

H. B. Dixon, of Towanda township, was in town on business this week.

Wm Woodward is now one of the typographical artists on the HERALD.

DIED:—On July 31st, 1884, of cholera infantum, Carrie, infant, daughter of L. and E. Malloff.

Miss May Webster has been employed as instructor in the normal department of Gould College, Harlan, Kansas.

After this the mails will be closed at 7.30 o'clock, p. m., prompt, take notice and govern yourselves accordingly.

O. S. Darrin and J. M. Parrish of Granite Bluffs, were in town on business Saturday and gave the HERALD a call.

John O'Neil and W. F. Solomon, of Marvin, were in town this morning and made the Herald a pleasant call, come again gentlemen.

MARRIED:—July 31st, 1884, at the residence of the brides parents, on West Cedar, by J. D. Matteson, Esq. Mr. W. J. Hopkins to Miss Arvilla A. Folsom.

Mr. Puffer who has lately come into Sumner township, has brought in about 1000 full blood merino sheep and will soon get a lot more, we regard Mr. P. as a valuable addition to our already able corps of sheep men.

Benjamin Porter lost a valuable cow Saturday, by lurching it too near the creek, it became tangled in the rope, fell in the creek and was drowned, or, at least died, too much care can not be taken to guard against such accidents.

W. W. Anderson made the Herald a pleasant call to-day, and what was best of all, made the Editor's heart palpitate with gladness by enough wealth to put his subscription two years ahead. Mr. Anderson has sold his school land claim, one mile east of town to Rev. J. L. Farley, of Bur Oak, Kansas.

Dr. Lawrence, formerly of Indianapolis, Indiana, will be here August 14, the Dr. is said to be skillful in the treatment of chronic diseases, and those afflicted will do well to see him at his rooms in the Central House. Lack of space makes it impossible for us to make a more extended notice.

N. Polling and wife, Mrs. McCowan and Mrs. Mary L. Polling made the HERALD office a call Friday, and took a good look at our agricultural collection. Mrs. McCowan is a daughter and Mrs. Polling is a daughter-in-law of our townsmen, N. Polling, both living in Virginia and are visiting their friends here.

Lew L. Gray, traveling salesman for the old reliable Great Western Type Foundry, Kansas City, Mo., was in the city this week taking orders and gave us a call. We have known Lew for a number of years and know him to be a first class printer of fifteen years experience which is essential in his present line of business. Several of the papers in the county patronized him quite liberally, among which was the HERALD. We wish him success in his new fields of labor.

A. H. Shapley of Logan whose announcement will be found in this paper, is entitled to recognition at the hands of the Republican County Convention, which he asks to nominate him as Probate Judge. The honors of which office would set as easily upon his shoulders as did the haversack and knapsack during the dark and bloody war. Mr. S. has been justice of the peace in Logan for several terms and is said to be well qualified.

D. A. Bickford, formerly foreman of the HERALD press rooms and boss of the cases, came home Friday from Holton where he has been attending school at the Normal Institute for the last year and where he will return after a few weeks vacation.

Den is one of our best young men and as he has still an eye single to editorial work, we look forward to the day in the not distant future when he will be at the head of one of the best newspapers of the state.

W. W. Hanson sold 100 stock sheep, average of his flock of \$90 to John Miller of Wolf creek, for \$2.50 per head. Mr. Hanson started with a few Mexican sheep and has succeeded in grading them up in quality and increasing in number until he has become one of our leading sheep men and inspector of the county, is receiving good returns for his time and money as well as giving us an example of what can be done by energy and application to business in that line.

The announcement of Geo. W. Stinson will be found in this week's HERALD as a candidate for the office of County Attorney.

Mr. Stinson is at present the oldest resident lawyer in the county, he being the only one now living in the county of those who were present at the first term of the district court held here in 1873. Since then he has twice been elected county attorney and two years ago received the Republican nomination for said office, but was defeated by a combination of the Democrats and Greenbackers, electing S. W. McElroy. He is a lawyer of unquestionable ability, is thoroughly acquainted with the people of the county, and will make a strong pull for the position.

The following patents were granted to citizens of Kansas, bearing date July 29th, reported expressly for this paper by Louis Bagzer & Co., mechanical experts sollicitors of patents, Washington, D. C.

Davis, Wm. Abileno, car-coupling. 302,847 Lyons, Wm., Tiblow, corn-planter. Mottram, Wm., K., and J. A. Mundy, Ottawa, post-hole auger. 302,764 Wiskert, J. M., North Topeka, Hay-slicer. 312,877.

Candidates plenty.

Plenty of good, fat beef at Evans' the butcher on the south side.

Peter Roland of Greenwood was in town Saturday on land business.

W. F. Woodward, one of our townsmen, has been very sick with congestion of the lungs for the past few days.

Many of the teachers have called up on us this week and are always welcome. The latch string is always out, come again.

Judge Spaulding is learning to use his wheeled chair, and it is believed that he will be able to get considerable comfort out of it, we hope so.

Geo. W. Young returned last Friday from the soldiers re union at Minneapolis, Minn., and says he is glad to get back to God's country.

