learn, but to us it matters little what they may say. If they are honest they must acknowledge that Sweeney & Foley, the contractors on the city building, did the best job of work ever performed on a public building in the county. It is a veritable monument to mechanical skill. If ever a good, honest job of work was done in the city, that is one of them. This fact can be verified by everybody in the city that knows anything at all about the construction of that model building.

THE old gentleman is after them; he has run them into the brush already. We mean Hon. Lafayette Sims, our candidate for treasurer, who is out early and late among his farmer friends. They give him a cordial greeting and say "go in old man, we are with you; while you are not the first treasurer that has ever been nominated from the country as a representative farmer, we want to have it said that you are the first to be elected, so we are with you and will stand by you." This is the kind of talk our farmers are making, and why shouldn't they? They desire to be recognized and why not now while they have the power to do it. If you do not recognize them now the time may come when you may wish that you had done so.

THE republican candidate for register of deeds is one of the most efficient officers the county has ever had to fill that important position. He is a genial, accommodating, pains-taking official with whom it is a pleasure to do business. A farmer by occupation, he is a true representative of the agriculturalists, and a man that takes a great interest in the development of our country. He is one of the foremost in fair association meetings and agricultural assemblies where he ably discusses their interests to their profit and advancement. A good man for any community to possess is Mr. Goodwine, and as register of deeds our farmers will find a true friend and counselor when they come to his office either on business or for friendly advice.

THE laboring man's ticket is composed of farmers Sims, for treasurer, J. W. Sidlow for county clerk, John Goodwine for register of deeds, mechanic D. L. Sweeney for sheriff, J. W. Howe for surveyor, and G. C. Pratt for county commissioner; no bankers and speculators on the republican ticket. So it is in the interest of the laboring man.

THE meeting of county attorneys and commissioners held in Topeka last week, resolved to fight the Metropolitan Trust Company, which holds a mortgage on the C. K. & N. and A. K. & C. roads, who wishes to freeze out the interests several counties and townships have in the above roads. The meeting resolved to assess the various counties interested \$25,000 with which to make the fight. Twenty-seven counties in all have decided they will not be froze out.—Ford Gazette.

Ford county will surely protect its interests in this matter, even if she has to make the fight alone and single handed. The GLOBE-REPUBLICAN proposes in the near future to lay all the facts in this case before its readers, and urges action on the part of our county board.

OUR old friend and former citizen, Lafe Sims, has been nominated for treasurer of Ford county, Kansas, by the republicans, and his many friends and old acquaintances in this city and county will rejoice at his election. Lafe is a good citizen and a thorough going business man, and will faithfully collect and guard the peoples' money.—Martinsville (Ind.) Republican.

Such are the endorsements that our candidate for treasurer is receiving from his Indiana home where he had resided for fifty-seven years, which shows that he not only had been a good citizen, but a thorough going business man; with such an endorsement from his old home as this, our people have sufficient proof that our party has made no mistake in selecting him as our candidate for county treasurer.

THE republican candidates for sheriff, county clerk, treasurer and register of deeds, were in the city Monday. Mr. Sweeney, the candidate for sheriff, was but very little acquainted here before the campaign, but being a genial, first-class gentleman, has in the past few weeks made hosts of strong friends, who recognize in him a man especially fitted for the position he is seeking. He made no canvass for the nomination, but since the republican party placed him in nomination, is doing his best for success. Mr. Sweeney is making a splendid race and the people will make no mistake should they elect him the next sheriff of Ford county. J. W. Sidlow is well enough known to need any introduction from us; however to make a few facts known to the public may not be out of place: While Mr. Sidlow has been a practical farmer, thoroughly identified with the interests of that class, he has done everything possible and fair to keep down the expenses of the county, as commissioner, and has succeeded, with the help and work of the rest of the county board, in lessening the expenses of Ford county to the extent of over \$9,000 each year less than what was formerly spent by preceding boards. Under the efficient management of the present board, county scrip has been nearing par and it seems to us that it would be ungrateful not to still further honor so capable an official as Mr. Sidlow has made. Mr. Sims, the candidate for treasurer, while somewhat unacquainted here is reasonably well known over the county and will poll a tremendous vote, as he has no interest in any bank or clique, and no one will have cause to think they do not get enough for county scrip under his administration. Mr. Sims is thoroughly capable of filling the position and will to the satisfaction of all. Mr. Goodwine has made an enviable record as register of deeds and is too well and favorably known to stand any chance of defeat. Never in the history of the county has there been a more capable set of men nominated for office than was nominated by the republican convention, and the only question to be decided is the majorities they will receive.—Ford Gazette.

Grandview Twp. Ticket.
The citizens of Grandview township met in mass convention at Mt. Pleasant school house, October 26th, 1889, and were called to order by Mr. Mullendore. W. F. Pettilon was chosen president, and C. Stanley secretary, when they proceeded to nominate the following named persons, for a people's ticket, for township officers: Trustee, Joseph Bratley; treasurer, J. G. Breaker; clerk, H. L. Harvey; justice of the peace, Abraham Bondurant; constables, Joseph Bigger and Alva Devoe; road overseers, 1st district, Henry Wood, 2nd district E. Kissel.

