OFFICIAL PAPER OF SEWARD COUNTY, LIBERAL CITY AND UNITED STATES LAND OFFICE.

Subscription Price.....\$1.50 Per Year

Former service men will no doubt be interested in te statement made by President Harding in a speech a few days ago. According to the dailies, the president said in effect, that while he was greatly interested in the fate of the injured ex-service men, he had little concern for those who returned without injury, for they had the reward of having had the experience and service, and asked them to stand back of him in what he would attempt to accomplish during his term of office.

There is an old saying the 'every knock is a boost'. Well, the school board of District No. 2, sure got a dandy "boost" last week. And Liberal also got the same kind of a "boost", from the same source. However, we question the value of such "boosts," believing that the direct kind are the best in the long run.

Secretary Mercer of the State Live Stock Association is out in an article lauding congress for the legislation passed to aid the farmers of the country. This is the first anyone knew that the farmer had been helped a great deal, other than to be relieved of his products at less than the cost of production. With steadily falling live stock and grain markets, poultry markets, butter and egg markets, hide markets, etc., it is going to be a hard matter to convince the average farmer that he has been helped a horrible lot.

Two nice dwellings to trade for farms. See us.—Moore & Franklin.

Mrs. O. J. Raub and Stanley M. Raub of Abilene, are visiting at the G. M. Raub home.

Mrs. Jack Johnson left Wednesday for Mulvane, where she will visit with her mother for a few days.

Another car load in and gone—I have another car load on the way. If you want one this month, better get your name on the list.

YOU KNOW THE DODGE

Burton D. Mann

Own

Your Home

Buy an Acre Tract for a Home

I have fourteen one-acre tracts left just seven and one-half blocks from the main part of town.

Both East and West fronts and all tracts facing good wide graded streets.

Have started drilling well and will equip with good wind mill which will insure sufficient water at a reasonable distance to any of these tracts.

These tracts are level and can be easily irrigated, and I am positive that after making an inspection, you will be well pleased with the idea of owning a home of this kind

No taxes until 1922, and the terms are one-twentieth Cash and one-twentieth monthly without interest.

JOHN W. BAUGHMAN