Fred Winship has fitted his hayscales in good shape, widened his sidewalk in front of his store and is now ready for the fall trade which is bound to come.

Between politics and land buyers the farmers are in great danger of having the peace and quiet of their homes invaded at any hour, don't set the dogs on them.

The Chaplain is again on deck and religion and politics are being mixed in the usual systematic manner and we sincerely hope no one will try to interfere with the well laid plans.

Republican City has secured a Normal school to be known as the McPherson Normal College. The town having raised \$6000.00 to secure this enterprise and have done themselves great credit.

George Spaulding is giving more attention to business than politics. The office being rushed with work preparing for the fall term of court, to commence September 22, but we expect he will be heard from in due time.

After a delay of several weeks in which the contractors have been taking care of their crops, the M. E. Church has been at a stand-still, but this week work has again been resumed and it will be pushed to a speedy completion, which is as it should be.

Last Saturday seemed to be a very busy day in Phillipsburg, judging from the number of teams in town and our merchants report a good trade. The fine crops can but have a good influence on trade and improvements in both town and county.

We fear that the duties connected with institute will make it difficult for C. A. Lewis to give as much attention to his candidacy for county attorney, as we know he would like to do. We are sorry for you Chaney but don't know how we can help it.

J. C. Hatt, Jr. editor of the Alma Tribune, was married July 29th, to Miss Katie Brown of that place, and judging from the report of the papers in Harlan county it was the occasion of a very pleasant collection of friends of the young couple. Mr. H. is a young man of excellent abilities and his many friends wish all the prosperity in store for mortal man.

We have received a copy of the Irish World and American Industrial Liberator. It is the greatest of the Irish-American papers, has heretofore been a staunch Democratic paper, but comes out for Blaine and Logan and is delivering sledge hammer blows to Governor Cleveland and his British free trade policy.

It commenced raining about three o'clock Thursday morning (continuing until noon and putting the ground in splendid condition for maturing the corn which now bids fair to be as immense as the crop of small grain already secured. Nothing but a hail storm stands between us and a splendid crop of corn. Verily this part of the mortal heritage boomerang with an exceeding great boom nowadays.

We hope the citizens of Phillips Co. will provide their delegates with new hats the next time they let them loose on the community. At Clayton one of the delegates got away with Geo. Anderson's hat and at Oberlin we missed ours, and our suspicion fell on the Phillips delegation, and sure enough county clerk Lowe had it. We think it was enough for them to get away with our candidates let alone our hats.—Norton Champion.

INSTITUTE NOTES.

The Institute convened Monday under the conductorship of Prof. W. C. Cady of Humbolt, Allen county, Kansas, and Prof. J. N. Mosier of Kirwin as instructor. Both of these gentlemen come highly recommended and with Prof. C. A. Lewis make a trio of educators that will make a success of anything in their line.

The Institute opened with 52 teachers present, which will be increased to about 80, and bids fair to be a profitable one, and no teacher who can possibly chose this opportunity to more thoroughly fit themselves for their work and no better evidence can be given of the fitness of a person for connection with our educational system, than the fact that they do not avail themselves of the benefit of, and interest themselves in the County Institute, if it is possible for them to do so, and no slight or trumpeted excuse should be accepted as satisfactory by the people for such failure.

The teachers have their first social Friday night.

Prof. A. M. Bryant, of Logan, will lecture before the Institute Tuesday evening. Rev. G. W. Grabe, of Kirwin, will lecture on August 20th. These gentlemen are both good and will no doubt interest their audience and will have crowded houses. Other announcements will be made as they are agreed upon. Owing to the crowded condition of our columns this week we are unable to give as extended notes as we would wish, but shall endeavor to give the Institute a fair share of our attention in the future.

We owe our readers an apology for being a little late this week. We have three compositors at work in the office, but the unusual amount of work, both on the paper and in the job department which has caused us to work almost night and day.

Owing to the rush in the paper this week in order to strike the north and south mails, a great many mistakes have been the result.

D. A. Huling has engaged the service of Mr. Lawyer as clerk. He handles the yard stick in a very graceful manner.

Irwin McDowell has purchased the Will McLaurhin herd of ponies and is now yielding the larriet.

S. W. McElroy and N. B. McCormick have each invested some wealth in ponies.

A letter from Butler.

BOSTON, August 6.—The following letter is self-explanatory:

Boston, August 6, 1884.

To Hon. Chas. A. Dana, Editor New York Sun, New York City.

DEAR SIR: As a means of reaching more querists than I can do any other way, I write you this note for such use as you choose to make it. I do intend to stand by the nominations for the greenback and laboring men and antimonomopolists, and hope everybody will vote for me who thinks that it is the best thing to do. I will give the reasons for my actions as soon as I can have the benefit of Mr. Cleveland's letter of acceptance; that where I disagree with him, I may do him no injury.

Very truly your friend and servant.

BENJAMIN F. BUTLER.

Arrival and Departure of Mails, Mail east and west via C. B. Mo. Pacific R. R., arrives, 4 a. m., leaves 7:30 p. m., daily.

Alma and Phillipsburg—Arrives 12 m., Mondays, Wednesdays and Fridays; leaves 1 p. m.

