ANNOUNCEMENTS. At the solicitation of many Republicans, I hereby announce myself as a candidate for State Senator, from this district, subject to the action of the Republican Convention.

H. S. GRANGER, STATE SENATOR.

As this question is now forced upon the people of this, the 35th Senatorial District it behooves Republicans of the whole district, and especially of Phillips county who are very likely to name the man, to look well to their interest and that of the whole people. The names of two men, both well known to the people of the county, are before you to ask for your suffrages. The position is one that should be filled by a man of large public experience and good abilities, conservative in tendencies, and a man of unquestioned integrity and honor, a man in regard to whose section, the question of vital importance there can be no doubt, and we believe in the person of H. S. Granger of Arcade township we have a candidate who will, to the fullest measure come up to our standard; of whom will best serve us as a State Senator; a man who is thoroughly identified with the leading industry of this section of Kansas, that of agriculture; a thorough, wide-awake business man, well posted in public affairs, and never connected with any questionable business complications that might discredit him from voicing the will of the people on the moral questions that are almost sure to be before our State legislature.

BLAINE'S POPULARITY.

"If a plebiscite of the Republican party could have been ordered on the nomination, Blaine would have received 400,000,000 out of the 5,000,000 Republican votes, against all other candidates. The opposition to him came from the shoulder-straps; the rank and file were nearly all for him, and it is the rank and file which furnish the votes on election day. The same popular sentiment that nominated him will elect him. Any resentment among politicians born of chagrin just at this moment, will vanish into thin air before the steady march of popular feeling. No man who is at heart with the Republican party can hold out against the masses of the party. Those who have worked against Blaine will be influenced by the prompt and hearty support made by President Arthur the very moment it became evident that Blaine would be nominated. This example will be imitated with a cotagion which will sweep through all the sections and extend from Maine to California. Maine will start the ball in September, Ohio will keep it moving October, and it will grow into an avalanche in November, to which every northern state and at least West Virginia and Delaware among the southern states will contribute in strength.—Chicago Tribune.

Conversation 7,000 Miles Long.

A member of the staff of the London Telegraphist recently paid a visit to the office of the Indo-European Telegraph Company, London, for the purpose of experimenting. He made his visit at a favorable time, when he could get full use of the wires; and this is what he says: The clerk in charge of the wire, Mr. Balgrove, informed us that we were through to Emden, and with the same ease with which one "wires" from the city to the West End, we asked a few questions of the telegraphist in the German town. When we had finished with Emden, we spoke with the same facility to the gentleman on duty at Odessa. In a few seconds we were through to the Persian capital (Teheran).

man). T. H. N. (Teheran) said "call Kurrachee," and in less time than it takes to write these words we gained the attention of the Indian town. The operator at Kurrachee put us through to Agra, and to our astonishment the signal did not fail, and we chatted pleasantly for a few minutes with the clerk on duty there. To make this triumph of telegraphy complete, Agra switched us onto another line, and we were soon talking to a native telegraphist at the Indian Government Cable Station, Calcutta. At first the operator "at the other end of the wire" could not believe that he was in direct communication with the English Capital, and he exclaimed in Morse language: "Are you really London?" Truly this was a great achievement. Metallic communication without a break from No. 18 Old Broad street, London, to the telegraph office in Calcutta, 7,000 miles of wire! The signals were excellent, and the speed attained was not less than twelve, perhaps fourteen, words per minute.—Industrialist.

Contrasting Candidates and Parties. The situation seems to be this: There is now a contest between Blaine and the men whose candidates were not nominated at Chicago. But Blaine is not running against the men who were not nominated. By and by the Democratic party will nominate a man who will be running against Blaine. The men whose candidates were not nominated will begin to contrast these two candidates, and from contrasting the men they will finally get to contrasting the parties, and then Blaine will get them all.—[Col. Robert G. Ingersoll.

