Greater Value at Lower Cost

The Essex has always been an outstanding value by every standard of price and quality comparison.

Especially interesting now is a price to price measurement of the Essex against cars you have regarded as comparable to it in quality.

Will you find today any car that even approaches Essex in quality and ability, within hundreds of dollars of its cost?

And doesn't its low cost with such quality appeal to judicious buyers, whether they are considering a car slightly less in cost, or have been seeking Essex quality in some much costlier car?

**BILL RUCKER'S WIFE IS
A REAL GARDENER**

A few days ago, "Bill" Rucker, Democratic candidate for county treasurer invited the Democrat man to go down and see his (?) garden. We went, and lo and behold we saw a real one all right. Tomatoes with every ounce of weight the vines would carry, cabbages larger than the ones shipped in, beans and things in great quantity. It was a great showing, but Bill gave it away during the visit that it was his wife's garden and then we understood why everything was so good. We hate to give it away on Bill after he brought us a couple of fine heads of cabbage, but we're figuring that when Mrs. Rucker reads this she may send down some of those fine tomatoes and as we have already eaten the cabbage he can't do anything about it anyway.