Long Island and Phillipsburg—Arrives 12 m., and leaves 1 p. m., on Tuesdays, Thursdays and Saturdays.

PUBLICATION NOTICE NO. —  
(First publication August 7 1884.)

J. W. Hadley will take notice that the American Mortgage and Investment Company as plaintiffs did on the 29 day of July 1884 file in the office of the Clerk of the District Court of Kansas in and for Phillips county a petition against Geo. W. Burgess and others as defendants setting forth that defendants Geo W Burgess and Mary F Burgess made to plaintiff a mortgage dated August 15 1881 upon the following described real estate in Phillips county Kansas to wit: south half of southwest qr and southwest qr of southeast qr of section six (6) and northeast qr of northwest qr of section seven (7) all in township two (2) range seventeen (17) to secure the payment of \$34.00 and interest according to nine notes referred to in said mortgage; also that for the protection of the lien of said mortgage plaintiff has paid taxes on said premises to the amount of \$29.90 with interest and praying judgment on account of said notes and taxes for \$87.35 with 10 per cent interest from August 1 1884, and that said premises be sold to satisfy said judgment, said petition further sets forth that defendants A I Isbell and J W Hadley have or claim some interest in said premises adverse to plaintiff but that such interest is junior to the lien of said mortgage. Said defendant J W Hadley must appear and answer said petition on or before the 19th day of Sept. 1884 or said petition will be taken as true against them and each of them and judgment for said amount and interest will be entered as prayed and decree forever barring any right title and interest of said defendant and each of them in and to said premises after the sale thereof and ordering said premises sold to satisfy said judgment.

Advent Camp Meeting.

The adventist of northwest Kansas will hold their district camp meeting near Phillipsburg on the county farm. They have a large tent which will be put up on the 18th, and meeting will commence on the 17th of Aug and last over second Sunday. Every one invited to attend.

Terrible Accident.

Tuesday evening last about an hour before sunset one of the most distressing accidents which we have been called upon to chronicle in a long time happened to a little three year old daughter of Mr. T. S. Hout of Morlan township, near the east line of the county. The family were at supper, and the child went out doors, and soon a ten year old son went out and started the mowing machine and ran against the child, cutting one foot entirely off at the ankle and the other hanging by the skin and a small portion of flesh. Dr. Fuller of this place was called and reached the little sufferer about 2 o'clock at night, and is trying to save one foot, but with what success time alone can demonstrate.—Millbrook Times.

Big Creek.

Thinking items from this part of Big Creek would interest some, I will say that farmers are busy stacking their grain.

Mr. T. G. Larklin has a new threshing, Miss Hattie Heat was visiting friends on the creek last Friday.

Miss Kate Larken and Miss Ella Mitchell visited Miss Mary and Ella Johnson.

We have a good Sabbath school at Pleasant Valley, Rev. I. Johnson sup't. Part of Hillside school visited the Valley yesterday.

Those going to Sumner county to get peaches 'us time they were starting.

PENNING.

DAYTON.

The weather is fine. Stacking grain and making millet hay is the order of the day.

Work is going on lively on the S. S. Vincent place. Messrs Barg & Jackson its present owners have been battling with the sunflowers and came out victorious. Last night they were stacking grain by the silver light of the moon.

John Costello's farm is booming with fine crops, fine house, fine herd of cattle fine horses and the latest improved machinery.

Mr. Rhodes has the best corn in our neighborhood. He has about sixty acres which promises a large yield.

J. E. Dodge formerly of Dayton will come back to his old place this winter. He is now quite a cattle man. We are glad to have our old neighbor with us again.

C. H. Leffingwell's farm on Boughton creek makes a good showing of grain this season.

Our little folks are in high spirits, anticipating a grand time next Saturday.

S. M. Baker the well known knight of the trowel, who in times past has made himself famous in giving the finishing touch "secundum artum" to our mansions is giving his attention to stock raising and farming.

Generally he has good pastures for both cattle and hogs. His place has a prosperous look, and reminds one of way down east.

READER.

GOOD Morning Gentle Reader.

Did you know that FRED. E. WINSHIP had started in business?

Did you know he is anxious to work up a good trade?

Did you know that in order to do so he expects to down them on prices?

Did you know he has the noblest store and the best selected stock in the west.

Did you know that eleven years experience in a new country gives him decided advantages.

Did you know that your trade will be a great object to him, and that he expects to make his goods and prices an object to you.

It is good judgment in you to place your dollars where they will do you the most good and after a careful inspection of my stock and prices, if you do not think that I merit your patronage, I do not want it. All I have to say is this: give me a trial. I pay no rents. My expenses all told are a mere trifle. My goods are bought for cash and I flatter myself that I can sell cheaper than any merchant who does a credit business.

My stock is fresh, attractive and complete in everything belonging to general merchandise, and I shall always pay the highest market price for produce.

You will find me doing business in the old Fred Dutton store (which has been lately refitted) where I hope to receive a liberal share of your patronage, and if your neighbor asks you for the news, please tell him about this little article you have seen in the paper, and oblige

Your Friend, FRED. E. WINSHIP.