McPherson Freeman: The leniency of this Government is illustrated in the case of an old man living in this county. His grandfather was a Hessian soldier, and for British gold came to this country and fought the Americans in the war of the Revolution. His father having been raised in Canada enlisted in the English army and fought this country in the war of 1812. The person referred to was a copperhead during the Rebellion, and notwithstanding all this the man took a homestead in this county that insures him an independent living.

Indiana Democrats. Indianapolis, June 25.—The Democratic State convention was called to order at 10:30 o'clock by Hon. Jos. E. McDonald, chairman of the state Central Committee. Mr. McDonald was received with much applause.

Dan Voorhes was elected permanent President. He made a few remarks. The platform was read by Hon. W. H. English. A plank endorsing McDonald was loudly cheered. After the adoption of the platform, Isaac P. Gray, M. D. Manson and David Turpie were placed in nomination for Governor. On the first ballot Gray was nominated, receiving 699 votes; Turpie, 223; Manson, 181. Reporter of the Supreme Court, Jno. W. Kern, of Howard; judge of supreme Court, Fifth District, J. A. S. Mitchell, of Elk-hart; superintendent of public instruction, John W. Holcom, of Marion.

The convention adjourned until 1:30 p. m. Manson made a speech saying he had supposed a soldier of two wars would have received more consideration in a Democratic convention, but he was satisfied, and moved the nomination be made unanimous. Turpie seconded this in a brief speech. Col. Gray responded at some length; arranging the Republican party and discussing the Chicago platform.

Several nominations were made for Lieutenant Governor, but all withdrew in favor of Manson, who was nominated by acclamation and accepted.

W. K. Myers of Madison, for Secretary of State; James H. Rice, of Floyd, for Auditor and John J. Cooper of Marion, for Treasurer, were renominated by acclamation.

PENSION BILLS.

The vote on Mr. INGALLS' amendment to the Mexican pension bill, which proposed to date the pensions of Union soldiers in the late civil war from the date of their discharge or disability, and extending to Oct. 1st, next, the limitation of time in which to file applications for arrears, was voted down, yeas, 26; nays, 30. The twenty-six votes in favor of the amendment were cast entirely by Republicans including MAHONEY, of Va.; the thirty negative votes were cast by twenty-three Democrats and seven Republicans, the Republicans being ALDRICH, of R. I., EDMUNDS, of Vt., HAWLEY, of Conn., MORRILL, of Vt., SEWELL, of N. J., SHERMAN, of Ohio, and RIDDLEBARGER, of Va.

Mr. Mitchell's amendment, which was in substance the bill introduced by Mr. Cullom, of Ill., providing for pensions for "invalid soldiers and sailors, who have been discharged from the army or navy of the United States, after three months service in the war of the rebellion, and for the widows and dependent parents of deceased pensioners," was carried by a vote of 32 yeas to 27 nays. The 32 affirmative votes were cast entirely by Republicans, including MAHONEY and RIDDLEBARGER, of Va., the 27 negative votes were cast entirely by Democrats.

These votes were taken on Monday last. On Tuesday the bill, as amended, passed the Senate by a vote of 37 yeas to 27 nays, the thirty-seven yeas being cast by thirty-four Republicans and three Democrats. The Democratic Senators voting yeas were Butler, of South Carolina, and George and Lamar of Mississippi. The twenty-seven negative votes were cast by twenty-five Democrats, and Edmunds, of Vermont.

and Hawley, of Connecticut. Four Republicans, Aldrich, Cullom, Anthony and Hoar, who would have voted yeas, were paired with four Democrats. The Mexican pension bill was introduced originally as a Democratic measure, to secure pensions for Confederate soldiers who had been soldiers in the Mexican war. It was opposed by the Democrats generally, in its final passage, because the Republicans had amended it providing pensions also for invalid Union soldiers, their widows and dependent parents.

LOCALS, Continued.

An immense stock of dry goods at D. A. Huling's which must be closed out to make room for the expected heavy fall trade, can be bought at very low prices.

H. R. Daniels, of this township has a patent hen or incubator that has hatched one batch of 300 chickens and is now laboring at another nest filled with the same number of eggs. It is kept in a dug-out, warmed with a kerosene lamp, and works perfectly.