On motion the following resolution was adopted: "In the sense of this meeting that the chairman and secretary notify the chairman and the republican and democratic central committees, to appoint their committees to investigate the matter of reduction of taxation of Ford county."
Short address by J. M. Lloyd, after which the meeting adjourned.
W. F. PETTILON, C. STANLEY,
President. Secretary.

Richfield Republican: Daniel M. Frost was appointed register of the land office at Garden City, Oct. 14, by President Harrison. Mr. Frost is well known by the people of this district as a good republican and well qualified to fill the office. With Jesse Taylor, as receiver, and Mr. Frost, as register, we are confident that the land office work will be done in first class order.

Republican Convention Resolutions.

The republican party of Ford county, in delegate convention assembled, congratulate the people on the success of American principles, and the campaign of 1888 which culminated in the election of Benjamin Harrison and Levi P. Morton as President and Vice President of the United States, and the reclaiming of the lower house of congress from the control of free trade, democracy, and hence from foreign influence.

2. We endorse the administration of President Harrison, and on behalf of the pensioners of the country, thank Commissioner Tanner for his liberal policy in their behalf, and believing the time has arrived, we advocate the passage of congress, and the approval thereof by the president of service pension law for all honorably discharged union soldiers or sailors.

3. We endorse the administration of Governor Humphrey, and congratulate him upon his management of state affairs.

4. We are earnestly opposed to trusts, combinations, pools and all arrangements that have tendencies to increase the price of any article to the consumer, and demand the enforcement of the anti trust law passed by the last session of the legislature.

5. We believe that all men are free and equal, that all are entitled to the benefits of the free institution of this country without any distinction to race or color.

6. We pledge to the ticket this day to be nominated the earnest, energetic and undivided support of the republican party of Ford county.

7. WHEREAS, the government of the United States has donated to the State of Kansas the buildings at old Fort Dodge together with about 125 acres of land, upon condition that the state maintain thereon a state soldiers home, and whereas the State of Kansas has established a state soldiers home at said place in accordance with the terms of the donation from the United States government, and

WHEREAS, the amount of land now owned by the state is sufficient upon which to erect a state soldiers home, on the plan provided for in the laws of the State of Kansas to wit: the cottage system.

Now, therefore to secure the perpetuity of the said home at said Fort Dodge, be it

RESOLVED, By the delegates assembled in this the republican county convention of Ford county. That it is the sense of this convention that the county commissioners of Ford county be asked to appropriate the sum of five thousand dollars, or so much thereof as may be necessary, to said home, to be used in the purchase of land, the building of a lateral irrigation ditch to said soldiers home, to be expended for said purposes, in such manner as said board of county commissioners may direct.

8. That we heartily endorse the course of the Hon. S. B. Peters, our member of congress as such representation and extend to him the hearty thanks of the republicans of Ford county for his successful efforts in securing the appropriation of the lands at Fort Dodge to be used as a state soldiers home.

9. That we, the republicans of Ford county do hereby most earnestly endorse our esteemed friend, the Honorable D. M. Frost of this city and county for the appointment to the position of register to the United States land office at Garden City, Kansas.

J. A. ARMENT,
A. J. BIXBY,
H. L. HARVEY.

Personal Paragraphs.

Meade Republican: There has probably no appointment been made in Kansas that will give more general satisfaction than that of D. M. Frost, of Dodge City, to be register of the land office at Garden City. As a journalist few have done as much for western Kansas, and none could bring to the office a knowledge that would better fit them for the duties devolving upon him. His years of experience and large acquaintance makes him conversant with the entire district he is called to serve. He is no more to be congratulated than are the people whom he is appointed to serve. It is also a proper recognition of one who as a journalist has done much for the party.

New West Echo: Tuesday morning of this week, Hon. D. M. Frost, of Dodge City, received a telegram announcing the fact that he had been appointed register of the Garden City land office. The appointment is one which meets with the hearty approval of the people of southern Kansas, and especially those of Ford county, as they knew Mr. Frost to be a true republican in every sense of the word, and a man who has worked hard for the success of the republican party, and is now only receiving the recognition to which he is so justly entitled.—Republican.

We unite with our neighbor in congratulating Frost upon his well deserved success. Our old friend will make a good officer, and we are heartily pleased to record the fact.

Coolidge Citizen: Hon. D. M. Frost, of Dodge City, has been appointed register of the U. S. land office at Garden City, to succeed Hon. C. F. M. Niles, the present incumbent. Mr. Frost is an old Kansan, having located in this county in the early part of the seventies. He was postmaster at this place, then called Sargent, in 1872-3, which at that time was the end of the Santa Fe railway. From this point he went to Dodge City, where he has been in the newspaper business ever since. He is well qualified for the position and his appointment will be satisfactory to the patrons of his district.

Optic, Las Vegas, N. M.: Another editor has received the recognition of the party in Kansas. Judge D. M. Frost, of the Dodge City GLOBE, has been appointed to be register of the land office at Garden City.
