CALLED DOWN

Uncle Sam Sends a Drastic Message to Huerta.

Demands the Punishment of Those Who Shot Dixon.

CALLS FOR PROMPT RELEASE

Of Bissell and McDonald, Who Are Held Prisoners.

Official Washington Is Aroused by Recent Events.

Washington, July 28.—Strong representations, the most drastic in phraseology that have been made since the present American administration came into power, were made to the Huerta government in Mexico today.

The United States government demanded not only the prompt arrest, courtmartial and punishment of the Mexican federal soldiers who shot Charles B. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City and said to be threatened with execution.

So serious were these incidents regarded in official circles that they overshadowed largely the policy which the visit of Ambassador Henry Lane Wilson had brought to a climax.

The ambassador himself was so exercised over the developments in Mexico that he dictated two strong telegrams, one to the embassy at Mexico City and the other to the American consul at Juarez and while Secretary Bryan slightly modified their tone they were approved and promptly dispatched.

Ambassador Wilson declines to discuss the affair but probably will express his views on such happenings when he meets President Wilson for a general explanation of affairs in Mexico.

The president had Ambassador Wilson's long report in hand today, studied it carefully and then called a conference with Mr. Bryan will be prepared to inquire of the ambassador what remedies he would suggest.

In the meantime the ambassador would give no intimation of his recommendation he has in mind beyond the general statement that his plan would conserve the friendly relations between Mexico and the United States and protect likewise the interests of Americans in the southern republic.

Edwards' Removal Is Asked.

Washington, July 28.—Secretary Bryan today, at a resumed patrol duty after having been at Galveston, Texas, to give officers and men shore leave. The battleship New Hampshire is en route from Vera Cruz to Galveston to give shore leave to the crew.

Senator Pomeroy called at the state department to give attention to the case of Bernard McDonald, under sentence of death at Chihuahua. Senator Pomeroy was told that the department had already taken aggressive steps for the relief of Mr. McDonald.

Representative Smith of Texas, asked Secretary Bryan to remove Consul Edwards at Juarez because of his refusal to allow a party of 50 Americans to go to the relief of the refugees at Madera.

A telegram received by Representative Smith today said that the Madera refugees were in momentary peril. There are 25 Americans there, 11 of whom are women and children.

Representative Smith's report said that \$2 million of the railroad line between Madera and El Paso have been burned or dynamited and that bandits have threatened to kill any persons attempting to repair the line.

He also urged Secretary Bryan to embargo all shipments of arms to Mexico or to allow both Mexican factions to secure American guns.

Representative Smith said the secretary gave him no information as to what the United States proposed to do in the situation.

No Crisis Yet Reached.

Washington, July 28.—President Wilson does not believe the public mind in the United States is excited over the situation in Mexico, nor is he convinced that a crisis has been reached in the revolution itself.

This information was obtained in official circles today with an authoritative denial that any proposal looking toward a co-operation between American military forces and the Mexican government in the restoration of peace had been suggested.

Those who approached the president today on the Mexican situation found him disinclined to discuss it, as later he was to confer with Ambassador Henry Lane Wilson. Secretary Bryan arranged to see the president before the conference. The secretary also continued his reliance on Mexican affairs.

It was learned from a confidential source that reports crediting Bryan with proposals contemplating military cooperation with Mexico or intervention were unfounded. The president has received from Ambassador Wilson a historical account of events in Mexico in the last three years.

The ambassador himself declared today he has no mention of any remedies on the situation to anyone and would not even put on paper the plans he had in mind. He had reserved these, he said, for his personal interview with the president.

Contradictory information has reached the Washington government regarding the stability of the Huerta administration.

ARSON TRUST HIT

Twelve Indictments Found Against Alleged Firebugs.

Several Business Men Are Included as Accessories.

Chicago, July 28.—Twelve indictments against alleged members of the "arson trust" were returned today by the grand jury before Judge A. J. Pettit in the criminal court.

Joseph Fish, head of the firm of Joseph Fish & Company, public fire insurance adjusters, was named in true bills which charged arson, burning to defraud, conspiracy to obstruct public justice and accessory after the fact.

