

# King of Stomach Remedies Free to Try

It is the opinion of all who have used Dr. Caldwell's Syrup Pepsin that it has no equal in the cure of ailments pertaining to the stomach, liver and bowels. We only have room here to print a few letters recently received, but it is a fact that thousands have been relieved. In complaints like constipation, headache, biliousness and similar troubles, whether in infancy or old age, Dr. Caldwell's Syrup Pepsin is the one reliable remedy for you to take. Its action is so mild that it can be given to a baby—in fact, thousands of mothers buy it for their children—and yet it is sufficiently strong so that the most robust person will get action. People who use Syrup Pepsin never again take salts or cathartic pills which often, by their violence, do much to upset the stomach, for Syrup Pepsin is pleasant to take and does its work permanently. Many have been able to do away entirely with the use of medicines after but a brief experience with Dr. Caldwell's wonderful remedy. It is sold in fifty cent and one dollar bottles and any druggist can supply you. But if you prefer to make a trial of it first send your address to Dr. Caldwell and he will forward a free sample bottle to your home.

The following are some extracts from letters Dr. Caldwell has received:

"It is with great pleasure that I recommend Dr. Caldwell's Syrup Pepsin. For years my husband was a constant sufferer from dyspepsia and indigestion and bilious colic. I gave him everything I could think of but he grew rapidly worse. It happened to think of the bottle of Syrup Pepsin a friend had left with me, which I would not give him at the time. I gave it to him now and he improved from the first two doses. He is now a well man and we have never been without Syrup Pepsin in the house since."—Mrs. D. M. Davis, Joliet, Ill.

"I cannot say enough for Syrup Pepsin. It is a god-send to suffering people. My stomach was in a terrible shape. Am glad to say it is all O. K. now and am feeling fine. Both my self and husband are using Syrup Pepsin and will never be without it. I have had three of my neighbors get Syrup Pepsin and they think it is fine."—Mrs. Eva Gaskins, No. 34 Madison St., Topeka, Kan.

"I have had stomach trouble for over two years and always thought I had heart trouble, for I had pains in my left side. My heart and nerves were weak. I have had a good many doctors but none helped me. I got one of your little bottles and I tried one bottle of Syrup Pepsin and I feel like a new man. I can eat, sleep and work every day."—Rudy Kasper, No. 34 1/2 St., Joliet, Ill.

"I am pleased to write and let you know that Syrup Pepsin is the best remedy on earth for all stomach troubles. I had had stomach trouble for more than five or six years and I tried all kinds of medicines without their being any good, but now I use only your Syrup Pepsin and I feel like a new man. I eat anything I want and three square meals a day."—P. H. Gavallan, Wagoner, Okla.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. E. Caldwell, 541 Caldwell Building, Monticello, Ill.

# Cottolene

Deal with the Grocer who sells Cottolene

Cottolene is the original vegetable-oil cooking fat. It is in a class by itself, and imitations approach it only in claims—not in quality.

It has come to our notice that cheap and inferior imitations are being offered the public in some communities as "just as good" as Cottolene. There is no economy in buying such products—even at a few cents less per pail than Cottolene is sold for. And this is why:

These products are of inferior grade, and often made amid questionable surroundings. Cottolene, being richer, will go one-third farther than any of these products, lard or cooking butter, and a few cent's saving at the start is not a saving in the end, but false economy.

There's but one Cottolene, and we make it. Substitutes are make-believes, and dear at any price. It pays to deal with the grocer who sells Cottolene, because he is most likely to sell the best of everything.

## FIGHT IN HOUSE.

Mondell and Wickersham Come to Blows on Floor.

Madison Leads Attack on Coal Land Leasing Bill.

Washington, Feb. 24.—Another bloodless battle was fought on the floor of the house of representatives late yesterday afternoon. It came during a somewhat heated debate on a bill for the leasing of coal lands in Alaska. The bill was passed and as the short and ugly word rang out Delegate James Wickersham (Alaska) made a rush for Representative Frank W. Mondell (Wyo.), who was seated at a nearby desk.

The big Alaskan's right arm shot out twice in the direction of the gentleman from Wyoming, but members who surrounded the disputants at the time say that both blows fell short.

