What Will Your New Fall Suit Look Like

Three Months From Now?

That depends upon the kind of a Suit you buy NOW!

You cannot beat the clothing game—you cannot take any more out of a Suit of Clothes than you put into it.

If you buy Society Brand Clothes you can rest assured that they will have just as good shape and look as well as the day you first put them on, after they have given you long months of service.

—Because Society Brand Clothes are MADE. The details of material, padding, buttons, button holes, belt straps, pockets—every part of the suit is strictly first-class. A nice piece of goods with the lining, padding, pockets, etc., of inferior material may look just as good when new, but

—What will it look like when it goes up against hard usage?

—If you have never worn Society Brand, you owe it to your pocket book to try one.

—We have the new ones here for you—it's up to you!