Immediately following the return of the true bills in court, capias for the arrest of the persons indicted were issued. David Korshak, fugitive fire bug, who is reported to be in Canton, China, and Israel Shafner and Benjamin Fink were among the other defendants. Schafner also is being sought by the police, but Fink is in custody and will appear as a state witness in the prosecution of the arson cases.

Others indicted were business men whose names, it is alleged, were destroyed by incendiary fires. They are: Samuel Glaser, Frank M. Elkins, J. Lipson, Joseph Lewis, Jacob Wronski, Nathan Spira, Morris Miller and Samuel Stark.

The true bills were voted after the grand jury had the testimony of Mrs. Fannie Korshak, wife of the fugitive fire bug.

These indicted were business men whose names, it is alleged, were destroyed by incendiary fires. They are: Samuel Glaser, Frank M. Elkins, J. Lipson, Joseph Lewis, Jacob Wronski, Nathan Spira, Morris Miller and Samuel Stark.

WILL OFFER A SUBSTITUTE

To Take the Place of One Backed by Smoot.

Other Progressives Will Offer Various Amendments.

Washington, July 28.—Eleven progressive Republican senators tentatively agreed today to support Senator La Follette's substitute schedule on wool, cotton and several other sections of the tariff bill.

The conference marked the first effort on the part of the progressive Republican element to take a definite stand on the tariff revision.

Votes on amendments last week showed many of the progressive Republicans at variance with the remainder of the Republican side on certain items. It is understood that an attempt will be made to substitute the LaFollette wool schedule for that which has already been introduced by Senator Smoot and which the latter expects to present as the Republican measure.

In today's conference, presided over by Senator Clapp, were Senators Borah, Bristow, Crawford, Sterling, Cummins, Keeney, LaFollette, Gronna, Norris and Works.

Another conference will be held in a few days and each member will present amendments which he proposes to support in the senate.

Senator LaFollette outlined substitutes he will propose to the wool and cotton schedules next week when he will begin his attack on these schedules after a period of five days.

Senator LaFollette will urge amendments placing on the free list all articles in control of monopoly, one of them being aluminum. He expects to speak this week of the general policy of eliminating all trust-controlled commodities.

Senator Cummins has an amendment to tax all commodities sold through stock exchanges, similar to the cotton futures stamp tax included in the Democratic bill.

ABANDONED HER.

Abductor Got Scared and Abandoned Her.

Neodesha, Kan., July 28.—Mrs. Mary Armstrong Dean, the 15-year-old bride of Harvey Dean, who was stolen from her husband in Iowa last week, was found at Bufile, near here, at 1:30 o'clock this afternoon.

Mrs. Dean had been abandoned by her abductor, who feared arrest because of the publicity given the case.

Iola, Kan., July 28.—Believing further publicity would retard the progress of the search for Mary Armstrong Dean, the 15-year-old missing bride, and her abductor, today issued an appeal to the public asking every one to be on the lookout for the missing couple.

The cause is as mysterious to me as it is to the people," says the appeal. "Why would my wife run away from me unless under duress? We were just married after a happy courtship of six months. My wife reciprocated my love to the fullest degree. We had no quarrel or misunderstanding. She did not know nor had she ever seen the man with whom she went away. Where is his motive for her leaving?"

"As near as I can learn, the man who stole my wife is about 25 years old, 5 feet 6 inches tall, dark hair and dark eyes. He wore a soft shirt, brown crushed hat and brown suit when last seen."

Mr. Dean is trying to arrange for the transfer of the three games with Sioux City to Topeka, which begin Wednesday. The grandstand, fence, uniforms, gloves and practically all of the property of the Sioux City club was burned last night and the Sioux will be unable to play in the city.

TRAFFIC UNINTERRUPTED

One Injury by 1,400 Men.

The Santa Fe's new railway bridge over the Missouri river at Sibley near Kansas City, is practically completed, at a total cost of \$1,500,000. The main spans now are in use, and the completion of the viaduct on the east end is all that is left to do.

A remarkable feature in the construction of the Sibley bridge," said C. F. W. Felt, chief engineer, "is that while we had as high as 1,400 men employed at one time on the structure, only one workman lost his life, and he was not working on the bridge when the accident occurred, but fell off a cartload of poles on which he was riding. Another feature worthy of note is that traffic over the bridge was not interrupted for a single day during the year that the work has been in progress.

The new Sibley bridge
