Some "hitch their wagons to a star" upon the crimson field of war; and some win fame because they sound the depths of science so profound; and some write books that hit the spot, all brimming o'er Vital Thought; some in the ring spar twenty rounds, and lug away ten thousand pounds; The small baby of Mr. and Mrs. but most of those who'd have their name and picture in the Hall of Fame look out for easy paths to walk—some highwa-free of thorns and rock, that do not mount the steeper hills; so they endorse some brand of pills.

**SEED AND SEEDING INSTI TUTES.**

**Kansas State Agricultural College Names Saturday, March 6.**

All farmers' institutes in Kansas are asked to meet Saturday March 6, 2 p. m., for a discussion of the important subject of seed and seeding—seed-corn, oats alfalfa, Kaffir, cane, etc., selection of seed, pure seed, grading seed, acclimated seed, varieties adapted to peculiar conditions, where to get seed, ordering, etc. They will also discuss methods of getting the ideal seed bed, disking, plowing, listing, harrowing, time to plant, and methods Boys' and Girls' Contests will also be expected to report on that of planting. Committees on the day, entries, prizes, etc.

County presidents are asked to call special meetings at many points where no local institutes have been organized, appointing local presiding officers. There are now two hundred thirty-two institutes in Kansas, and it is hoped that all of these will hold meetings on that day. Officers who prefer to devote two sessions to those topics may well do so, holding meetings on March 6 and 13. This is an opportunity for the thoughtful farmers of Kansas to get concerted action on this matter of improved seed-corn.

The Modern Woodmen are preparing for a big time at their meeting next Monday evening. There will be a number of candidates to take the degrees, and after the work of the evening, a banquet will be served. All the Woodmen are urged to be present, and a fine time is assured.

We are in receipt of a letter from Charles Blockley, of Ellinwood, in which he says: "I have just received a letter from Mrs. W. F. Klein, at Zenda, Kas., stating that Henry J. Klein had just received a message from Captain Reed that Karl Klein, his son, was drowned in the Panama, and that the body had not yet been recovered." We have not yet received any of the particulars of the accident.

From the Herald.

F. C. Woodbury and Ray Baird went to Dodge City last night on business.

E. J. Lawrence of Hiawatha, spent a few days here last week, visiting his son, Dr. Edward K. Lawrence and family.

Mrs. G. S. Smith went to Great Bend Wednesday morning for a few days visit with Earl Smith and family.

Dr. Muir has let the contract to Edwin G. Smith for the erection of a six room cottage on the lots west of Henry Ratcliffe's house.

W. A. Loughridge was called to the home of his parents Friday night, on account of receiving word that his father had a stroke of paralysis. He returned Sunday night, and reported his father much better.

J. A. Berglund, an old settler residing north of Pawnee Rock, died at his home Tuesday afternoon as a result of a stroke of paralysis, received a few days ago. Funeral services were held this afternoon at 3 o'clock at the residence, conducted by Rev. F. G. Myrick, and the remains were laid to rest in the Pawnee Rock cemetery.

The barn of L. Nelson of north of town was destroyed by fire early Tuesday night. The barn was recently built and was a good one. Mr. Nelson lost two calves and three sets of harness that were in the barn. The wind blew the flames and burning pieces of the barn towards the house, but the building did not catch. No one knows how the fire started. Mr. Nelson had it partly covered with insurance.

One of the biggest cattle deals made in this vicinity in some time was made last week when Keith Russell sold 200 head to Mr. Wood at \$4.70 per hundred, amounting in all to \$9000.

A runaway team owned by the ace company, created quite a bit of excitement on the streets Saturday. They were left standing near the depot while the driver went into a car for some thought, and decided to enliven things up a bit so they started up Main street at a break-neck rate, but in attempting to turn west at the corner of the First National Bank, fell down and were caught. It was a miracle that no one was injured, as the streets were full of people and teams at the time.

E. A. Janne was in from South Liberty township Saturday and called here to renew his Democrat subscription for the coming year. Mr. Janne says wheat is looking better than it did a few weeks ago, and that the probabilities are that we will have a good crop even if it has all been killed according to some of the reports. Mr. Janne does not farm any for wheat himself, as he rents all of his wheat land, believing that he can make more of a profit by corn farming and raising fruit, and, by the way, he has one of the finest orchards in this part of the state. Last year off of about sixty trees, and a part of them young trees at that, Mr. Janne producing as high as six hundred bushels of fine fruit, and this year he expects to do even better. However, he thinks the peach crop this year will be very short, as it is his opinion that a great many of them are frozen. When Mr. Janne purchased this farm a few years ago, it was the opinion of many that in slang term, he was 'stung' as the greater portion of it lays almost on a level with the river, but he has thoroughly demonstrated that he understands handling that kind of land, and is probably making more clear profit per acre off of this low land than any other man in the county.

**PAIN**  
Pain in the head—pain anywhere, has its cause. Pain in migration, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—cures blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.  
If you have a headache, it's blood pressure.  
If it's painful periods with women, same cause.  
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.  
Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.  
We sell at 25 cents, and cheerfully recommended.

**CAUTION TO CUSTOMERS**

Just as long as men will Steal, Counterfeit and Imitate just that long does it seem necessary for us to caution our friends and customers to

**Beware of Men Who Falsely Claim**

their so-called medicines and other goods "just as good," or "about the same" as Rawleigh's. Irresponsible, unscrupulous, dishonest persons are every day making this or similar statements and trying to deceive our friends and customers here and there all over the country. These rascals are trying to reap a benefit from the reputation our goods have all over the United States. Some of them even go so far as to claim they are exactly the same goods, only made by a different chemist.

What do you think of a man who tries to deceive like that? We want all of our customers to know that the only way that a chemist or any one else could get the formulas for our Liniment, Cough Syrup, Anti-Pain Oil, or Salve, would be to steal them. And surely, no honest person will want anything to do with counterfeits and imitations made from stolen recipes.

Moreover, certainly no sensible person will trust or patronize a man who sells such goods or makes such claims when it is so easy to get the genuine from a reliable bonded Rawleigh Man who can be depended upon to deal honestly and call on customers regularly.

Every genuine Rawleigh product has the QUALITY MARK on it—the Trade-mark

Just Like This **Rawleigh's**

And we want you and every other friend to look sharp for this Trade-mark on every Rawleigh product, because we put it there for both your protection and ours.

And you'd better beware of these would-be, sanctimonious rascals who say they are so anxious to protect your health, but who at the same time are trying to deceive you. Imitation is the sincerest flattery, but be careful that they do not fool you.