The house was in an uproar in an instant. Several members hurled themselves on Mr. Wickersham; others struggling with Mr. Mondell, who had gained his feet and was making for his assailant. Representative Foster (Vt.) had taken Mr. Wickersham by the throat. This added to the uncontrolled anger of the delegate and for a moment diverted his attack towards the would-be peacemaker. Representative Simon (Miss.) was first to reach Mr. Mondell, who was endeavoring to raise the chair in which he had been sitting to hurl it at his antagonist.

Members rushed toward the group from every part of the chamber and soon there were nearly a hundred men in the crowd about the struggling legislators. Meantime, Representative Olmsted (Pa.), who was acting as speaker, was belaboring his desk with the gavel and calling upon the sergeant-at-arms to preserve order. The historic mace of the house, the emblem of authority, was lifted from its marble pedestal and carried to the floor by the house officials.

Members, however, had taken the matter in hand and had succeeded in bringing both Mr. Wickersham and Mr. Mondell to a cessation of hostilities. When the house was fairly quiet, Mr. Wickersham clamored for recognition. "I want the record to show that I apologize to the house," (his voice rose to a shout), "I also want it to show that I was called a liar."

Representative Tawney called attention to the fact that the language used by the disputants was clearly unparliamentary and there should be an apology. "I apologize," Mr. Wickersham said, "I lost my temper."

He sat down and Mr. Mondell arose. "My remark was not directed toward the gentleman from Alaska," Mr. Mondell said, "and it was not uttered in debate, but to a gentleman who stood beside me. I realize, however, that I should not have used the word here, or anywhere, for that matter, and I propose to apologize."

During the applause which followed Mr. Mondell's statement, Mr. Tawney moved that the house adjourn.

On a standing vote, the motion apparently was carried, but the opponents of the Alaska leasing bill demanded a roll call. Under this call the motion to adjourn was lost, and the leasing bill was then defeated, 151 to 82.

The bill had been called up under a suspension of the rules and would have required a two-thirds vote for adoption. Representatives Madison (Kan.) and Oille James (Ky.), both members of the Ballinger-Pinchot investigating committee, led the attack against the bill. Mr. Wickersham had joined forces with them. Mr. Mondell occupied practically all of the time in favor of the measure.

The bill provides for the leasing of coal lands not to exceed 2,500 acres on a royalty basis of from 3 to 10 cents a ton. The debate had been surcharged with acrimony.

## BIG SLIDE AT CULEBRA.

Steam Shovel and Three Railroad Trains Buried.

Washington, Feb. 24.—As predicted by the engineers, slides of earth from the heights above the Culebra cut on the Panama canal are continuing. The slide which occurred at 10 o'clock on the night of February 3, just opposite the Y. M. C. A. club house at Culebra, carried 550,000 cubic yards of loose earth into the cut, catching a steam shovel and a coal train with its locomotive and two trains of earth dumping cars. All of these, however, have since been extricated and the tracks which were carried away have been restored so that no inconvenience is being experienced.

The canal record just received states that this slide, added to those which have occurred since last July, do not exceed the total of 6,104,000 cubic yards allowed for slides in the central division in the revised estimates made at that time nor will the added excavation increase the estimate of cost of excavation in the central division made in October, 1908. Cracks in the ground under the hotel at Culebra, opposite this last slide has made it necessary to tear down the annex to the hotel and rebuild on a safe spot.

## SPOTS HEADS AD CLUBS.

Leavenworth Is Chosen for the Meeting in 1912.

Oklahoma City, Feb. 24.—The southwestern division of the Associated Advertising Clubs of America, in session here, passed a resolution protesting against the provision in the postal bill which would increase the rates on advertising pages in magazines. According to a statement issued by the postmaster general, only two of Oklahoma's 43 magazines and periodicals would be subjected to an increase in postage.

S. N. Spotts of Kansas City was elected president of the organization; John Covey of Fort Worth, was made secretary, and H. C. Martin of Oklahoma City, treasurer. Leavenworth, Kansas, was chosen for the next convention to be held in February, 1912.

For Maine Wreck \$1,000,000.

Washington, Feb. 24.—The total cost of raising the wreck of the battleship Maine, now lying in Havana harbor, is "a game," according to Major Cavanaugh, the engineer-officer in charge of the work. The cost may be close to \$1,000,000. Major Cavanaugh told the appropriation committee of the house. Representative Walter I. Smith (La.) said the American people would not want the Maine raised at a cost of \$1,000,000. The present appropriation for the undertaking is \$200,000.