S. M. Eby was in town Monday to get a harvester. He reports his grain as good and a great scarcity of harvesting machinery, and there is danger of some of the small grain going back into the ground for want of facilities for harvesting and scarcity of hands.

CHILDRENS DAY.

Children's day was observed at Hill-side Sunday last. It was a great day for the children. The Superintendent W. H. Emerson assisted by others worked faithfully to make it a success. The exercises consisted of a sermon by the pastor followed by recitations and responsive service. The singing by the little folks of the Hillside & Spring creek school was especially interesting. The collections amounted to three dollars. Subscriptions for the Centenary medal ten dollars. The weather was fine the attendance good the exercises interesting and altogether the meeting was a success. W. R. ALLEN.

The Blue Mound Nursery.

This nursery is located 2 miles southwest of Blue Mound, Linn county, Kas. Was established 16 years ago by H. A. B. Cook and S. S. Irwin, and has been in successful operation from the start. The business of this nursery is constantly increasing. The lands occupied for nursery and orchard purposes comprise a block of land of about 1,000 acres. The apple orchard consists of 35,000 bearing trees nearly all of which are well filled with young fruit. It is a low estimate to place the fall and winter crop at 16,000 bushels, all of which will find ready sale at a remunerative price. The firm sold in Kansas \$50,000 worth of nursery stock last year. Orders for the fall delivery of 1884 have already reached the amount of \$25,000. To successfully prosecute this immense business a force of 100 men and 150 horses is constantly required. Forty salesmen are at work in various parts of the state soliciting orders.

The grafting and packing is done by experienced and competent men. The trees are removed from the nursery row by Whitney's G horse tree excavator, thereby securing perfect and unutilized roots. Four of the salesmen for the old reliable Blue Mound Nursery Company are now in Phillips county. You cannot do a better thing for yourself than give them your order for all kinds of stock you may need. Satisfaction guaranteed. If you succeed in the fruit business, select home grown stock.

COMMUNICATIONS.

Items of Interest from all parts of the County by the Herald's Corps of Correspondents.

Dry Creek Doings.

Thinking perhaps a few items from this township, (Walnut) would not be inadmissible, we pen the following: Crops of all kinds are in a flourishing condition and farmers are looking forward to a bountiful harvest. Sabbath (7) School was organized in Dist. 21 last Sabbath, also in Dist. 40, Bro. Cronk will preach semi-monthly at the latter place. School closed in Dist. 40 on the 14th. The evening's entertainment was largely attended and everything passed off pleasantly. The teacher was the recipient of several beautiful presents from the scholars for which he will ever hold them in tender remembrance. The scholars of this district are such as justly deserve the eulogy of their teachers and the esteem of everybody. Since writing the above we learn that Mr. Jno. Warner and Miss Lillian Gregg, both of this Tp., have been united in the Holy Bonds. Success to the happy couple. D. F.

Ash creek and vicinity. News is scarce this week. Our woolly men have some of them shipped their clip; hope they soon have full purses. Mr. Boughton has been building an addition to his residence, Mr. B. is bound to live at home and board at the same place. This neighborhood has the champion boy sheep shearer in the person of Melvin Osborne who "sat at the feet" of Mr. Walker as it were. The voice of the fruit tree agent is heard in the land. Mr. Gadberry is canvassing for the Blue Mound nurseries and taking orders from all the progressive farmers; let us have fruit as well as peace. Mr. Osborn has a field of broom corn that is looking well. And now Mr Editor as we are all through planting our other "crops" are not ready to begin preparing to plant obnoxious candidates. We don't think that the people of this congressional district are satisfied with the actions of the pawns conventions. If we could not get Mr. Holt there are certainly other gentlemen who are residents of the dist. and if there is no independent candidates your humble servants will be compelled to vote with the mongrels for congress if they nominate a good home man. Let each vote throw one shovel full of "kiverin" on the carpet bagger and we will plant him so deep that he will never hear the horn toot.
